Dear Aunt Bernice,

It was great hearing from you. I'm enclosing a map of where the family picnic will be. We always have a big turnout, over 100 people each time. "Family" includes "Cums", "Bing" (closest), "Harman" etc., nearly 90. I hope you can make it down for it. We stay well.

Mary Ann & Bill so how will have room for you.

I'm glad you have taken on the task of tracing our roots. I too ran into a dead end when I tried to research through the LDS Genealogical Records in Mesa. Basically, what I have is the information from Carl Kiley's lineage booklet. We visited him once some years ago, at the library in Mesa. I even tried to trace marriage licenses back in the 1800s, Missouri changed to counties even changed boundaries as it became difficult to trace further. Since the indians heritage didn't surface in the Kiley lineage, I would surmise that it should...
be traced through through your grandmother's lineage - the Cowans - or it could be that Lucinda Jane Hale Kelcey who married James Johnson Kelcey was full blooded. Refer to my chart.

I am including 2 pages on our lineage that Carl Kelcey sent to me before he died. Since there were many mistakes in family names in just Dale's (your) family, I hope there are none earlier.

Other source that could be traced is the 1880 Census. The Federal Archives and Records Center nearest you is 2306 East Bannister Road Kansas City, Mo 64111

Telephone 816 - 926 - 7271 Louis 8 am to 4:30 pm. Mon - Fri. Leave Iowa, Kansas, Mo & Nebraska.

Also could contact the Cherokee Tribe in Muskogee, OK or in Tahlequah, OK. Tahlequah is a very small town while Muskogee has about 38,000 population. I don't know which town has the Tribal Head quarters.

Good luck in your search.

Jen's family will be here soon for a visit. They are leaving the girls here this week while
James Johnson Kelsey m. Lucendia Jane Hale Kelsey -- could be 100% Indian.

1/2 Indian: Harman Kelsey m. Nancy Louise Swanson (father William Swanson) -- her father or mother could be 100%

1/4 Indian: Hattie Kelsey m. Roy Albert Crum

From this chart, the Indian could be from James's wife, Lucendia, or from Nancy Swanson's mother or father.

I do not have a name for Nancy's mother but perhaps marriage records could be found.

She was born in Miller County so one could start there to find the mother's name.

MICROFILM 18 (126 reels) - CORRESPONDENCE OF OFFICE OF INDIAN AFFAIRS- REGISTER OF LETTERS RECEIVED 1824-1880
(see M234, below)

Letter register includes name of writer; (some were Indians); date written; place where written; summary of contents; jurisdiction or other heading under which the letter was filed and file number after July, 1936. Each volume is divided into alphabetical sections. This register of letters pertains to letters in M234; see notes following.

MICROFILM 234 (962 reels) - CORRESPONDENCE OF OFFICE OF INDIAN AFFAIRS- LETTERS RECEIVED 1824-1881

Incoming correspondence from all sources concerning Indian lands, emigration, treaty negotiations, subsistence, annuity payments, schools, traders and licensees, conflicts, depredations, population, agriculture, health, employees, buildings, supplies, accounts, other subjects relating to Indians and the bureau. The letters are arranged alphabetically by name of field jurisdiction; (superintendency or agency) or other subject heading, thereunder by year and thereunder by register order (alphabetically by initial letter of surname or other designation of writer and thereunder chronologically by date of receipt). The registers for these records have been filmed as M18 (see above).

Example: (Involving M18 and M234)

Given: Robert Cole - possible writer of letter
1824-1826 - possible period

Step(1) M18, reel 1, 1824-1826 consulted under alphabetical section "C". (Per page 4, "American Indians" list, M18)
Located register as follows:
Writer- Coles, Robt
Date- Dec 2, 1826
Where- Choctaws
Summary: "Request an appropriation towards the support of a school established by him of $4000 to be made from sale of lands under 7th article of the treaty of 1820".

Heading- Schools

Step(2) M234, reel 773 under heading of "Schools" (Per listing on page 12 of "American Indians", National Archives Microfilm Publications, for M234; "Schools, 1826-1828")

Information as shown above, including summary, plus name of addressee, Coll Thomas McKinney and actual letter given.

Note: Above notes are given concerning M18 and M234 for informational purposes. This could be a source of information in special cases. Considering the number of reels, many tribes, agencies, etc., research doesn't appear too difficult. Consultation of "Directory of Class I Groups" and "Gazetteer of Tribes of the United States" will assist.
GUIDE TO SOURCES OF INDIAN GENEALOGY

M234
Results of genealogical research in M234, LETTERS RECEIVED BY THE OFFICE OF INDIAN AFFAIRS, 1824-1880, 962 ROLLS, are quite unpredictable. Various listings of Indians can sometimes be found: vaccination lists, some censuses, land allotments, annuity payments, petitions in cases of depredations against Indians and others but they cannot be turned up with any degree of regularity. The best references and guides for genealogists in this publication are in the descriptive pamphlet for M234, beginning with the following pages of the pamphlet:

- Page 13- Tribal Index to the Files- gives agencies for the tribes; alphabetically arranged by tribe.
- Page 29- Agency Jurisdictional Index to Files- lists names of agencies, alphabetically, and years involved for each.
- Page 42- Contents of Rolls- gives name of agency and year(s).

EXAMPLE: To find a microfilm roll for Shawnee, 1842, in Kansas-(1) See page 24- In Kansas: Fort Leavenworth Agency, 1824-1851
(2) See page 32- Fort Leavenworth Agency, 1837-1851
(3) See page 51- Fort Leavenworth Agency, roll 301- 1837-1842

In selecting an agency and time period it is often helpful to consult M668, Ratified Indian Treaties, 1722-1867. Indian treaties often called for benefits and required listings to determine those eligible. These required listings or censuses make the time period following the census a prime time for development. See page 406.

This is a more direct method of researching M234 than by using M18, Register of Letters Received by the Office of Indian Affairs, 1824-1880.

MICROFILM 234 (962 reels) CORRESPONDENCE OF OFFICE OF INDIAN AFFAIRS—LETTERS RECEIVED 1824-1881

Following are some notes and impressions gathered while scanning casually some microfilm reels of M234 for the agencies listed below. The results of these inspections were, for the most part, unremarkable for genealogical purposes. Some exceptions are listed. Anyone seeking information regarding these letters should consult, if possible, "Historical Sketches for Jurisdictional Subject Headings Used for the Letters Received by the Office of Indian Affairs, 1824-1881, by Edward E Hill". This book is at the National Archives, Kansas City Branch but may be used only by special permission. Also see M18, Register of Letters, page 39, this booklet and example of M18 ICW M234 in 40.

The subject agencies were chosen for inspection because of their proximity to the present NAKCB area.
