Dedication

We, the 1970 senior class of Midway High School, take great pleasure in co-dedicating this 1970 edition of "The Eagle" to MRS. OSCAR PRY and MR. JERRY STAHL who have spent many long hours in order to better our education. Although each played an individual and important role in our lives, they will both be remembered in the portals of our minds. Through unlimited time and effort, both MRS. PRY and MR. STAHL have attempted to prepare each student for his position in life. We, the 1970 senior class wish to express our deepest appreciation to both of these fine people for all of the wonderful help they have given us.

Superintendent's Message

GET INVOLVED WITH LIFE

This annual reflects how all of us have been involved at Midway this past year - the students, faculty, and employees.

I say to you - get more involved in the improvement of our environment. We continue to know more and more about modern society but we seem to find the centers of initiative less and less accessible.

What is left for a man who feels powerless to influence the course of events - educational or otherwise. He loses his will or nerve to act; his convictions become inconsequential; he adopts the attitude that his thinking can never become a "great affirmative force;" so he retires from getting involved.

We have heard considerable talk about "our noncommittal youth," whose idea is that of "keeping their cool," to avoid becoming involved or concerned with anything or anyone.

I cannot accept this; those of you that made this yearbook got involved. The founders of Midway got involved.

So, students get involved and work for improvement. Life is a lot more fun that way.

Class Prophecy

RICK SCHOLZ is presently making his home in Mission, Kansas, to save time driving back and forth. He is hard at work getting in shape for the Olympics and spends his spare time in Paris buying the latest men's fashions.

NEIL COUFAL after graduating from Mr. Marcinko's advanced commerce class, acquired a job with the taxpeditors. He is now nationally known for his unique method of tax collecting.

BUTCH PTOMEY, commonly known as "Futchie" is now famous in the world of drag racing. He goes throughout the world with his crew of 20 girls and is enjoying himself thoroughly.

DIANNE HOLZHEY is still happily married and raising many healthy children, but the family is now living on a ranch in Colorado. She teaches her daughters the fundamentals of cartwheels so they can be as good as their mother.

DENNIS RAINWATER, believe it or not, has grown to the incredible height of 6'3". Also, he has become a multi-millionaire as lead guitarist for the most famous rock band in the nation.

RONNIE McNETT has made a million selling tremendous quantities of booze after inheriting the popularly known place, "Hanks."

LES FRANKLIN after many years of aviation training, is the latest astronaut on the moon. He is taking many women with him and his mission is to establish a new moon population.

LYNN WIDMAN, still known as "Bink" won the title of "Mother of the Year" for her accomplishments in raising a line of red-headed, freckle-faced blue eyed brats.

SYLVIA MYERS is assistant manager of the Leonardo Music company where she gives instrumental and keyboard lessons. However, she is still working on the manager who has not as of yet, popped the ever-important question.

ROGER MYERS is now president of curl-free and models his own hair, which shows the results of this product. He has become king of all playboys and also has a hobby of making home brew.

JEANIE CLARK commonly known as "Bird" is still faithfully supporting her anti-love policy. In her spare time she is a fashion designer and her latest creation is the dodo bird look.

ALICE SCHOOLER is now taking special courses under the direction of Professor Marcinko, her favorite teacher at Midway High.

JAMES STURM has become a professional squirrel hunter and recently appeared on the Ted Mack Original Amateur Hour with his overture of sneezes.

PAM YODER has finally obtained her life long dream - she has become a missionary in the deep dark center of the Congo jungle and has adopted six native children to call her own.

SHARON WINCHESTER has finally married Layton, but due to unfortunate circumstances which prevented its lasting, she has now happily become, Mrs. Colin Albers and is working for a family of ten.

BETTY BOTTIGER commonly known as French, still unmarried due to the fact that no one is deserving, is still sitting home on nights, and spends her days heading the corporation of Mac Truck.

NORMA JONES left the halls of Midway High to become Miss America. After her year of royalty, she accepted a role on Rowan and Martin's Laugh-In, and in her spare time she runs a school for all future Miss America's.

PAT GORMLEY, as we see her in the future, is living quite luxuriously as the personal secretary to the First Lady at Washington D. C. Pat is still unmarried but is keeping her eyes open for the man of her dreams.

COLIN ALBERS, once star basketball player of the M.H.S. varsity team, has now become the first white man to play on the Harlem Globetrotters' Basketball team. In his spare time he is working on his fifth million because the first four failed due to his continuous nose bleeds.

BEV ROBERTS is now the head of the Retired Cheerleaders Association but spends her time as the star of her own television exercise show called Building Up With Bev.

BILL McCAULEY is a teacher for a prominent New York high school where he has a job of athletic manager. By now Bill has finally realized the evil in all the trouble he caused during high school, so he serves as the school guidance counselor to show the light to misled students.

LEROY SCHONFELDER is still driving his 6 cylinder, 3 speed 1960 Plymouth station wagon with a dented fender around the county after spending many years of laboring at being a lumberjack in the dense northern woods of Oregon with his girl.

TERESA ANDERSON has made her mark in life as part time intellectual and part time musician. She is contributing her life to peace and goodwill, because she is now the national leader of Sing-Out.

IVAN SCHOLZ, the "Bean" of M.H.S., is now busy trying to perfect the contents of Van Camps Pork & Beans. It is a strenuous, frustrating job too difficult for his short-temperedness.

DENNIS WRIGHT certainly hasn't changed in two decades. In 1990 he is still try to run a quarter in 15 seconds. After this accomplishment - on to Indianapolis!

JOHN L. WEINGART who has risen in glory and power, due to his stupendous knowledge and judgment, now holds the seat of Chief Justice on the Supreme Court, and is trying to set his nation toward righteousness, but unfortunately, he is being impeached for the same reason as Justice Douglas.
