We, the Senior class of 1977, wish to dedicate this annual to our parents. They have shown us their many qualities throughout our high school years. They have been patient, when our activities ran after school, they have been understanding, when something was asked of them, and they have, not once, let us down in times of difficulty or despair, but have stood beside us with full support. To show our deepest love and appreciation, we wish to dedicate this annual to them.

Respectfully,
Seniors of 1977
AND MEMORIES

For Memory has painted this perfect day
With colors that never fade
And we find at the end of a perfect day
The soul of a friend we've made.

A Friend's Greeting

I'd like to be the sort of friend that you have been to me;
I'd like to be the help that you've been always glad to be;
I'd like to mean as much to you each minute of the day
As you have meant, old friend of mine, to me along the way.

I'd like to do the big things and the splendid things for you,
To brush the gray from out your skies and leave them only blue;
I'd like to say the kindly things that I so often have heard,
And feel that I could rouse your soul the way that mine you've stirred.

I'd like to give you back the joy that you have given me,
Yet that were wishing you a need I hope will never be;
I'd like to make you feel as rich as I, who travel on
Undaunted in the darkest hours with you to lean upon.

I'm wishing at this time that I could but repay
A portion of the gladness that you've strewn along my way;
And could I have one wish this year, this only would it be;
I'd like to be the sort of friend that you have been to me.

LEVI'S

Chances are your Levi's have been through about as much of your life as you have. They were there when you went to parties and games and the time you got caught waxing windows. And what about the time you almost flunked algebra or got up enough nerve to ask somebody out?

Think of how many fun times you spend running around in them, feeling good about everything. And you never have to worry about what happens to them that night (roten tomatoes, snowballs, mud, eggs, cherry Mr. Misty's, etc.) because you know it will wash out the next day in time to do it again. You probably already know that Levi's are the No. 1 jeans, but did you know that:

Levi Strauss jeans started out as a roll of tent canvas in 1850. According to legend, Strauss was greeted by a miner in California who told him that pants out there didn't hold up well. Strauss immediately went to a tailor and ordered more cloth from his brothers in New York.

He was sent a tough cotton fabric from France and started selling "Levi's pants" for a dollar a pair.

Levi's jeans have been seeing people through "thick and thin" for 127 years. That's 127 years of good times.

SENIOR EVENTS
As part of an exchange trip sponsored by Project Link, three Kansas schools made a trip to New Jersey. Midway, Weskan, and Palco were the three schools chosen.

On November 6, 1976, Beth Elder, Mark Jones, Mark Halling and Mr. Ninemire, along with six other students and two teachers from Palco and Weskan boarded a van for Rumson, New Jersey.

After arriving, each student and teacher stayed with a student from Rumson-Fair Haven High School. They attended the school for a week to study the similarities in the curriculums of the New Jersey School and our Kansas schools.

During the trip, the students and teachers from both Midway and Rumson learned a great deal about each other's lifestyles. They learned how students live in a Mid-Atlantic suburb of New York, and they in turn learned more about Kansas from us.

On April 25, 1977, Kim Stieve, Mark Nordstrom, and Denise Quigley, the business teacher, from Rumson arrived at Midway to spend a week studying and comparing our school and our way of life.

Everyone involved in this student exchange trip benefited a great deal. It was a great experience to all.

CLASS WILLS

I, CINDY BOOS, being nothing worth mentioning, wish to leave behind the following things: To Gayla Albers: the remainder of my lunch card so she can experience a few of the joys they bring, such as the after-effects. Also an extra cushion so she'll always have one to sit on and one to put on her lap, and lastly a full supply of apple cores to take care of those mouthy underclassmen. To Judy Miner: My ability (which is mostly stupidity and definitely not skill) to run long distances so she'll always make it to the many events at Midway, even though she may not have a ride. To Rosann: My clunky shoes so she and Billy can walk in unison. To Steve Davis: A 45 minute cassette tape which repeatedly says, "That's O.K. et al!" To my next of kin, Becky Winchester: My three inch platforms so she can look Rudy in the eye. Lastly, to Mr. Leatherman: A shirt pocket with a zipper to make sure nothing falls out, and an over-haul for his rapidly deteriorating mind.

I, TOM BOOS, hereby will to Margaret Cavanaugh my rapidly deteriorating body and blown mind (which she probably doesn't need anyway, but who cares). To Mark Strasburg, I leave 101 recordings of Hustle Sman. Also, the nickname P.W., which he deserves a lot more than I do.

I, BETH ELDER, being the completely insane person that I am, will to Susan Laverentz part of my insanity. I also will to Susan a little calendar for her mixed up love life so she won't wind up with two dates for the same night. To Pat Miller: I will my remarkable ability in Chemistry, which I was unable to locate, and he can also have my size eight track shoes, which I know he can wear since he repeatedly reminds me of it. To Twila Schoenfelder: I will a longer dress or shorter heels so she won't have to panic before prom next year. To Jerry Robison: I leave an early 16th birthday and a month of Saturdays to take my sister out. Last, but not least, I will to the remaining five members on the girls track team the energy that was left to me to make it through another track season without totally collapsing or having a nervous breakdown.

I, DENISE ELLIOT, being of short body and unstable mind do hereby will to Kelly Sue Richey, my shortness and a car so she can travel from Utah to Nevada every weekend. To Dee Anna; I will the name scummy, my K-State shirts, another idiot to sit by in Mrs. Elder's classes, and not to have the lights shown on her in Kirk's GTO anymore. To Kim Newton; I will my brown hair so people won't say I hate red heads, my last name so she won't be called fig and longer dances so she can stay at them longer than an hour. To my sweet little sister Cynthia I will her a room of her own, a boyfriend for every season and all the things that I learned in high school besides studies. To all of them I will all the happiness in the world.

I, MARK HALLING, being of blank mind and possessing a shapely, masculine, and athletic body, do hereby will the following: To Mark Strasburg, better known as Slobo; I will my unusual ability to always manage somehow to find a date whenever I need one, also the ability to letter in four sports at least one year in high school. Also to Ricky Myers; I will ability of all abilities which is to go entire senior year without once riding the bus to school.

I, PHILLIP HALLING, being of unplaceable mind and sound body, state my last will and testaments. To my biggest little sister, Mary Ann Halling: I leave my mind so maybe she can find a place for it. To Laura Halling: I leave five inches of height so she won't have to look up to me so often. To Mark Strasburg: I leave my liking for Vo'tech. To whoever wants my abilities in basketball and football: They can have them.

I, RUSSEL HOLCOMB, being of self-understanding mind and muscular body, do hereby will
to Jerry Robison a lifetime supply of skoal. Also, I will to Mike Pease: my brute strength. Last, but not least, I will to Becky Winchester: my height and broad shoulders.

I, MARK JONES, being of no mind and less body do hereby will to Steve Dodge my basketball ability (what there is of it) and someone to talk over football plays with on the bus. To Pat Miller: I leave my C.B. handle, you earned it!!! To Twila Schoenfelder: I leave my old black truck. It may not go fast, but it's dependable.

I, LARRY KUHNERT, being of large body and small mind do hereby will the following: To Mike "Anderhol Man" Anderson a new KY 102 bumper sticker for his pick-up. I also will to Rick Myers: A few chin whiskers which he needs badly and also an endless supply of foogs.

I, CEDRIC KENTZLER, being of superb mind and strong body do hereby will the following: To Steve Dodge: my refined ability to work as little as possible and still pass all my classes. To Kirk Zelt: my ability to be terrible in all sports.

I, KEVIN PETERS, hereby will to Jerry "Harold" Helmsetter the ability not to get caught ripping off A&W mugs at cross-country meets, more locker room parties, and good passes so he won't have to spend his time after school in a room by himself. To Raedell Johnson; the name Charlie which I know he has wanted for a long time. To my little brother Rodney: I will the ability to be able to go more places than I did. To Dan Halling; an algebra II teacher he can get along with and anyone of his choice, to take place, in the pair.

I, GERALD ELLSWORTH PIERCE, leave Scotty one fifth of Southern Comfort, which we will quickly consume graduation night. I also leave him the ability to play football as well as Conrad Dobbler and also all of Conrad's techniques. To Rex Scholz: I leave a razor to replace the one he lost, but he must share it with Wind-Bag. I also leave him Burdette's liquor store and a new stomach lining. To Steve Davis: I leave one economy size roll of toilet paper to wipe his face after helping Richard. I also want to leave Davis my ability to Bah Hah in rough country. To my buddies Mr. Ninemire and Mr. King: I leave a dark-complexioned person to do all their work.

I, DAVID A. RUSH, do hereby will Mark "Bub" Boos my great mind and fantastic body, also my great Saturday night and all day Sunday sport of catching that one and only FOX. Also to Susan Laverenz the ability to get along with certain Wathena boys and to get out of all the trouble I happen to get into.

I, JIM THARP, will to Steve Davis a high school diploma because it looks as though this is the only way he can get one. To Kelly Hutchinson: my great study habits because he needs all the help he can get. Also to Footz, Winba, Chester, or whatever you want to call him; a box of cigars to hand out when the time comes.

I, GERRE SUE WALSH, being an ordinary member of the senior class, but a little more insane than most, do hereby will to my dearest cousin, Steve Davis, my ability to get through my senior year without having to study, my ability to get A's in Mr. Ninemire's classes without going out for track and lastly I leave what has been passed down to me from generation to generation, the ability to leave home and get home when I want. Since I know you have already used this, I'm just leaving it to you so you can pass it on. To Kim Newton: I leave my basketball ability, what little I have, so that she won't feel uncoordinated when basketball season comes around. To Craig Rickels: I leave six inches of my height so that I will be able to wear heels for once and so that he may be the first basketball player in Midway's history to dunk a clutch shot. To Sherri Kuhnert: I leave my position as M-Club president and all that goes with it such as; underclassmen who always complain and drive the young to the edge of their own mental breakdown and the possession of pins and plagues and anything else that beats Ken.

I, MARCY STIGELMAN, being of no body and no mind do hereby will the following: To Mike "Anderhol Man" Anderson a new KY 102 bumper sticker for his pick-up. Rick: I will a label for every item in his merchandise. To my English teacher she will continue to love me and to Domani at the Environmental Science she will continue to say "Be nice on the 3's and 4's"

I, SCOTT WAGNER, hereby will the following: To Mike "Anderhol Man" Anderson a new KY 102 bumper sticker for his pick-up. To Rick Myers: A few chin whiskers which he needs badly and also an endless supply of foogs.

complain, the loss of all sanity and the ability to yell at pep-club members who are pains in the you know where and I also leave what’s left of Shari Denton’s sanity and what’s left of my own so that she may have a more pleasurable year as president, if she decides to accept the position. To Gregory Dorrel: I leave my collection of K-State shirts, glasses pennants, pins and stickers so that he may have something to either wear or carry every time K-State beats K.U.

I, MARC WINCHESTER, being of absolutely no mind and a body lacking even an ounce of blubber will to Lips Dorrel vocal music abilities which captured a 1 rating for me at state music contest, a Cougar XR7, a black and gold Gibson Les Paul Guitar, and my ability to get along with Mrs. Elder during class . . . To my bosom buddy, chum, a life long pal, Rick: I will 4,000 Notre Dame T-Shirts to match his already growing number, a budweiser label for his dart board, and a $10,000 Sunday Gift Certificate for a certain Atchison merchant. To Phil (Belgian) Burke: I leave my LP of Funny Bathroom noises, 70 years of continual silliness, seven of Monty Python’s greatest albums and films and one Belgian Domanian Mother Superior from Siberia. Also the stale pot of coffee from our long nights of Environmental controls. Last and least, I leave Richard my ability to find something to do on the long days at Midway!!

I, SCOTT WRIGHT, of the senior class of 1977 would hereafter will the following articles to the following persons: To the trio of graduating juniors: I would like to leave them an extra year of high school to learn the basics of getting along in the world. To Steve Davis, Rickey Myers, Scott Winchester, Rex Scholz: a senior year just like mine. To Kelly Hutchinson: two more fine years at the institution and a large supply of undesirable things to share with Rick and Footz. To the Anderthol man: my grabber green fenders which he loves so much.

I, SHERYL ZEIT, lacking anything important, do hereby state my last will and testament. To the sweet but not so innocent Susan Eileen Baker: I will my prestigious (Ha Ha) position as annual editor, my ability to stay calm during all Chemistry explosions, my inability to take criticism, especially from Basketball coaches, and my unwanted ability of always losing arguments. To JoAnn Huff: I will my unquestionable ability to stay employed all summer long under the supervision of Richard Miller. To Mr. James Alfred Leatherman: I will more Typing Aides that can and will work as hard as my better half and I did, so there will be more time for bridge, spades, elimination, or whatever seems fit. I also will him a basketball captain that won’t confuse the team as much as I did. To the one and only Footz: I will another name in his little black book, that is if there’s room. And another recording of Sparky and his darkroom conversation, but this time his responses will be heard. And lastly but certainly not the least, I will to Sle Bo and 8” x 10” portrait of myself so that when he gets in one of his little moods he can take it out on the picture, beings I will not be here.

WE THE WELL-REMEMBERED CLASS OF 1977 DO HEREBY WILL THE FOLLOWING:

TO MR. ALLEN: A hot line to all the parents, and a new satisfactory payroll for the faculty.

TO MISS COLLINGS: More field trips, wings to fly to Iowa whenever she wants, an art room that’s connected to the rest of the civilization of Midway and a timer for her kiln.

TO MRS. ELDER: Another night at Mankato, a solid year of chorus so she won’t lose any of her pupils, a new set of lips since her old ones are all red and puffy from so much baritone playing, and a new piano player since the old one has left.

TO MR. KING: A wardrobe of normal street clothes, more competent aids like he had this year, and a nice state-rated football team.
TO MR. LEATHERMAN: A dozen devoted track stars that always say "yes" and never ask "why", an aid for all his classes so he can devote his time to playing basketball before he grows too old, and another case of fall fever to make it an even number.

TO MR. NINEMIRE: Speaking lessons so he can learn how to properly say nickel, a permanent wax for his eyebrows so he doesn’t have to keep twisting them, a few new and exciting classes, and a full year of non-essay tests.

TO MR. PLANKINTON: A life-long groupie to listen to all his exciting experiences, a built-in tape recorder that connects to an intercom so everyone can hear it all at once, more outside classes, fewer Horton tests, and alcohol that will mix with water without measuring as more liquid.

TO MRS. PRY: A complete kit entitled "The Step by Step Guide in Making an Annual," also we will her a two hour classtime, since there's always so much to do, and last but not least, we will her a life-sized dummy of G.E. so that she will always be able to teach classes in her regular atmosphere.

TO MISS ROBERTS: A new wheel chair with cushion seats, no spokes to wire together, and a seat belt to protect her against her occasional rides. Also a few more bookshelves, a sound-proof room, and the perfect nursing school to suit the future nursing students of M.H.S.

TO MRS. ROBERTS: A no. 1 on the end of her name so she’ll always know which Roberts we’re talking about, a book on how to lose weight without dieting, and a dozen of her own frozen pies.

TO MRS. THULL: Another closet since we’re sure her old one’s full, another big dedicated physics class, and another tour of Aggleville since the other one was cut short.

TO SARAH: Her own private office, a typewriter of her very own, and a life-time contract to work at good-ole M.H.S.

TO DORIS: Bigger milk routes, and an economy copy machine of her own.

TO JOHN: Two more seniors like he had this year that help him so faithfully in the shop, another old black truck to fill up his space, and fewer trips to Kansas City.

TO ALICE AND ROSEMARY: A bulletin board just outside the lunchroom (to post the lunches) fewer track meets so we’ll know what we’re having for lunch, another organized soup supper like we had this year, and a new cookbook with new and exciting meals.

And last but not least, to MR. MILLER: One bottle of chrome polish, a cleaner student body so he doesn’t have such a full day, a longer lunch break and fewer blown fuses.
