We would like to extend our heartfelt gratitude to those who have shown us patience and understanding throughout the preparation of this publication. In appreciation of your hard work and dedication, we hope this edition will serve as a memorable reflection of the student body's experience at Midway High School.
Dedication

We, the seniors of 1972, take great pride in dedicating this 1972 edition of THE EAGLE to Mr. James Marcinko who entered M.H.S. with us and has spent his four years here helping and teaching his students to become better citizens. He has shown great patience and given much of his time toward the betterment of the school and students. In appreciation for all Mr. Marcinko has done these four exciting years, we the class of '72 would like to dedicate this annual to him. Mr. Marcinko and his dedication to the students will always be included in the memories of our high school days.

Superintendent’s Message

The School’s Mission

When knowledge changed slowly, it was possible to hand a body of information from one generation to another virtually intact. Now, because knowledge changes so rapidly, it is essential that students acquire the tools of learning which they will use throughout their lives. They must be introduced to all learning disciplines - which is a reversal from just stressing content first and method last.

He must be prepared for life after college or other formal training; be competent in verbal communication; know how to acquire knowledge and how to use it; comprehend his relationship to our physical and social environment; and, to understand his values and the values of others.

Education tends to be a rather solitary experience, stressing individual accomplishment in a competitive situation, but cooperative endeavors is very important. The students must be able to work in groups studying, analyzing, and formulating solutions to problems and in acting upon them.

During my five years as Superintendent of the Midway Schools, I hope I have provided the leadership that was necessary for you, the students - past and present - to develop the proper learning disciplines.

Only time will tell - if our mission has been a successful one.

To Doris we will more office practice students to help in the office.
Midway was again privileged to host a foreign exchange student. Hartmut Schnelle, from Germany enrolled in the senior class for the year 1971-1972. Hart has enjoyed his stay with the Frank Rush family. It was interesting for all the people in the community to know and listen to Hart's ideas and experiences. While attending Midway, Hart was an active member of Boys' "M" Club and chorus, where he proved to be a great pianist. He was also a member of our football and basketball teams.

We hope Hart had as much fun here in the U.S.A. as Midway had in hosting him for this school year. We would also like to wish him all the luck in the future.
Class Prophecy

CAROL JEAN WHEELER, now known as Mrs. Roger Hopkins, is busy teaching her children the finer arts of baton twirling. Carol has recently won world fame for her book entitled, "Everything You Wanted to Know About Protecting Your Home From Flying Batons But Were Afraid to Ask," which she wrote after taking out a five-hundred thousand dollar insurance policy to protect their home against damages due to the children's homework.

FRED BAXTER, has become the first red haired Harlem Globetrotter. Since the retirement of Meadowlark Lemon, Fred has taken over being the most dazzling ball-handler in basketball today. Fred says he learned everything he knows from playing basketball on the courts of M.H.S. during noon hour.

INA LOU RUHNE, now known as Mrs. James Tucker, has been married for ten years and has quite a little family, if you call a family of ten children little. Even though Ina does have ten children, she still manages time for a career. Ina is now employed year round checker for Pioneer. Even though work is a little slow in the winter, Ina makes up for it in the summer. Ina is also working on a book entitled, "One Hundred and One Ways to Pull a Corn Tassel."

WILLIAM CLINTON, "Sue Hands" JONES, has now grabbed the title of the world's greatest auto racer. When asked why he drives so hard, he replied, "I can't wait for the kisses at the winner's circle." Along with his racing abilities, he is the President of the Sex to Sixty Company. Keep at it, Sue Hands.

JEANNENE MARIE MYERS, now has her very own "Dear Juana" column which specializes in once a month dates and the after-effects on Sunday mornings. Jeannene has become the Supreme Lifeguard in the world, but still supervises her little ones at Wathena and Troy.

RICHARD THARP, known as Tick, has become a five star general and head of the West Point Military Academy. When asked why he picked the military, he said, "I couldn't decide between the military or a barber, so I flipped a coin and it was heads." Tick feels everyone should serve in the military service.

TERESA GAY "Tabitha" GORMLEY, has just become the co-owner of the "Highland Hang-Out." Due to all the darkness in the building, she has obtained big black framed glasses.
MICHAEL FRANCIS HALLING is still using his head to his advantage as in his high school basketball days. Sometimes he acquires great headaches.
