The 83-84 freshman year has really been something. It is quite a big change from the grade school.

The freshman raised money this year by raffling off 3 cakes, selling license plates and a Chili and Soup Supper.

The one thing we missed though was initiation. When we listen to the other class talk of it, we feel we have really missed something.

I know I speak for myself as well as my fellow classmates when I say that this first year in HHS has really been something special, and we are looking forward to the next year.

The Sophomore Class of 1983 and 1984 has been very successful this year. We sold pins, bumper stickers, and balloons to the Highland fans. We had a raffle for a \$50 bill which Dale Lambert won. We had a "where's the beef?" chili and soup supper that turned out great. We also had a car wash; it was more of a person wash. The Sophomore Class was ecstatic over the crowning of the Christmas Royalty. Kim O'Bryan was elected as queen, and Lane Saunders became king. We had several new students come and several go. Terri White, the daughter of the principal, was one of the three to come, and the other two were David Higgins and Tim Hanlon. The Sophomore Class would like to wish Junior Ogden the best in getting well. We were all happy to see him coming to school. Story by Allison Blanton (1) Sophomores are ready for warm up.

The 1983-84 juniors had a very busy and nerve-racking year. Classes, we found, were not only harder; but all the rumors about constitution were definitely true. We all kept very busy with the concession stand and were proud to watch several juniors on the football team compete for a state football title. We wore out the sayings "what it is" and "where's the beef." We all had our doubts about Mr. White, but all-in-all he fits in nicely here at H.H.S. Our money making projects varied from chili-soup suppers and bake sales to carwashes. Prom was our goal, and everyone helped raise money to decorate to the theme of "Somewhere in the Night." Music was provided by "Swift Kik." It was a night and a year we'll all remember.

YEARBOOK DEDICATION

MRS. LOU BAUER **25 YEARS**

Mrs. Lou Bauer has taught Home Economics and been a Kayette sponsor for 25 years. She has taught many, many girls the basics in cooking and sewing. Mrs. Bauer is a tough taskmaster and expects her students to come to classes willing to learn. But she makes the classes so interesting that the girls do not realize all the hard work she puts into each class. One of the classes Mrs. Bauer teaches is interior decorating, which all the girls enjoy because they plan their dream house and they are able to tour many of the houses around town. Another informative class she offers is sex education, which many of us wonder if she braces herself for the onslaught of frank questions that some students ask her, because, being a lady, she answers the questions matter-of-factly without batting an eye.

She has also become a model Kayette sponsor. She goes to every Kayette Football Game, and every Walk-a-Thon (even though it is always raining). She never discourages a hare-brained idea, just goes along with the group and lets the girls discover for themselves by trial and error, their mistakes.

Mrs. Bauer, the school will never be the same with you gone. Many people will not realize what a factor you've been in this school until the next year finds you missing. You have truly been a gem. You will always be remembered in the hearts of your loyal supporters, your students of past and present.

SUPERINTENDENT MR. WHITE

The year 1983-84, is one I will look back upon for many years with fond memories. Every student has been so special in their own way. That is what makes education so exciting. You as students have heard the challenge and met the challenge time and time again throughout the year. Congratulations on a job well done. Some of you have completed your formal education, others of you will continue your study, but it is important that you never lose your thirst for knowledge, wherever your path of life leads. Knowledge has set you free, and your thirst for knowledge will keep you free.

(1) Mr. White smiles for the photographer surrounded by paraphernalia necessary to a superintendent. (2) Mr. White grins with glee thinking about the 8th hour he is giving to a tardy student. (3) Should we tell Arlyn and Leslie about this rendezvous?? (4) I have a confession to make . . .

Our secretaries, Mrs. Ginger Scott and Mrs. Joann Karn, have served our school for many years. Mrs. Karn handles all the finances and gets to try her expertise at complicated computers.

Mrs. Scott has to put up with the student's zany excuses as to why they were absent and tardy. She also has to keep the students well supplied with lunch tickets.

SCHOOL BOARD

(1) school board members left to right- Mr. Dick Tracy, Mr. John Gladhart, Mr. Bob Miller, Mr. Tom Todd, Mr. Gene Jeffers, Mr. Jerry Blevins, Mrs. Sally Yates. (2) secretary Mrs. Ginger Scott. (3) secretary Mrs. Joann Karn.

SECRETARIES

The school board meets every second Monday of each month. They sometimes have emergency meetings also. They discuss the happenings of the school, the finances, and listen to the parents, teachers and students who give suggestions and complaints. Often, they close the meetings at midnight or 1 o'clock a.m.

BUS DRIVERS, CUSTODIANS, AND COOKS

There are many people who work at the school who never receive the recognition they deserve. Heading the list are the custodians. Gary Koelliker and Bill Twombly spend many extra hours keeping the school in top shape. Required to attend home basketball games and dances, they clean up after these activities often getting done at 11 o'clock.

The bus drivers must have nerves of steel and a megaphone to scream at the little terrors. They have to keep an eye on the kids and drive at the same time. They deserve a medal!

Last but not the least, the cooks play an important role of keeping the students well fed. They provide amusing quotes of the week, and receive more criticism than praise for their efforts. Many students wonder why they fix non-favorite foods such as ham and beans, but we know why! (1) Bus drivers Mr. Conrad Clary, Mrs. Sharon Collins, Mr. Ted Williams. (2) Sally grins while Thelma serves stew for a famished student. (3) Custodians Mr. Bill Twombly, Mr. Gary Koelliker (4) Bus drivers Mrs. Linda Maris, Mrs. Dale Lambert, Mr. Bob Simmons. (5) Cooks Mrs. Sally Rush, Mrs. Sharon Collins, Mrs. Dale Lambert, Mrs. Sue Cluck, Mrs. Thelma Rodecap, Mrs. Frances Collins.

MATH — SCIENCE

The Math-Science departments are headed by Mr. Jan Collins and Mr. Ted Hutchcraft. These departments offer such classes as Algebra I, Geometry, Algebra 2, Adv. Math, Computers, Physics, Chemistry, General Sciences, and Biology. Mandatory classes include one year of math and biology. Many students, though, actively participate in most of these offered courses except chemistry. Ten students out of 28 in the Junior Class took chemistry in 1983-1984. It would seem that many juniors don't want their grade point averages mutilated. For those students wanting to further their skills in algebra or advanced math, advanced math and physics are offered. Advanced math consists of the study of trigonometry with an introduction to calculus. With the purchase of 3 new Apple computers, Mr. Hutchcraft has the opportunity to offer a more diversified study in his computers class. Computers is also a relatively new class. All Math-Science classes are preparatory to 2 and 4 year college classes which is where most teachers hope their students will continue their student careers. (1) Mr. Hutchcraft explains advanced math equations to seniors. (2) Mike Swartz stares in awe at the wonder of computer technology. (3) Mr. Collins explains the electron dot diagram in chemistry. (4) Juniors work on electron dot diagrams. (5) Doug Cluck studies scientific concepts in physics. (6) Phil Smith takes time out to check his heart in chemistry.

VOCATIONAL AGRICULTURE INDUSTRIAL ARTS

The Vocational Agriculture class and Woods classes are taught by Mr. McGee and Mr. Terry. Students in both classes are required to have a project to work on which is graded by their respective teachers. Students in VoAg are also required to update their record books and apply for chapter and district proficiency awards. Students in the woods classes make things that range from patio chairs to storage cabinets. This year's VoAg class also painted new doors that were built in the shop for the bus barn.

(1) Mike Swartz and Dennis Lentz watch Mr. McGee. (2) Kevin Weis is revving up for the lawn mowing race, while Matt Lara is dreaming of entering the Indy 500 for 3 wheelers. (3) Jerry Diveley discusses a problem with Mr. McGee. (4) Rick Blevins expresses his contempt on recording his financial accounts. (5) Mr. Terry works on a project of his own. (6) Doug Cluck paints while Kevin Weis observes closely. (7) A face of the future.

1

Social Sciences are taught by Mr. Jerry Bruns. Classes which are available are World History, Western Civilization, Constitution-Psychology and American History which is a senior class and required for graduation.

Mr. Bruns has a variety of interesting ways to teach a class, but the one method which is most famous is Mr. Brun's simulations. Many would agree that if it had not been for "that darn simulation" they would have gotten a better grade out of the class. Mr. Bruns would disagree; however, saying that there are numerous ways to win his simulations; but how does one control the flip of a coin?

ART AND SOCIAL SCIENCE

3

2

6

5

4

Art is a new subject this year which is taught by Miss Dianne Lurtz. Miss Lurtz's class consists of freshmen, sophomore, junior, and seniors. She has two classes, one in the morning and the other in the afternoon. The basics are drawing shoes, fruit, still-life, and landscapes. Also a type of weaving is taught. She spends a lot of her time preparing activities for the grade school art. Having an art teacher around has already become a help to the school functions. (1) Mr. Bruns and Rob Miller watch the coin to see what Rob's grade will be. (2) Yvette Gibson arranges items prior to painting them while Miss Lurtz watches. (3) Seniors contemplate their next move while on the trail to Oregon. (4) Mr. Bruns plans his simulation but ... (5) becomes irratant when asked the same question over and over again. (6) Miss Lurtz plans her curriculum for her next art class. (7) Ronnie Tilton and Melinda Koelliker ponder if they will ever become Michelangelo.

7

ENGLISH AND LIBRARY

The English department is headed by Mrs. Donna Parish and Mrs. Pam Johnston. Mrs. Johnston's programs are outlined by learning basic skills which will benefit the student later in his/her career. Grammar is also taught in Mrs. Johnston's classes. This year, Mrs. Johnston started a preliminary speech program for the freshmen, which will hopefully inspire them to take Oral English. Writing skills and vocabulary are also stressed heavily in Mrs. Johnston's classes.

Mrs. Parish also teaches freshmen, sophomore, and junior English. Mrs. Parish also started a preliminary speech program for the freshmen class which will give them knowledge on public speaking. Her programs include studying American literature and creative writing for the sophomore class. Mrs. Parish's program for the juniors consists of writing 500 word essays and studying literature from other countries. To the disgruntlement of most students, Mrs. Parish also requires a term paper for her juniors.

Mrs. Rockey and Mrs. Niebling run an attractive library with books, magazines, and reference materials in proper order. Mrs. Rockey and Mrs. Niebling are both trying to enter the computer age and keep the computers available. (1) Mrs. Parish prepares for class. (2) Mrs. Johnston explains a problem. (3) No cheating! (4) Mrs. Johnston asks if the word is a noun or verb. (5) Mrs. Niebling checks out a book for herself. (6) Mrs. Rockey looks through the card catalog.

HOME ECONOMICS

Mrs. Lou Bauer has been the Home Economics instructor for 25 years. She is now teaching the children of her former students. Almost all the girls in the school sign up to become another Julia Child or to model their McCall's and Simplicity creations at the annual Mother-Daughter Tea.

Freshmen learn the basics in sewing techniques and must complete four projects. They also must accomplish the fine arts of candies, snacks, and breakfast foods.

Sophomores continue learning the basics from the freshman year. They also sew and bake pies, cakes and cook meat.

Juniors plan their weddings and explore family living and sex. They also sew, bake breads and can garden produce.

Seniors design their dream houses; learn how children develop mentally and physically; sew, knit or crochet; and delve into different cultures by fixing foreign foods.

The boys are also offered a class titled Single Living. This course began in 1975. They do a little of everything; sew, cook, study nutrition, sex education, and family living.

Mrs. Bauer stated that she began teaching sex education about 8 to 10 years ago. She thought girls should be informed so she added this to her curriculum. She also teaches this to her single living class; if she thinks they can stomach it. Usually the boys turn red and don't say a word.

BUSINESS

Mrs. Sue Trant heads the HHS Business Department. Typing I is required of all sophomores. If students wish to further their typing skills, Typing II and III are offered. The majority of students can live through timed writings and typing letterheads, but others simply scream that they will never be a secretary, and that the class is not helping them. Others disagree by taking advanced business courses such as Accounting, Business Math, and Office Practice. All students would agree that the first day at the typewriter with Mrs. Trant isn't always easy, but when their year under Typing I is over, speedy little fingers have been born. (1) Mrs. Bauer reluctantly agrees to taste Terry's stew. (2) Shelly Trainer works hard on her sewing project. (3) Sophomores work for perfection in Typing I. (4) Tim Todd takes time to type timed transcripts. (5) Mrs. Trant explains 4th 9 weeks typing grades.

PHYSICAL EDUCATION AND SPECIAL EDUCATION

The P.E. classes are taught by Mr. Steve Boeh. The freshmen are required to take this class. They do a lot of exercises, play baseball, basketball, soccer, coneball, and other exciting games. Other classes that take P.E. do archery, tennis, fishing, golf, and the most common games.

Mr. Gary Steele, coordinator of the gifted program, works with gifted students throughout Doniphan County. Mr. Steele frequently takes students on field trips that are enjoyed by all who participate.

Ms. Charlene Gaskell works with the slow learners. She helps them with the classes that they are having trouble with, and to also spark their interest with educational games on the computer. (1) Move over, Richard Simmons! (2) Mr. Boeh gets his eye full. (3) Mr. Steele is unaware of Rod blowing a bubble while Mike grins with glee. (4) Fore! (5) Ms. Gaskell helps Duane Scates.

Mrs. Linda Buffington has been instructing band for 15 years. She teaches 5th grade to 12th.

The 7th grade on up prepare marching in September for the football season. The band also contributes either at the KU or K-State band day.

Later in November the high school and the junior high split. Pep Band then starts for basketball. Somedays, the band will practice concert music since competition is in April.

After contest, we prepare for a Spring Concert, playing mixtures of songs.

This year was one of Mrs. Buffington's largest bands.

If you hear a fire siren, you'll know it's coming from the vocal cords of Miss Cheryl Rasmussen. She is in her second year of teaching.

The chorus this year put on a musical, "Oklahoma!" and a Spring Concert. The Swing Choir also performed before going on tour.

January to March, choir prepares for contest.

Miss Rasmussen gets really enthused when she hears nice blends of the students voices. (1) Kim adjusts her hat while Terry meditates. (2) Mrs. Buggington lends a helping hand. (3) Left, left, left, right, left. (4) The wind section warms up. (5) Toot Toot! (6) Kim and Lori concentrate. (7) A one, two, a one, two, three, four. (8) Perfect posture for singing.

KAYETTE ACTIVITIES

A Night to Remember is when the Mighty Juniors & Seniors downed the Furious Freshy and Sophomores. 21-0. Howard "White" Cosell and Phyllis "Bauer" George were given the honor of announcing the game and candidates.

Being one of the highest points of Highland High, "The Dating Game" will be sure to be remembered. It had to be a smash to make all the students and teachers laugh. So girls the hard work paid off for a successful assembly. (1) Upper classmen get set up for defense. (2) We love ya! (3) Upper classmen cheer their team on. (4) Which one will win the heart of David? (5) Throw it to me, Nanny. (6) And the winner is! (7) "Where's the beef"

The 1983-84 Highland FFA Chapter participated in a number of activities that rounded out the entire curriculum for the school year. As was the tradition, the Highland Chapter held its annual Barnwarming which is used as a major tool for selecting the Chapter Sweetheart. New and old ideas are added to this event which proves that changes are a crucial part for a Chapter that wants to be different and original. In the spring, officers and members have the choice of going to Dairy and Livestock Competitions that are held in Manhattan and Topeka. Also held in the spring, is the annual FFA Banquet that marks the shining point of the FFA members when they receive awards for the work they have done on their developing projects for progressive agricultural pursuits. (2) FFA members contemplate new plans of action. (3) President Doug Cluck requests information on a member's motion.

Grades are a sparkling reminder for admission into the National Honor Society chapter in Highland which was started in the fall of 1980 and has been active ever since under the direction of Mr. Ted Hutchcraft. The main event the NHS sponsors is the annual Open House held in the fall. This consists of simulating the regular classroom curriculum to show the parents what their teenagers go through every day. The evening is then topped off with refreshments for all, and parents reminiscing about their days at Highland High School. (2) Philip Smith and Jill Walton serve refreshments with a smile at the open house activities sponsored by the NHS. (3) NHS members and initiates get ready for the evening's festivities.

THE YEAR OF FOOTBALL

Back row, Left to right, Kevin Weis (manager), Scott McVicker, Philip Smith, Gregg Clary (manager), Fourth row: Jerry Bruns, (coach), Tim Hanlon, Matthew Twombly, Jason Rockhold, Mike Cunningham, Steve Boeh (assistant coach), Third row: David Miller, Louis Scates, Lane Saunders, Dave Simmons, Mike Gilmore, Second row: Tim Blanton, Brad Simpson, Todd Scott, Andy Parker, Norman Ogden, Front Row: Rob Miller, Doug Cluck, Greg Cluck, Gregg Buffington, Rick Blevins, not pictured: Duane Scates

The Bluestreaks ended the season with 8 wins and 1 loss — scoring an impressive 434 points. The majority of the games, the boys stomped their opponents with such regularity that the spectators became used to watching what seemed to be the war between mighty men and the wimpy weaklings.

As the season wore on, spirit ran high and tension mounted as the school prepared to fight the arch-enemy of all times, Midway. When the game began, the town of Highland came in droves to the stadium, the feeling was of determination to conquer the foe. The Midway clan entered our territory like they were spoiled kids ready to steal candy from a blind man. But the Mighty 'Streaks, with our exceptional power and cunning plays, won hands down 46-22, making us district champions, and giving us a chance to prove we are state play-off material.

The team diligently practiced while the temperatures dropped getting ready for the game against Blue Valley-Randolph. We met them on our home turf, and undeniably played a runaway game. With this win, we qualified for the state championship playoff.

As the game approached, the school was fired up, providing buses for players, students, and fans. While the boys were fired up, we soon found out that while we were good, they were just a little bit better and had some luck. It was a close exciting game with a score ending our glimpse of championship, 20-18.

Special credits were awarded the following players: Rob Miller: All District Running Back, All District Defensive Line, All State 8-man Running Back, All-State-All Class-Running. Back — Third Team. Gregg Buffington: All District Tight End, All State-8-man-Defensive Line, All State 8-man — 4A Defensive Line — Second Team Philip Smith: All District Quarterback, All District Defensive. Back — Duane Scates: All District Center, Matthew Twombly: All District Linebacker.

This success story is our version of "a cut above the rest."

CROSS COUNTRY GOES TO STATE

Front Row left to right: Jeff Blanton, Terry Higgins, Tim Blanton, Donnie Winters. Second Row left to right: Jerry Diveley, Tim Todd, Jeff Scott, Coach Pat Beary.

This year's Highland Cross Country Team proudly went to the State Finals and placed 5th. Highland's team was more well rounded this year which was marked by high placings at each meet. Team effort was increased by having practices in the morning and evening, which brought forth the utmost in each Cross Country member, making their year glow with accomplishment. Jeff Blanton led the pack with 1 first place, 2 second places, and 2 third places. Tim Blanton stayed close behind with 1 second place, 1 sixth place, and 1 seventh place. Terry Higgins and Jerry Diveley battled for third with Terry having 2 sixth places, one 14th place, and one 15th place. Jerry Diveley had one 5th place, one 10th place, and one 13th place. (1) Highland runners await the starting gun's signal.

19 SUB-STATE CHAMPS 84

Coach Jerry Bruns has coached at Highland for 20 years. In all his years, his lowest record was 2-6. When asked if he would coach again, he replied "sure I might even coach again in the future." His reply to the question on how he made his decision was, "I just want to do a few more things on my own, or go to the games and not worry about the referees!" A man with 19 years of winning records will be surely missed.

A spectator watching a band performance during halftime usually does not realize all the time and effort a band member must go through to reach the night of performing the average 5 songs with intricate formations.

To start at the beginning, a person must go back to the fifth grade, when Mrs. Buffington, the band instructor, lures the girls and boys to the music room and show them many different instruments. Little Junior picks the instrument of his dreams, usually a trumpet, clarinet, saxophone, flute, or drums. Then he presents to his parents the instrument he would like to play. The parents take a deep breath before asking the price, and finally give in to their child's promises of playing the same instrument to the time he graduates from high school and faithfully practicing every night.

Little Junior receives his instrument and for the first few weeks, he gladly sits down after supper to play the new note he learned at band practice. After the novelty has worn off, mother must remind Junior to practice the instrument because she didn't pay hundreds of \$\$\$ to have it sitting in the closet. Soon the whole class could honk "Mary Had a Little Lamb".

When the class moved to 6th grade, improvement was on the way, and they had a spring concert to show their achievements and Mom and Dad that they had made a sound investment.

As the students made their way to 7th grade, they were suddenly plunged into the world of high school band nightmares. Overnight they were expected to "read" music, march (left foot first and if a person was caught on the wrong foot he would earn a left-handed rock to remind him what foot he should start with), and become callous at having an older member scream at him at how stupid he is for not knowing what was going on.

When the students turned into big 8th graders, they laughed with amazement at how ridiculous they felt when they were mere 7th graders and scared to death of marching with the band. Now they were seasoned members and qualified to yell at the lowly 7th grade twerps.

Time passes quickly, and the classmates become high school seniors. They are the chiefs of the clan. They become nostalgic of their band days. Bits of memories float by, of how the band uniform always was a size too small, and everytime they had to wear the dumb thing they would have to suck in and not breathe the rest of the evening. Or the ritual of either going to the K-state or KU Band Day. Getting up 5 a.m., boarding a crowded bus, waiting 3 hours before marching in the parade, and then going to the stadium and having (seeming like 3 million band members from the state area) run onto the field in 5 seconds, then the thrill of having the cannons go off while the bands play the "1812 Overture", during the K-state halftime.

They remember the times of going to the football field, in freezing weather, to practice the routine and playing at the same time, while Mrs. B. yells at the kids through her megaphone.

Those were the days, and they will continue forever and ever, with the 7th graders just as terrified; and the high schoolers very blasé about the marching season.

The members begin as an unpolished diamond, rough and dull; as they begin to grow and mature they also start to show the promise of a precious gem, sparkling, and twinkling with Mrs. Buffington as the patient and proud teacher of one of the best bands in the county.

Candidates from the freshman, sophomore, and junior class competed for the title of Highland FFA Chapter Sweetheart. After giving their candidacy speeches, the competitors began the struggle that would determine who would be the new chapter Sweetheart. The girls were required to do such things as shelling corn, milking a cow, throwing cow chips, and making a milking stool. Some girls however did not know if they could trust their partner when it came to sawing the wood for their stools. At one time, the cow acted as if it were going to bolt, which made the audience bolt. When the grueling activities were over, Shelly Blevins reigned as the new Highland FFA Sweetheart. Flowers and lockets and a kiss by the FFA President were the fruits of success for Shelly. Shelly then

went on to compete in the district competition which is held in Hiawatha. All girls did a fine job of representing their class and went away with a renewed feeling of pride for their school. The October night was cold and clear. The teams and the crowd and the band wore red, white, and blue. There was a pretty Homecoming queen named Brenda, a handsome football captain to crown her, and three Corvette automobiles. It was football, U.S.A.

The teams were two of Kansas' finest, arch rivals only 10 miles apart. They met to decide who would go to the State Playoffs. In the first half, Highland pushed through the middle of Midway's line, and Rob Miller carried the ball. Philip Smith was poetry in motion. During halftime, the band, also one of Kansas' finest, went beyond even its reputation to perform "Blues in the Night." In the second half, two tired and battered teams returned to the field to decide which of the best would be better than the best. Again, Russell Karn, the announcer, would say Rob Miller, Philip Smith, over and over again. But, Gregg Buffington made that tackle would also frequently be heard. Mr. Cool would be Greg Cluck who made two touchdowns by running seemingly casually into the end zone. The finest in sportsmanship and raw courage was in evidence as two teams who respected one another crashed together, and wearily helped each other up-sometimes leaning on one another as breath and strength were regained. More of this raw courage was in evidence as hurt players continued to play and play hard. The score was 46-22. A picture-book football night was over. Highland was on its way to the State Playoffs.

BASKETBALL HOMECOMING

The day was appropriate. February 14, 1984. A perfect time for crowning a queen. We had three senior girls to pick from. Nanny Matthias, who is the basketball star; Stacy Simpson, who has a great personality; and Mary Twombly, who is involved in every activity. The escorts were Gregg Buffington, Rick Blevins, and Doug Cluck. The band played the popular love song, as the candidates walked on the court, dressed to the hilt, hardly recognizable. The announcer paused to give the audience time to tense up. The time had come, "and the queen of the '84 Queen of Courts-is Mary Twombly." The experience became history in a flash of camera lights as Mary grinned in delight.

KAYETTE TEA

(1) The Sophomore girls watch while Mrs. Bauer is honored. (2) Mary Jane Twombly reads the description of Lori Taylor's outfit. (3) Tammi Allen models her short outfit as Juli Maris waits to face the crowd. (4) The Swing Choir girls entertain as everyone else quickly changes. (5) Hope Swartz strolls down the lane in her outfit she made. (6) Kim Collins performs a trumpet solo. (7) Ellen Beaman reminisces about her school days and of Mrs. Bauer.

Mrs. Bauer was honored by many former students this year at the Tea. Joyce Diveley, Mrs. Buffington, Ellen Beaman and Mrs. Colley spoke about their memories of Mrs. Bauer as a teacher and a friend. Many former Kayette presidents attended the Tea; some even traveled a long distance. Mrs. Bauer was presented with a plaque, roses, cakes, and a music box for the 25 years of hard work and dedication she has given to H.H.S. and its students.

AWARDS NIGHT '84

The evening's festivities began when Sara Swartz thanked us all for showing up. After that hardy welcome, Miss Rasmussen began distributing awards. Best actor awards for the musical "Oklahoma!" were given to Rob Miller and Lisa Twombly, followed by the leadership award also given to Mr. Miller. The honor of Vocalist of the Year was bestowed upon Jill Walton. Miss Rasmussen also gave Lisa Whitacre the Accompanist of the Year award.

Mrs. Buffington then proceeded to announce honors of the Bluestreak Spirit award to Dave Dunn, Outstanding Musician to Gregg Buffington, and John Philip Sousa to Rick Blevins. The colorful history of the class of '84 was given new light when Jill Walton and Mary Twombly began giving a play by play account. Miss Lurtz also joined the occasion by rewarding Brenda Cunningham for outstanding work in the field of art. Mr. Hutchcraft followed by giving Rick Blevins a Math-Science award and Doug Cluck the Physics award. Mrs. Buffington then reappeared to give pins and certificates to the Stuco members.

Mrs. Scott presented Perfect Attendance to Shelly Blevins, Paul Frakes, Jason Rockhold, Michelle Miller, Tim Todd, Gregg Clary, Kim O'Bryan and Karla Blanton. Mr. Bruns arrived on the scene to give out state certificates to boys' and girls' basketball teams.

Mrs. Bauer and Mrs. Parish announced placings of students in Emporia State Scholarship testings. Lisa Twombly and Lisa Whitacre both received awards in spelling, with Lisa Whitacre going on to take honors in English and literature. Home Economic awards of the respective classes were given to Hope Swartz, Tara Cluck and Terri White. Also, Colleen Winters took honors in business. Mrs. Parish's list of awards included John Jeffers and Lisa Twombly becoming members of Quill and Scroll, with honorary membership going to Colleen Winters. Best actor awards from the spring plays were given to Tim Todd and Lisa Twombly. Gerald Neibling was honored handy-man of the year, followed by a change achievement presented to Jason Rockhold.

Mr. McGee and Mr. Terry then awarded Citizenship awards to Jeff Blanton and Lisa Twombly. Mrs. Trant passed out pins to 14 students for achieving 40 words a minute then proceeding to recognize Kim Collins' 5th place finish for speed typing and Colleen Winters' 4th place finish in business during HCC competition. Rick Blevins took All Around Student award presented by Mr. Boeh. Mr. Collins announced Gregg Buffington and Rob Miller as recipients of the President's Fitness award. Rob Miller was then recognized as a Governor's scholar. Next came class honor awards bestowed upon Jeff Blanton, Kim Blanton, Rick Blevins, Gregg Buffington, Doug Cluck, Jerry Diveley, Dave Dunn, John Jeffers, Rob Miller, Sara Swartz, Lisa Twombly, Mary Twombly, Jill Walton, and Colleen Winters. Numerous scholarships received by the class of '84 were announced by Mrs. Rockey.

Mr. White took the platform, and after brief remarks, gave the Danforth "I Dare You" award to Lisa Whitacre and David Miller. Following was the announcement of Lisa Twombly as Salutatorian and Rob Miller as Valedictorian.

Lastly, John Jeffers summed up the 1983-84 school year by giving professional entertainment in the form of a slide show that was loved by all.

The four years of high school have now become our past. The memories, good and bad, will always be a part of our lives. We've always dreamed of graduating, but we thought it would take forever. Instead, we've zipped through the years, gaining knowledge, and a little maturity. Today is the first day of our lives. We now go our separate ways. A few of us may become very important people in the world, others may be successful only in their own eyes. We may never meet again, but my wish to you, my classmates, is, never give up on life, make each day the most satisfying day of your life, and you will be a person that everyone will want to know. Lisa Twombly

(1) The vocal choir sings for the audience. (2) Rick is happy to receive his diploma. (3) Isn't he handsome? (4) Lisa takes the class to the year 2009. (5) You're giving awards to those teachers who worked us to death? (6) Rob gives his valedictory speech. (7) Let's shake hands. (8) Mr. Hutchcraft is glad to get Rod out of school.
