A black and white photograph of a brick building entrance. The building has a large set of concrete steps leading up to a double door with a transom window above. A group of about a dozen students is gathered on the steps and in the doorway. Some are sitting on the steps, while others are standing and talking. Above the entrance, there is a large window with a grid pattern. A tree is visible on the left side of the building.

HISTORY

The class of '71, entering HHS with thirty scared members, elected Ellen Bauer, Pres. Janet Blevins, Vice President, Linda Windmeyer, Secretary, Mike Woodrum, Treasurer, and John Waggoner, Sgt.-At-Arms. Our Sponsors were Mrs. Williams and Mr. Ron Godbout.

We were initiated into HHS by carrying books, yelling in the halls, duck-walking around study hall, and anything else the seniors could think of. That evening we were honored with a dance sponsored by the seniors.

To raise money we held a pancake feed and a bread sale. For our first class party, we journeyed to St. Joe to see "Guess Who's Coming to Dinner." and ate at the pizza hut.

During our freshman year Melissa Percy transferred to Lawrence, Kansas.

Our Sophomore class officers were: Mike Woodrum, President, Linda Parker, Vice President, Sandy Elrod, Treasurer, Susan Winters Secretary, and Tom Simpson, Sgt.-At-Arms. Class sponsors were Miss Carr, Miss Grothjan, Mr. Hutchcraft, and Mr. Schmucker.

Money making projects were selling apples at games and raffling of cash prizes. We went to Atchison for our class party and saw "Five Card Stud" and "The Fastest Guitar in the West."

During our Sophomore year Debra Alfrey got married, Pam Idol transferred to Texas, Jerry Rhodd to Fall City and Sam Caudle quit school.

Busy juniors began the year by electing these officers: Rick Hopp, President, Linda Parker, Vice President, Linda Windmeyer, Treasurer, Janet Blevins, Secretary, and Tom Simpson, Sgt.-At-Arms. Our sponsors were Mrs. Barber and Mr. Baumstimler.

At the beginning of the year, Terry Derrick joined us.

Money making projects this year were: selling T-shirts, calendars, running the concession stand at ball-games. Under the direction of Mrs. Barber, we presented "Off the Beam", the first junior play in ten years.

"Heavenly Dreams" was the theme we selected for the 1970 Prom held April 25.

We chose Ice Blue and Midnight Blue as our class colors and a white rose tinted blue as our flower.

The mighty '71 Seniors began their last year by electing Rick Hopp, President; Steve Simpson, Vice President; Janet Blevins, Secretary; Linda Windmeyer, Treas. and Roger Hopkins as Sgt.-At-Arms.

"Rubber Duckie" was the theme we selected for the Freshman Initiation Dance we hosted in the fall. Our money making projects consisted of selling magazines, selling cake chances at games, and presenting a play "The Haunted Honeymoon" and two work days.

During the school term Rena Gibson, John Waggoner, and Sue Winters quit school to get married, and Ron Edie left too.

We were honored by the Juniors May 1 at the Junior-Senior Prom and Banquet.

Baccalaureate was held May 16 and Commencement Wednesday, May 19, at the Allen Field House.

As we bid farewell to HHS, we hope to fulfill our motto, "Our Ideals are Near the Stars."

Bonnie Hill was 1971 Betty Crocker Homemaker of Tomorrow. Bonnie, eligible for state and national honors, received a specially designed award from General Mills, sponsor of the annual education program.

Prophecy

To the great surprise of everyone, the Senior class of 1971 did finally graduate. Now, 10 years after that memorable date we find . . .

Much to the dismay of her family, Ellen Bauer attended K-State and received her degree in Home Economics. Ellen returned to H. H. S. and is now busy teaching during the day and attending pro-football games on the weekends.

In the summers at Big Lake, we find a former "71-er", Janet Blevins cruising around in her 50-foot yacht. When asked where she got the money to finance her small luxury, Janet admitted to having been treasure hunting and found the world famous "Sea Hag"!

Marilyn Boos took her nickname "Shag" seriously, and started her own Shag Carpet business. After many years at this tiring job, she decided to go into sign manufacturing and is now busily making "detour" signs, to everyone's delight.

Super sexy Sandy Elrod recently defeated Raquel in the United States Air Force Beauty Pageant and is now flying high over her hometown of Sparks, where her husband, Don, and 5 children anxiously await her return.

Due to "drafty" circumstances, Terry Derrick immediately moved to Canada after high school graduation. He then joined partnership in the Canadian "Ferd"ilizer Company and his business is showing outstanding "gross profits"!

Jerry Higgins decided the town of Highland needed better law enforcement and therefore became town sheriff after graduation. Some of Sheriff Higgins duties are enforcing truancy laws and checking speeding zones.

After high school, Bonnie Hill went on to HCJC and became a cookie baker for Betty Crocker Kitchens, Inc. Due to her great success, she is now opening her own chain of bakeries throughout the country, which features the specialty, "Fanny Farmers"!

His high school days over, Roger Hopkins decided to also take his nickname "Skis" seriously and proceeded to manufacture snow skis with training wheels for beginners. His successful product is patented "Skis Wheelers"!

Because he had to wait for his high school sweetheart, Rick Hopp went to Disneyland after graduation, where he now plays "Tinkerbell" in Peter Pan, but he still finds time to call his "moose".

Upon graduating from HHS, Gwen Ivey married and moved to Arizona where she works at the Sinus-Nasal Hospital in Phoenix. In her free time she takes care of her adobe and her 3 sets of triplets.

After 4 long, tedious years at HHS, Barb Lewis finally married her childhood sweetheart and is now living in Sabetha, Kansas where she cares for her 14 children and runs her own art gallery.

After graduation and a down-trodden farming program, David Melburn decided to sell his farm and go to the big city. He now owns the largest playboy club in New York and is a well known landlord of our times. He calls his club, "Gilbert's Chorehouse."

After a year of touring and trying many jobs, Linda Parker found a real one to do. She now runs a prosperous golf course in Nevada which features slot machines and roulette wheels. She calls her establishment, "Outland's Graveyard."

David Rawles is now seeking his fame and fortune in Greenwich Village as a professional men's hairstylist. Because business is slowly dwindling, David has decided to open up an Army Supply Store off the coast of Maine.

Sue Ruhnke went into the auto salvaging business soon after graduation. She is well-known for getting old wrecks back on the road due to her father's secret concoction that will make any engine chug. She calls her autos, "Rue's' Wrecked Rebels."

Steve Simpson works nights at Geno's Vineyard corking bottles and peeling grapes. During the day, he runs a motorcycle shop in downtown Burbank, known as Simpson's Suzukis'. Steve always was one for a foreign job.

If you are ever in Arkansas look up our most distinguished Senior, Tim Simpson. Tim has at last found a good "get-rich-quick" scheme. He holds prune-eating contests every Saturday--admission 25¢. Tim also has a monopoly on Pay Toilets.

Not even a year after graduation, Tom Simpson was seen playing football for K. U. But what's this we hear? Tom's in the hospital with multiple back injuries. Tom should have taken a friend's advice and not have put that last medal on his letter jacket.

Soon after graduation David Taylor sold his brush-ape farm to a retired history teacher and moved to Kansas City where he formed his own "Wolfe Pack". David has now settled down with his "Rover" in their tri-level den!

Upon graduation, Ross Thompson continued his education in the field of science and became a professor at Harvard University. Besides teaching various classes, Prof. Thompson is working on a scientific experiment in the crossbreeding of hybrid "turkeys".

Linda Windmeyer is now emceeing her own T.V. show, "Queen for a Day". Besides her busy T.V. schedule, Linda and her husband run a famous bowling alley in Hollywood, you know the one, the Hollywood Bowl.

What's this in the skies of New York? A bird, a plane, no it's Mike Woodrum! After leaving high school, Mike searched for jobs or other employment and finally became a flagpole sitter. He now holds flagpole contests every Thursday afternoon, in the Highland Cemetery.

Gwen gets measured for a gown.

Student Council

The new Student Council began the year by electing officers. They were Sandy Elrod, president; Mitch McGee, vice-president; and Bonnie Hill, secretary-treasurer. The next step was the drafting of a Student Council Constitution which was approved by the student body.

During the year the Student Council succeeded in making several improvements at Highland High School. The students were allowed to go to their lockers and classrooms as soon as they arrived at school instead of waiting in the halls until the bell rang. Another popular change was the addition of a student lounge with a pop machine.

The major project of the year was the Queen of Courts Dance held at Highland Grade School following a victorious basketball game over the Midway Eagle on February 12. Through the efforts of the Student Council, Highland High School was represented on Let's Dance on KQTUX on February 14. In the spring the Student Council ran the concession stand at the Highland Night Relays and the K-36 League Track Meet.

The successful year ended with a weiner roast at the home of Mr. Bartels for the old and new Student Council members.

The 1970 Football team's combination of spirit, talent, and the desire to win produced an unbeaten record for the Bluebreaks. Some of the highlights were: the record breaking crowd at the 14-14 tie game against Troy, beating Wathena, and taking the league title. Tom Simpson rushed for 1766 yards to set a Kansas prep record, was selected All-American by Scholastic Magazine, and made the All-State First team. The Bluebreaks had a bid for the state playoffs, but hopes were spoiled by a forfeited game against Wetmore caused by a mix-up in the dates on the schedule. It was a great disappointment for the "Champs" and their fans.
