THE TROJAN

1950

TROY RURAL HIGH SCHOOL
TROY, KANSAS

SPONSORED BY THE SENIOR CLASS
DEDICATION

We, the annual staff of '50, dedicate this edition of the Trojan to Mr. W.J. Hutchison, former music instructor at THS, who passed away the fall of 1949.

"Hutch" led the Troy band for five years and always had a successful and progressive band.

CLASS HISTORY

On a bright sunny morning on September 7, 1946, thirty-eight eager freshmen, peeped over the hill toward the high school, just as the last bell was ringing. They had yet to meet the faculty and their fellow students.

Our first year was one we shall never forget. We had a class party with a marvelous turn out. During the year we lost our green aspeats and assumed a little maturity becoming a high school freshman. Bertha Miller, Donald Kentzler, the Saltzman twins joined our throng this year.

Our sophomore year we sponsored the freshman initiation with an all school party to climax the event. This year the Doniphan clan, along with Marie Davies, were converted into Trojans. Katherine Koehler left our midst this year.

Here the fun began with our junior year. First we had our carnival October 12, 1948. To our class treasury was added a sizeable sum from this activity. This was followed by the play, "Papa Says No", December 3, 1948. We did not let the work surpass the fun. We presented our sponsors, Mary Evans Kibler, and Miss Florence Rhudy, each a dozen roses between acts in taken gratitude for their efforts and patience.

Marilyn Albers entered from Denton this year and Elsie Clary returned from Oregon. The highlight of the year was the prom in April. The theme was the Stork Club. We had the seniors as guests and everyone present had a marvelous time. The menu and decorations were fine and the evening was complete with dancing to Ray Murrell's band plus a program.

All year we sponsored a concession stand at football and basketball games to finance the big event.

Donna Thompson, Anna Stalder and Donald Guier left school this year.

We began our senior year, the fall of 1949, anticipating the senior play and spring prom. We returned without Dickie Denton and Ella Bibb. The highlights of the year will be the two activities mentioned above plus our graduation week exercises mentioned above plus leave Troy High we willed a combination radio and record player for our class gift so we won't be forgotten.

CLASS PROPHECY

As I sit behind the desk in the Editors office of the Kansas Chief, my mind wanders back to those good old days that I spent in T. H. S. I realize that being a newspaper woman has kept me well informed about my old school mates. So, just to fill up space, I thought I'd print the following article, telling just what has become of the Seniors of 1950.

Well, to start this off with a bang, I guess I'll let you in on a secret. Helen Bracken hasn't taken Cass Dalles place in Hollywood yet, that is "yet"! I think she'll make it though, for who could be more fitted for the part? The best seller of 1959 was written by that old story-telling friend of ours, Jack Cox. Seems the name of the book was "Mousey". Very interesting!

A few days ago I got an interesting little piece of news off the A. P. Seems Marilyn Albers was elected Miss America of 1960. Marilyn is said to be the shortest Miss America on record.

Donald Murphy has signed a contract to teach mathematics at Troy High School. Good luck, Don. Hope you stay at the job as long as Miss Rhudy did.

Elsie Clary, probably the most famous opera star since Lilly Pondus, was in Troy the other day visiting her mother and friends.

Marie Davies has really put her secretarial ability to good use. Marie is now Henry Ford's private secretary.

Gene Dittemore is living a very quiet life on a farm about a mile South of Troy. We just had the announcement in the paper the other day of the arrival of his 12th son.

Espanola Dixon is the featured singer and dancer with Lionel Hampton's Orchestra.

Pat Foley has bought himself a hundred and sixty acres of farming land and is doing very nicely.

I received a letter from that old girlfriend of mine, Barbara Goss, the other day. Barbara is the head nurse at St. Lukes Hospital in Kansas City now.

Seems I read somewhere that James Ingram has reached the rank of Major. Let's see, I believe that was Major James Ingram of the R.O.T.C.

Gertrude and Alma Lane are the featured attractions on the Brush-Creek Follies. I must make it a point to go down to Kansas City and see them.

Bertha Miller is happily married and living in Fanning, Kansas.

Norman Elliott has replaced the laughing hyena in the Ringling Brothers Circus. I just knew Norman would be a success in life.

Oleva Koehler is the wife of the first coach to coach an All American football team.

Lawrence Norris owns a prosperous turkey farm in Colorado.

Seems I read somewhere that Donald Sallee has written a medical book on "How To Win Health and Influence Parishier."

Marjorie Thomas is teaching in the new kindergarten here in Troy.
Merlin and Marlin Saltzman have become wealthy New York play boys. Seems they made their money playing the stock market.

Lowell Thomas is playing drums for Tommy Dorsey.

Geneva Wilke has decided Troy is the best place to live, so she has taken a job at the court house.

I’ve heard it said that Robert Colley is probably the wealthiest lumber dealer in the U.S. Seems Bob has really put these 10 years to good use.

I read in the Gazette the other day that Jim Dittemore has won five hundred dollars for selling more Fuller Brushes in one month than any other salesman. Say, Jim that’s a pretty good record.

Dick Hutcherson has been promoted to the rank of an Ensign in the U.S. Navy.

I guess Helen Horner was born to teach school. She is teaching English at Smith College this year.

Mary Helen Smith is married and living on a farm near Wathena, Kansas.

Donald Kentzler has really come up in the world. He is now Mayor of Moray and President of the Bank there.

Max Higdon has joined the Navy and is busy seeing the world and Women.

Mary Sutton is kept pretty busy with her 12 little boys.

Bill Martin, I hear, has an advertising job. Seems he is posing for Charles Atles advertisements.

Charles Sutton is the weather forecaster at Rosecrans Field now. I wonder if he ever guesses the weather right.

Robert Harter has become the wonder. He went from grease monkey to President of General Motors in 10 years. That’s what you call success.

Bob Wykert won the Heavy Weight Boxing Championship this year. Congratulations, Bob.

Well, readers of the Chief, it seems as though the class of 1950 has turned out some very successful people. As for me, well I'd better get out of here before the Editor comes in and finds a lowly reporter using his desk.

The Senior Class Gift

Our gift this year was a phonograph-radio, which was presented at the Christmas assembly this year. We made use of it at noon hours and parties, hoping the classes of years to come have as much enjoyment out of it as we have had.
