Tina Murphy -

Hi! Received your tombstone pictures today. Thank you, thank you. Dr. Bowman, my great grandfather, was killed by lightning (he + the horse) while riding out to see a country patient. So sad. My grandmother was 8 at that time. Eventually they ended up in Concordia. A long fascinating story - and the baby was named Ella Rosetta, which was all the information we had.

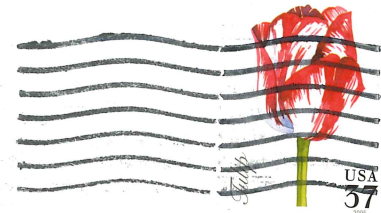

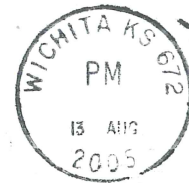

The postage was 60¢ + I know nothing about other cost - envelope, computer picture etc, but I am sending \$2.00 and I do appreciate your time + willingness to do this.

Again - thanks -

Dorothy Nickel
