THS Annual Staff

Unified School District No. 429  
Troy, Kansas

This year Troy High students attended classes in five different buildings. For the first time the Troy Armory was utilized for the superintendent's office, industrial arts classes, and kindergarten. This was the forty-third year for a senior class to graduate from the main building. The vocational agriculture buildings housed the vo. ag. classes and for the first time, the music department. As during the 1967-68 term students attended Northeast Kansas Area Vocational Technical School in Atchison for additional vocational training.

## Superintendent Lauren Gaddis

A yearbook might be considered a mirror reflecting school events that have taken place since the beginning of the 1969 school year.

You enjoy thumbing through the pages—seeing yourselves and your classmates participating in the various events. Some of you will receive a yearbook next year and the next. But for some, it will be your last high school annual.

You, seniors, will treasure this book, especially the staff, because, after all, you put it together. Each time you open your yearbook, think back, I DARE YOU: To

Remember the one's before you  
 And all they tried to do  
 You are a part of the Trojans spirit  
 And the spirit's a part of you

Remember the speech and drama  
 And how we loved life too  
 For this is the way of the Trojan spirit  
 And its memories are calling you.

*Lauren G. Gaddis*

Nell Larzelere, secretary to superintendent and clerk of school board.

## Principal William Crosley

Pat Triplett, secretary

To the Students of Troy High School:

I have encountered many situations. Troy is unique in that participation in all phases of education has been poor. However, that attitude appears to be improving.

Congratulations to those seniors who are finally going to take the next big step. No matter what experiences you face, remember, you can find the answer.

## Keith Ellison Provides Guidance

Troy's guidance counselor, Keith Ellison, attended Kansas State University and received a Bachelor of Science in Social Science and a Master of Science in Guidance Counseling. After ten years of teaching, Mr. Ellison says that the teaching profession is no different from what he thought it would be.

Among Mr. Ellison's interests outside of school are hunting and fishing.

## Student Teachers Begin Careers at THS

This year T.H.S. had six student teachers. During first semester, (above left) Bill Roche taught physical education and John Andra took over the math classes.

Second semester student teachers were Michael McClain, social science; Randy Musgrove, bookkeeping; Barbara Van Doren, English I and II; and Nancy Robinson, Biology, (above right).

*Sally Acheson*

Sally Acheson has taught vocal music and business for one and a half years, all at T.H.S. Out of the classroom she sponsors Kayettes and Sing Out Doniphan County. Her main interest is the home she and her husband recently purchased in Atchison.

Mrs. Acheson attended Kansas State Teachers' College of Emporia and received her Bachelor of Science in Education.

According to Sally, the only difference in teaching from what she expected is that it keeps her on the go quite a lot.

*Janice Ashley*

Often as confused as her favorite expression. "as confused as a Chinese fire drill," Janice Ashley sponsored annual staff, advised the newspaper staff, directed dramatics at T.H.S. and taught English in her spare time.

Since receiving a Bachelor of Science in Education from Kansas State Teachers College at Emporia, she has taught five years. Hobbies include horses, hand work, and her home.

"The greatest joy of teaching is undoubtedly the privilege of working with talented unpredictably inspiring youth," according to Mrs. Ashley.

*Carol Creager*

The French and Spanish instructor, Carol Creager, has taught two years since receiving her Bachelor of Arts from Kansas State College of Pittsburg.

Mrs. Creager sponsored the Language and the Junior Class.

She enjoys reading outside of school.

## *Marwin Creager*

In his first of teaching Marwin Creager sponsored the FFA and Junior Class. He received his Bachelor of Science in Agricultural Education from Kansas State University.

Mr. Creager's interests outside of school include fishing and bowling.

## *Madeline Crosley*

Madeline Crosley received her Bachelor of Arts in History and Political Science from the College of Emporia. During her fourth year of teaching Mrs. Crosley offered a never-ending stream of ideas in sponsorship of the Pep Club. Mrs. Crosley taught American Government, World History, and Current Affairs. She says teaching is a very time-consuming profession, not just a 9:00 to 4:00 job.

Mrs. Crosley's interests outside of school include reading, knitting, and sewing.

## *Nicholas E. Dannevik*

After seven years of teaching, Nick Dannevik says he has learned that a great part of a teacher's work is to motivate the students. Mr. Dannevik attended Kansas State Teacher's College of Emporia and received his Bachelor of Science in Secondary Education.

During his fourth year at Troy, Mr. Dannevik taught Freshman and Sophomore English.

Mr. Dannevik's interests outside of school are his wife and children, hunting, and fishing.

## Leota Elder

Attending Mount St. Scholastica College in Atchison first, Leota Elder then continued her education at Kansas State Teacher's College of Emporia, where she expects to receive a Bachelor of Music Education. She has taught school for five years and likes teaching very much.

Mrs. Elder has given private lessons for many years and sponsored the T.H.S. band in 1968-69. Her interests include her family, church activities, and sports.

## Fredrick Folsche

Fred Folsche attended Highland Junior College, then Kansas State University where he received his Bachelor of Science in Secondary Education. After five years of teaching, Mr. Folsche has found that many students are not eager to learn and comprehend written or book work. He taught Industrial Arts, Physics, and Driver's Education. He also sponsored the National Honor Society.

Mr. Folsche's also enjoys farming, flying, and radio controlled models.

## William Foster

After receiving an Associate of Arts from Highland Junior College, William Foster went to the University of Idaho where he received his Bachelor of Science in Forestry and then attended the University of Chicago where he received a Master of Science in Botany, Biological Science. During his second year of teaching and second year at T.H.S., Mr. Foster says he enjoys teaching more as time passes.

In addition to teaching six hours out of seven and sponsoring the Senior class, Mr. Foster is involved in U.M.Y.F., F.C.A., Boy Scouts, church office, and Sunday school teaching.

## *Richard E. Harrington*

Receiving his bachelor of Science in Education nine years ago, Richard Harrington was sponsor of the Freshman Class, Freshman football coach, assistant varsity football coach, and head track coach for the 1968-69 year.

Mr. Harrington instructed American History, Sociology, and Boys' P.E.

## *Edward A. Heinen*

Another graduate of Kansas State University who taught at T.H.S. was Ed Heinen, who received his Bachelor of Science in Education. During this, his second year of teaching, Mr. Heinen sponsored the Senior Class.

Mr. Heinen's interests outside of school are hunting, fishing, and cars.

## *Janice Milliken*

After her first year of teaching, Janice Milliken has found teaching to be not quite what she had expected. Miss Milliken attended Kansas State Teacher's College of Emporia, where she received her Bachelor of Science in Education.

Miss Milliken enjoys traveling and shopping when she is not at school.

*William J. Roche*

Coming to THS in September as a student teacher, William Roche returned in January to become a member of the faculty. Mr. Roche received his Bachelor of Science in Physical Education from St. Benedict's College in Atchison. Mr. Roche was Freshman basketball coach and assistant track coach.

Mr. Roche said he learned that a teacher doesn't feed information to the students to memorize. Rather, a teacher helps a student develop his own ideas, concepts, and skills.

*Ellen Warren*

Returning to THS library was a familiar task for Ellen Warren, who received her Bachelor of Science from Kansas State University and has been teaching for eighteen years. Mrs. Warren feels that teaching is a complicated process and each student represents a different problem.

Outside of school Mrs. Warren enjoys doing garden work on the farm which she and her husband operate northwest of Troy.

*Dale Whiteside*

Dale Whiteside has been teaching for nine years since he received his Bachelor of Science in Secondary Education from Kansas State University. Mr. Whiteside sponsored the Key Club and Student Council and has maintained an active interest in agriculture.

On a rainy day everyone rushes to a bus for a nice dry ride home. Then suddenly the bus slides off and it's a nice muddy walk with the bus needing repair after the ordeal. Yes, this is one of the problems that face Dick Larzelere, head of the T.H. S. maintenance.

GHOLASTICS

*For 180 days a year the students of Troy struggle valiantly with text books, term papers, teachers, hour long classes and unusual happenings that disrupt their studious ventures.*

# Sciences of Life and

The science department of THS was headed by Bill Foster, with Fred Folsche taking one class. Earth Science had many freshmen. Biology was the largest class, partly because it is a required subject for sophomores and THS had more sophomores than any other class. Chemistry had juniors and seniors. Physics, taught by Mr. Folsche, had only three students, all seniors.

Physics class makes a "Hero's engine!"

Sophomores experiment in Biology Lab, preparing Petri dishes to grow vegetables.

Mike gives Chemistry the needed concentration.

Earth Science studies the globe.

# Logic Make Trojans Work

Would you believe "pythagorean theorem" problems are simple?

Geometry offers never-ending problems in understanding of geometric figures.

This is Algebra?

Our mathematician!

Each student who graduates from T.H.S. must have at least one credit of mathematics. For many students, though, one year of the science of math is not enough. General Math was the simplest of the courses in this area. Algebra I had many freshmen; Geometry had sophomores, juniors, and seniors. Algebra II offered a greater challenge. Advanced Math had only two seniors, Kenneth Winder and John Neumann, willing to try an even harder math.

And then there are the seniors in Advanced Math.

# Language Presents

Values in Literature invites English I to hours of reading.

Mr. Dannevik explains a problem to Kent Ludke in English II.

English I and II presented five challenging hours to Nick Dannevik.

Janice Ashley took on the English III and IV classes, as well as Speech and News English.

One of the highlights of the speech class was the program of one-act plays presented to the community on April 18. Several members also participated in the District Speech and Drama Festival at Emporia. Cathy Grable, who received a 1 rating on her oration at district, represented the class at the State Speech and Drama Festival at Lawrence.

Now, Juniors, English is important.

Bev explains, "That's the way it is!" to Speech class.

English IV concentrates on the literature of England.

# Universal Challenge

Carol Creager, new at THS in 1968, taught French I (upper left) along with Spanish I (upper right) and II.

The library staff for 1968-69 was under the direction of Ellen Warren and included: Seated: Blenda Ruhnke and Bev Engemann. Standing: Debbie Clary, David Penny, Sandra Hoffman, Ellen Warren, Jovce Stewart and Cathy Buch.

Seated: Cathy Grable, Carol Middleton, Tom Bruns, Roger Guier and Joyce Stewart. Standing: Dwayne Schoenfelder, Kenny Reder, Keith Winder, Jane Gray, Kay McNemea, Debbie Clary and Bill Shapple.

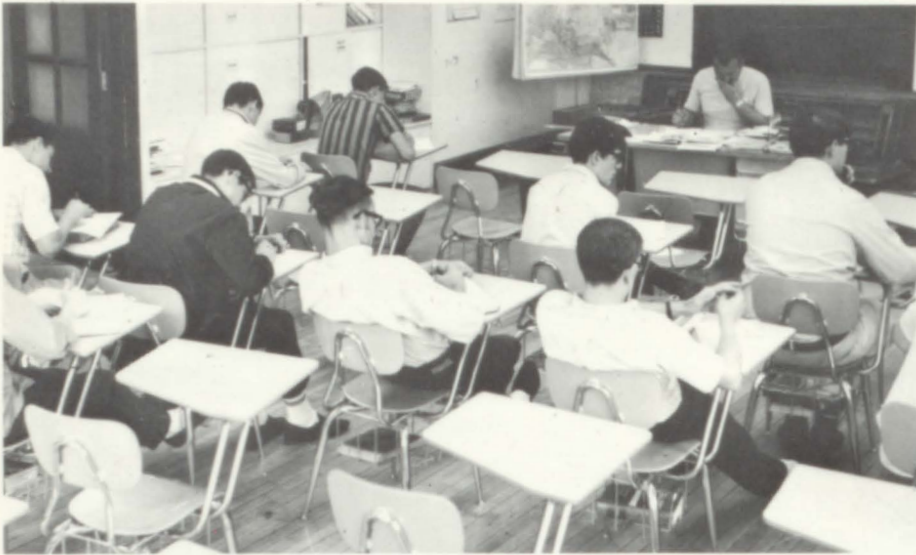

## News English Produces Trojan Trumpet

The News English class, a new one at THS, worked many long and hard hours to publish the TROJAN TRUMPET twice monthly during the term. Only one member of the class had had any experience in writing for a school paper when Janice Ashley took over the class.

The paper is typed by the Typing II class; then the staff makes up the paper, pastes it up; and it is sent to the Vo-Tech school in Atchison for printing.

# Future Citizens Study

This American History class struggles with a test.

All eyes focus on a map of American westward expansion.

Mr. Harrington gives a historic lecture.

Current Affairs class studies three ideologies.

Sociology debates on a controversial question.

# Rights and Responsibilities

Madeline Crosley's World History studied the past and present nations of the world, and her Current Affairs Class discussed the different types of governments in different countries. American Government, a required class for seniors, participated in primary and general elections for county offices, and those who won went to County Government Day on December 5, 1968.

Mrs. Crosley ponders on a Government question.

Government students work on questions for student teacher Michael McClain, who watches for copying.

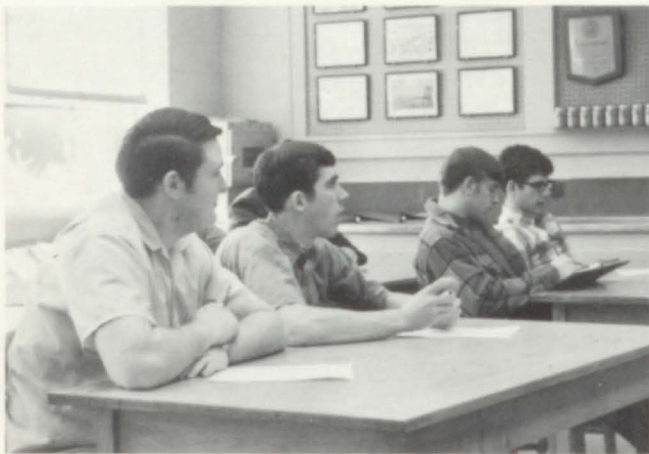

Rick Clary points to a map (not shown) to show these World History students where to find an ancient country.

# Boys Enjoy a Variety

Vo. Ag. II boys learn "how" it's done with instructions by Marvin Creager. Under the direction of Dale Whiteside, Mr. Creager's Vo. Ag. III and IV boys learn the right way to figure income tax.

Vo. Ag. III and IV brings seniors into final studies on agriculture.

## Gym Classes

Freshman Physical Education classes, under direction of Richard Harrington, learn some of the basic skills of sports. Included in the program are basketball, volleyball, and gymnastics.

# of Vocational Courses

Industrial Arts boys, who met at the armory for classes, learned some of the skills of woodworking under the guidance of Fred Folsche.

Senior boys who went to Vo. Tech. school had mechanics and lith-printing.

## Test Skills

Mr. Roche assists Linda Watkins on the parallel bars while part of Girl's P.E. practices on the trampoline.

The first semester Girl's Physical Education was under the instruction of Richard Harrington. In January, Bill Roche took over the class. A long with group activities, the girls worked individually on parallel bars, tumbling and trampoline.

# Home Ec. Is Living

You mean I have to do it over again?

We have to eat it too!

Mrs. Goss, Mrs. Beavers, and Miss Milliken each added their own special type of seasoning to the home economics classes.

It'd look better on the cake, Connie!

Everybody is hard at work.

Something must be interesting.

Rub-a-dub-dub. Scrub and scrub and scrub.

# with Fashion in View

Cathy and Bev were narrators for the Style Show and Tea.

S.L.K. Winners, Claudia, Cathy, and Janie, model at Spring Fashion review.

Donna, accompanied by Roslyn, sings the theme song of the style review "Over the Bridge."

It's simply amazing how a "fall" can change the Home Ec. girls.

All is in readiness to start the show.

Model, at work.

# Business Careers Beckon

Bookkeeping concentrates on accounting, keeping records, and making journals.

The shorthand class studies speed writing.

Typing II, pictured above and below left, and shorthand are taught by Sally Acheson.

Dale Whiteside instructs Typing I and General Business.

Among other things the Typing II class finished a unit on office machines.

Typing I, pictured above, practiced five minute writings.

The 1968-69 Student Council started the year with a "bang" by holding a first formal installation of officers and representatives on October 17, 1968. A written report of the 1968-69 year was made by the president. A Student Council Scholarship Fund was started for some deserving senior intending to go to college.

This year's council also sponsored the Snoball dance at Christmas, a Hobo Day, and the film OKLAHOMA.

## News Flash!

For quite some time, the Pep Club has been in the hole. But this year the club was divided into four different money-making groups. One group helped provide money by sponsoring a "Cutest Baby Contest," and another group went all the way and brought the club out of the hole by a spectacular mother-daughter basketball game. At least the club doesn't have to use any more red ink on its books.

The T.H.S. Pep Club officers include Pat Harris, secretary; and an active member of the Pep Club for four years; Debbie Clary, vice-president, a cheerleader her second and third year in Pep Club; Donna Rush, treasurer, active in Pep Club four years; also, Virginia Gray, president, joined when she was a freshman. William Crosley was the coach, and Madeline Crosley was the sponsor of the club.

## Mascot in Style

Peppy Trojan, in the person of Freshman Pam Hull, cheered through the games as the spirited mascot of T.H.S. This year instead of a made-over football helmet, the Pep Club furnished her with a Trojan Helmet. She also carried the spirit stick brought home from the 1967-68 Cheerleader's camp.

The 1968-69 T.H.S. A-team cheerleaders (pictured at left) were as follows: Jane Gray was elected head cheerleader and had two years previous experience at cheering; Bev Ross was a cheerleader for four years; during her Sophomore year Pat Reeder gained a second year of cheering experience; Bev Engemann, who was head cheerleader for two years, had four years of experience; and Rosa Ruhnke, also a sophomore, cheered for the Trojans for two years.

Representatives of THS cheerleaders (Jane Gray, Rosa Ruhnke and Bev Ross) returned triumphant from the 1967-68 cheerleader camp at Rock Springs. In competition with 102 schools, they had won one of the 4 spirit sticks given, as well as red, white, blue, and green ribbons.

Other activities included Day Clinic on Sept. 7, 1968 and K-State Cheerleader's Day on November 23, 1968.

# One Act Play Receives

With a sharp tongue, Grandma exalts the advantages of indoor plumbing over and above such notions as pianos and tractors.

Behind! the scenes, a stitch in time saves (?) the play.

John and Martha face problems of a poor farm family who can't afford bread let alone luxuries such as pictures, books, or music.

## "Bread" is Chosen

The play was first presented at the K-36 League One-Act Play Festival where, under the direction of Janice Ashley, the cast received the second place plaque. Next the play was entered in competition at Emporia in the District Speech and Drama Festival. With the aid of an imported chicken, the play earned a 1 rating. This rating gave the cast the right to schedule the play for presentation at the State Speech and Drama Festival. At the state level, a 2 rating was received.

Cast: Donna Rush, a younger daughter; Pat Harris, John's mother; Ruth Burkhart, a blind daughter. Back: Roger Guier, the wayward son Jim; the cackle (Karen Bauman); Dwayne Schoenfelder, John the farmer; and Renee Hoffman, his wife Martha.

Stella, blind since the age of three, has been saving her money to buy braille books. She gives up her savings for the tractor.

It was a tough test as candidates drove nails, sawed 2x4's and answered farm-type questions. John Nemann, Steve Kostman and Gaylord Owens held things steady for the amateurs.

## Queen Marcia Reigns Over F.F.A. Dance

The annual FFA Barnwarming Dance was held January 25 at the Troy Armory. Marcia Whetstine was crowned Sweetheart queen of the occasion by President John Neumann. Amid bales and piles of hay, guests danced to the music of "The Doormen."

Candidates: Donna Winkel, Pat Harris, and Connie Kline with escorts.

Makes you tingle all over, doesn't it?

I'd like you all to meet my friend from out back.

This institutional environment fails to challenge my acumen.

Some have it—some don't.

After something like six months of hard, uninterrupted work, the more deserving THS students enjoyed a break in the routine. They made the most of Hobo Day and went all out by dressing to the hilt as hobos and bums. This was another of the intellectually rewarding activities sponsored by the Student Council.

# 1969 Prom Borders

President Leonard Gaul of the USD No. 429 school board sat at the head table during the banquet along with Pat Harris who gave the response from the seniors. Toastmistress Vicki Foley guided the evening's festivities. Gary Masters, junior class president, issued the welcome. The meal was catered by the junior's mothers. Music for the prom was provided by the "Dynamics."

This year at the annual Athletic Banquet the first presentation of the Tommy Keller Trophy was made to Keith Winder. The award will be made

each year to the football player who has made the most tackles in that year. It will be presented in memory of Tom who set the present record of tackles at Troy High School. Gary Davies, whose idea it was to give the trophy, introduced Mr. Keller who then presented it.

# Baccalaureate Begins Seniors' Week

Baccalaureate services were held for the seniors on May 8, 1969. Top boy and girl of the junior class, Vicki Foley and Mike Gardner, led the seniors in the processional. (Bottom left.)

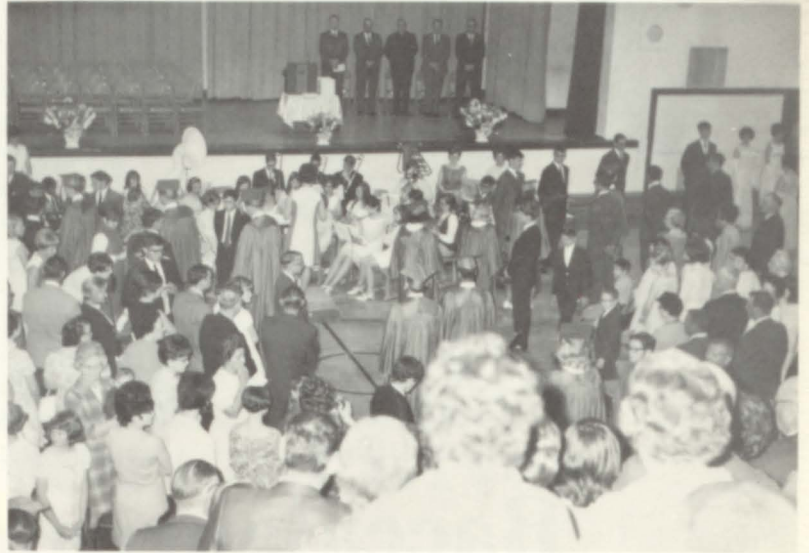

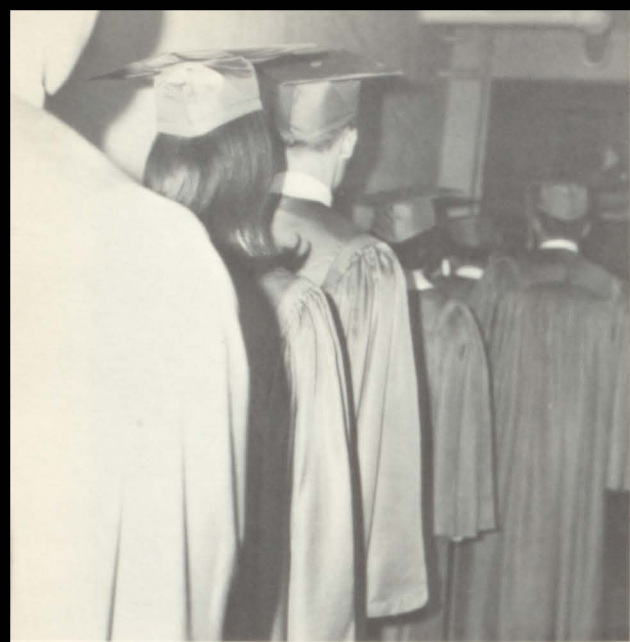

Principal Crosley introduced Reverend Robert Biggs, who gave the address; Reverend Gary Appleton gave the invocation and benediction. (Pictured below.)

Following Commencement on Tuesday night, the seniors left for the Ozarks for four days of play.

# Graduation

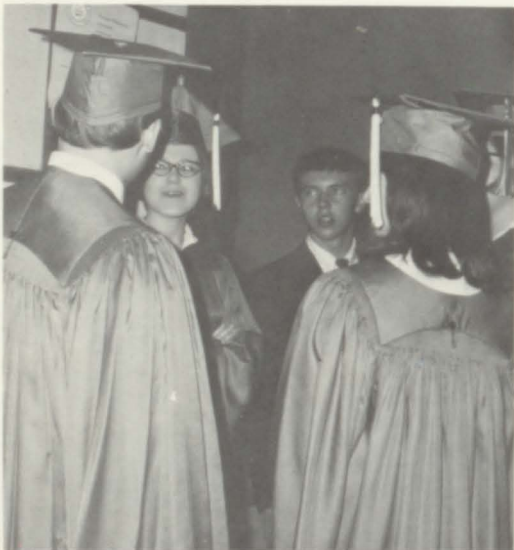

## Is Only a

Graduation as a commencement seems especially true when the future plans of the graduates are considered. There is college to look forward to for some; jobs or marriage, for others. Commencement night may have ended an important phase of growing up, but it has begun so many more new ones. Graduation is not the end, it is and always will be a beginning.

## Beginning

Graduation night started off with the band giving a short concert. The juniors led the seniors while the band played "Pomp and Circumstance". The thirty-one seniors all wore blue caps and gowns instead of the traditional blue and white. The speaker was William Robey from the Mount in Atchison. His speech was titled "With Interest". The seniors were presented their diplomas by Raymond Gaul, school board president. After marching off the stage the graduates formed a receiving line. A dance was held later, sponsored by the American Legion Auxiliary.

The Trojan A-team had a difficult season this year—winning only one game against Elwood. Despite their continuing losing streak the Trojans pushed on many times showing that they still had that champion style once attributed to the Trojans. Many factors make up a winning team and there was no doubt that the Trojans could win. They had the ability and the capable leadership of Coach Crosley.

# Great Fail

The football year started with injuries. Tom Bruns was the first casualty being injured in practice before the first game. Bruns played only three games before his knee kept him out for the season.

Dwayne Schoenfelder was taken to the hospital at Horton with a back injury, and a later injury in the Elwood game put him out for the season, too.

Gary Masters cracked a bone above his knee in the Wathena B-Team game.

This stopped football play for him.

A knee injury, which occurred during a blocking drill in practice, put Keith Winder out of three games.

Marvin Gaither suffered a jammed foot at the Highland game but spent three weeks on crutches afterwards.

Both Ted Miller and Carl Neeland went out in the Wathena game with ankle injuries.

In all, it was a tough year for the Trojans.

## Lettermen Return to Spark Team Effort

The Trojan Basketball Squad started the season with only three returning lettermen but ended with eight more. It was a year for seasoning new talent for more promising years ahead. A hustling group of juniors with a good sophomore backed the experienced seniors in some well-played games. Against an ever-present height advantage, the squad worked heroically from defeat to defeat. The high moment of the season was the win over Elwood during the second night of the league tournament at Highland.

## A Mighty Effort by a Mighty Few

Sixteen Trojans participated during the 1969 track season. The squad started with only four returning lettermen but ended up with nine lettering.

The track season was highlighted by the Troy Invitational in which seventeen schools participated. The Trojan mile relay team (pictured at right) consisted of Gary Masters, Marvin Gaither, Roger Losson, and Ronnie Masters.

The K-36 Freshman meet was held at Troy. Both Mike and Gary competed.

## Ninth Graders Take on High School Look

Because they were not able to carry on money-making projects, each member of the Freshman class was assessed a one-dollar dues for the class treasury. ## Seniors End Successful Year

The 1969 graduates of THS, having made enough money to see them through to graduation, sat back and enjoyed their final year at THS. They had a successful Senior Play in November, held the traditional Senior Carnival in January, and went to the Ozarks for their Senior Trip.

This year, as in previous years, the Class of 69 had a new set of sponsors, Mr. Bill Foster and Mr. Ed Heinen.

Ronnie Masters received the all-around athlete award presented by his teammates.

Roger Loisson (left) received Booster Club trophy for outstanding track and Keith Winder was awarded the trophy for outstanding defensive football.

# Scholastic Seniors Win Top Class Honors

Beverly Ross (above left) received the title of valedictorian of her class; and Pat Harris (at right) was salutatorian.

## American Legion Award Winners

Each year the local American Legion selects 2 boys and 2 girls on the basis of scholarship, service, leadership, and citizenship. This year Pat Harris and Ronnie Masters were the winners, and Don Clary and Bev Ross were the runners up. (pictured at right).

The valedictorian and salutatorian were presented commencement night. The legion winners were honored on Awards Night, May 19.

Kenneth Winder, top left, received the Elks award. John Neumann (top right) received a scholarship from St. Benedict's.

Don Clary and Sandra Hoffman were given "I Dare You" awards sponsored by the Danforth Foundation.

## Scholastic and Leadership Awards

Students who received certificates in the Emporia State scholarship tests were as follows: Sara Booth, Kenneth Winder, Pat Harris, Ted Smith, and Ruth Burkhardt. Cathy Buch and Pat Reeder are not pictured. In senior tests, Kenneth placed first, Don Clary (not pictured) was second and Pat placed third.

The Crisco Trophy was awarded to Pat Harris at the 1969 Style Review. She also received the Betty Crocker Homemaker Award.

## Present Goals for Underclassmen

The National Honor Society installed six new members with candlelight ceremonies on Awards Night, May 19, 1969. Those installed were Arlen Rhunke, John Elder, John Turpin, Vicki Foley, Jane Gray, and Mike Gardner. Each 1969-70 member also received a pin and was given the honor of signing the official scroll.

One member, Arlen Rhunke, was also selected to the national organization of Outstanding Teenagers of America.

## **This Ends the Year**

The Trojan this year had two people instead of one to take the responsibility for recording the 1968-69 school year. Together with Mrs. Janice Ashley and eleven annual staff members, they put in countless hours of work.

Every year the new staff learns from the mistakes of years past, and from some of their own, while striving to make a better yearbook.

It has been a pleasure, and a privilege for us to work on this annual, but it has also been an experience we won't soon forget. Now that we have finished our work, we bid goodbye, and good luck to the next annual staff.

### **Your Editors**

(Thus we bid thee adieu, and having toiled without wage this past nine months, we humbly beg leave to ask thy loyal support of our noble teams, scholastic and athletic both, and beg thy forgiveness for our inevitable errors.) J.S.
