Hope You Had the Time of Your Life...

Music is everywhere in the world today. From hairstyles to fashion, music is becoming a major influence on today’s generation. Music can spark memories to help us remember different time periods in our lives.

Music can help us remember key points of school as well. When you hear the fight song, do you journey back to a home football game on a chilly Friday night? Or when you hear the “Star-Spangled Banner,” do you think of a basketball games versus the rival school? When you hear Christmas carols, do you think of the many concerts in which we have participated?

As you journey through this book, music will help guide you through the decades and remember all of the times we have shared as Trojans together. Let the music be your guide!

Freshman Beth Siard and senior Jessica Sutherland clean the trophy case in the lower hall as part of a service project conducted annually by the Kayettes. Photo by Blair Cummings

Faculty members, Rhonda Miller, Mary Winder, and Jeri Lindstrom, listen to Randy Nadler’s presentation on Egypt. He spoke as well as showed pictures in a slide show. Photo by Blair Cummings
Green Day was originally named Sweet Children, but the band changed their name after replacing their drummer with current drummer, Tre Cool. The other members, Billie Joe Armstrong and Mike Dirnt, were high school friends.

Many students spent their “summer in the city.” Sophomore Anthony Hayes went to Jacksonville, FL, to visit his aunt and two cousins. While there, he visited Disney World.

Junior Lyndsi Christopher went to Tybee Island in Georgia. “The island was wonderful. In the morning, I would run on the beach and watch the dolphins. I stayed for two weeks in a beach house. I had my own room with a balcony.”

Jenna Grable, Whitney Stock, Molly Geiger, Blair Cummings, Amy Adams, Emily Schultz, and Courtney Vertin all attended the 2005 Vans Warped Tour in Kansas City.

“Warped Tour was really awesome because I was asked to help serve lunch backstage to all of the band members. I got to meet famous rockstars like Travis Barker (The Transplants), Gerard Way (My Chemical Romance), and Pete Wentz (Fall Out Boy),” said senior Blair Cummings.

Students who did not have a chance to travel to the city spent time in Troy mowing lawns, swimming, and working.

“I mowed lawns this summer in Troy. Also, I helped my dad’s business by helping to build two football fields in Blue Springs, MO. They wanted to be able to put in new tracks and astroturf,” said junior Kevin Luedke.

Some students still chose to play in summer sports leagues. Several boys played on the county baseball team. Whitney Morgan travelled with a softball team.

“I had fun playing, but we had to travel to different cities each weekend, which took a lot of time,” said Morgan.

Sarah Greub
Freshman
*What is something interesting you did this summer?*

My uncle got us lost while we were in Texas, but when we finally got to our resort, we had a lot of fun.

Levi Jenkins
Sophomore
*What is something interesting you did this summer?*

I went to Branson, MO, with my family. We went to the Dixie Stampede and boating.

Kelby Koehler
Junior
*What is your favorite summer activity?*

I like being able to lift weights every day to get ready for football season.
Junior Janie Simpson helps a customer at her summer job at John’s Market. Many students spent a lot of summer break working to save money for weekends, shopping, or college. Some worked in the summer to compensate for the time spent at sports practices. Photo by Jenna Grable.

Jessica Sutherland
Senior
What do you like most about summer?
I love being able to sleep in and go hang out at Smithville with my family. I like being able to do what I want and not worry about doing homework.

Mr. Don Cash
Principal
What is something interesting you did this summer?
I went to Massachusetts to visit family on Cape Cod. While there, we saw Plymouth Rock and a replica of the Mayflower. We also went swimming in the ocean.

Styx evolved from the bands Tradewinds and T.W. 4, but renamed themselves after the fabled river from Greek mythology.

Senior Jenna Grable poses for a picture with My Chemical Romance lead singer, Gerard Way, at the Warped Tour. The Warped Tour was a good place for new bands to gain publicity and funds. Photo by Emily Schultz.
“...Hot fun in the summertime/ We can do what we want to...” Students found many different ways to fill their summer.

Many students worked during the summer at various jobs. “I worked all summer at the Colonial Manor in Highland where I cleaned and did laundry all day. I enjoyed working with the elderly because they told me all kinds of funny stories,” said Heather Wetmore.

“This summer Courtney Vertin and I planted 2,500 mums for Schultz’s Market. It was during three of the hottest days this summer,” said Molly Geiger.

Some students spent their summer traveling. Jessie Siard went to California with a friend. “We went to a couple of beaches. We shopped in L.A. I got to see the actors’/actresses’ stars. We also went to a Low Rider Show,” said Jessie Siard.

Cameron Blanton spent some of his summer in Nashville at a video game tournament. He said, “We didn’t end up winning, but we had a good time. The hotel we stayed in was the Gaylord Opryland. It was very expensive, but nice.”

Other students enjoyed in simply relaxing over the summer. “I had fun going camping and fishing a lot with my friends,” said Martin Meisenheimer.

“...Them summer days, those summer days/ That’s when I had most of my fun...”

What did you do this summer?

Bree Martinez
Freshman

Caylor Luther
Sophomore

Andrew Dominguez
Junior

Emily Schultz
Senior

“...This summer I went to NYR, National Youth Roundup, in Sedalia, Colorado. We did a lot of activities. My favorite was the water park, Water World, in Denver.”

“I liked playing baseball this summer because I liked hanging out with people from other schools. I made a lot of friends during baseball that I normally wouldn’t have hung out with. It was also a good way of getting me off work.”

“This summer I lifted weights and played baseball. Our baseball team won the league title for the first time ever. I also got to know Coach Martin this summer at football camp.”

“This summer I spent four hours taking the ACT at Missouri Western State University. Also, I worked at John’s Market to save up money for my car.”

The beach boys are known for bringing the national surf craze into consciousness. They also introduced harmonies which were a major influence on rock and pop.
A new year brought new faces and new opportunities for the faculty to "teach their children well." Not only were there new students but also three new faculty members.

Mr. Steve Martin replaced Mr. Don Cash as the physical education teacher since Mr. Cash took the position of principal.

Mr. Martin kept busy teaching weights, aerobics, and freshman P.E./health. He was also the head coach of football and track. Mr. Martin graduated from Andale High School and Bethel College.

When asked about teaching at Troy High, Mr. Martin said, "Coaching at Troy has been really exciting. It's always a great time when you have great kids who want to get better."

Mr. Paul Montemuro replaced Mr. Brad Flinders as the music teacher. He directed the middle and high school bands and choirs.

Mr. "M" graduated from Lane Tech High School in Chicago. He also attended Central Methodist College and the University of Missouri. He had taught and directed band for the last forty years in colleges and middle schools.

Mr. Larry Sandy replaced Mrs. Carla Johnson and Mrs. Jennifer Gatz as the middle school math teacher. He taught 7th and 8th grade math, Algebra I, and middle school keyboarding. He also, after a reassignment of classes, taught calculus and geometry for Mrs. Stephanie Austin. Mr. Sandy took over Mr. Tom Bond's position as the head cross country coach.

Mr. Sandy said, "The year started out a lot better than I expected..."

The freshman class had three more years. They had a long road ahead of them, with many hills, turns, and a few potholes, but in the end they could look back at the mistakes and the fun times that they had and say “we were merely freshmen.”

Freshman year was the first year that they were allowed more freedom than in the past. “This is the first year that the freshman class wasn’t able to do a fundraiser, so they start off with no money. They did a very good job with their float for Homecoming. I am very proud of them for working so hard.” said freshman class sponsor Margy Hedden.

The freshman class was not able to do a fundraiser because of a board policy.

The freshmen were able to take only Mrs. Israel’s English classes because Mrs. Rockey taught theater arts.

The freshmen also had a choice, whether or not to take geography or world history with Mr. Rockey. “This year is a little easier without a fundraiser, but we do start off with no money which is not too good. I had a great time at Homecoming, and I had a lot of fun at the parade. The football game was awesome also because we beat Jackson Heights and had a fun dance afterwards,” said freshman Michael O’Donnell.

“For the life of me, I cannot remember. What made us think that we were wise, and we’d never compromise...We were merely freshmen...”

Third Eye Blind’s first tour date in Houston, Texas, sold out in under 10 minutes.
Summer faded; as did the flowers, green grass, and warm weather, but then came a cool breeze, football season, and the beginning of autumn.

Students had a chance to participate in a number of fall activities including volleyball, cross country, homecoming, FFA, and the fall play. Some chose to do one, two, or even three of these activities.

Freshman Jesse Marriott spent much of his time practicing and playing on the Trojan football team.

"Football was a lot different than I expected it to be. But I really liked it and am looking forward to three more seasons," said Jesse Marriott.

Homecoming was another highlight during autumn for many students. "My favorite part of fall is the Homecoming game. We had a lot of fun, especially at the pep rally," Sandra Eteeyan.

Other students look forward to autumn because of the many hunting seasons that are this time of year.

Keiffer Whetstine said, "I really like fall because of the hunting. Kody Duncan and I hunted for deer before and after school."

"Every fall my family and I get in the trusty mini van and travel to the apple orchard. We spend most of the day going through the trees finding the best apples to eat. When we have most of our baskets full, we go to the shop to buy gourds and, of course, apple cider. It's one of the best feelings, walking about in the cool breeze with the smell of fall in the air," said senior Amy Adams.

Even though the season changed, the new season brought new activities.

Amy Adams, Kendra Eteeyan, and Hannah Jenkins construct advertisements for the fall play, Gentlemen Prefer Blondes. A crew was assigned to make tickets and advertisements to sell and hang around town. Photo by Blair Cummings.

Seeger, son of a musicologist, left Harvard in 1938 and made a journey through the United States, collecting songs and meeting Woody Guthrie and Leadbelly.

Thomas Keller
Senior
What will you miss most about high school football games?

I will miss getting to see my classmates play on the Trojan field.

Mrs. Clisbee
Art Teacher
What new events did you start this fall?

I requested one of the LCD projectors to keep in the artroom for teaching art history. It has greatly enlarged the range of art I can show students. I love it!
“Are we growing up or just going down?”

Although many things had changed, the sophomores had an exciting year. The class did not have a fundraiser because of a new district rule that only juniors and seniors could conduct fundraisers.

“We’re the chemists who’ve found the formula.” Starting this year, sophomores were required to have 27 credits. Last year they only had to have 26. Some students, such as Kacie Fenley, were not upset about the change.

“Having more credits does not really bother me. Actually, I like having to do more work,” said Fenley.

The powder puff football game was a first for the high school girls. The sophomores and juniors took a victory in the competitive game during the week of Homecoming.

“It was wicked! We all ran around like idiots, and our sportsmanship was ok,” said Kaitlyn Jordan.

The Homecoming festivities were not new for the sophomores. They all participated in making their class float.

“A lot of people helped and we all had fun. Our float turned out well even though we did not win,” said Whitney Sutton.

With a year under their belts, the class was able to enjoy itself.

“This year is a lot easier than last year. The meetings went a lot better,” said President Madi Twombly.

The class made it through the year without a “sophomore slump;” this truly was a “comeback of the year.”

The band did not have a name until after their second show. They asked the crowd what they should be called and someone screamed “Fall Out Boy,” a superhero from the hit TV series, “The Simpsons.”
The Troy FFA Chapter had a very successful year. They started the year with a trip to Louisville, KY, for National Convention. Next, they had a Hazardous-Waste Collection Day with the Wathena and Doniphan West chapters where they collected household-waste items.

The entomology A-team placed second at districts, and the entomology B-team placed third. The Agriculture Communications team placed third at districts as well. Four teams of students traveled to Manhattan, KS, to Kansas State University to compete in the state contest.

The Ag-Issues team consisted of freshmen, Katie Norris, Jake Smith, Lacey Smith, Michael O’Donnell, and Jeremy Miller, and Brennan Wehner and Christina Ivey, sophomores.

The Ag Communications team consisted of Megan Campbell, senior; Janie Simpson, junior; and sophomores Jordan Libel and Heather Wetmore. Junior Tim Kostman competed in entomology, and sophomore Kayla DeLeon competed in floriculture.

The Ag Issues team placed first at the state level, qualifying them for nationals in Indianapolis, Indiana, and the communications team placed 7th.

Individually in the communications contest, Janie Simpson placed 12; Megan Campbell, 26; Jordan Libel, 35; and Heather Wetmore, 45; Kayla DeLeon placed 48 of 119 in floriculture.
"My favorite memory of FFA this year was placing first at the District Ag-Communications contest, and, of course, the state FFA trip to Manhattan. That's always a blast!"
-Jordan Libel, junior

"The Ag Issues team placed first at the state contest in Manhattan, KS, qualifying them for the national contest in Indianapolis, Indiana. "The Troy FFA Chapter was established in 1950. To the best of my knowledge, this is the first state champion team in our history. This group spent a lot of time preparing for competition. I am extremely pleased with their accomplishments."
-Darrell Wapp, Troy FFA Adviser

Alabama has received 21 gold, platinum and multi-platinum albums, 42 number one singles, over 150 industry awards including 8 country music “Entertainer of the Year” honors, and two Grammys.
“A kiss on the hand may be quite continental, but diamonds are a girl’s best friend.”

*Gentlemen Prefer Blondes* is a play about a young girl named Lorelei Lee and her friend, Dorothy Gilbert. In the play, Lorelei and Dorothy go to Europe to become educated and to meet intriguing gentlemen, but disaster hits along the way.

The play was November 10 and 11. The school received new curtains which made the stage look better.

Some other new things happened in the play, too. Amy Adams and Casey Beemer both dyed their hair and two people were double-cast.

Director Martha-Jean Rockey said, “Although about half of the cast was new to the experience, the rehearsals went much more smoothly than most years, and watching Daniel and Matt sort through women’s lingerie, ‘ohh lah lah,’ was a lot of fun.”

Another thing that happened differently was that the cast rented many costumes instead of having them made.

“But square-cut or pear-shaped, these rocks don’t lose their shape; diamonds are a girl’s best friend.”

Above: Miss Chapman (Johnna Pasch) accuses Dorothy (Casey Beemer) and Lorelei (Amy Adams) of being extortionists while Mrs. Spoffard (Ginny Hodge) and Henry (Carl Tharman) look on. Photo by Blair Cummings

Right: Daddy (Jared Adkins) gets news from his lawyer that he is being sued. Photo by Blair Cummings

Top: Broussard Jr. (Daniel Dominguez) and father, Broussard Sr. (Matt Doolan), are detectives sent by Mrs. Spoffard and Miss Chapman to find the pawn ticket. It is hidden in Lorelei and Dorothy’s hotel room, and they have to find it before the girls come back. Matt Doolan said, “It was really neat and an unusual experience. Getting in front of the lights for the first time was scary, but everybody was really great and helpful.” Photo by Blair Cummings

Layout by Amy Adams
Above: Lorelei (Amy Adams) pouts after realizing it is all Miss Chapman's fault that she and Henry are not together. Her best friend, Dorothy (Cacy Boerner), is trying to get her to think about the positive and see that Henry went along with it. Photo by Blair Cummings

Below: Mrs. Van Austin (Elizabeth Tharman) and Mrs. Van Osborne (Laura Greub) are trying to get their daughters, Margaret (Janie Simpson) and Sylvia (Jessica Watkins), to fall in love with Henry. Photo by Blair Cummings

"Diamonds Are A Girl’s Best Friend" is from the original movie Gentlemen Prefer Blondes, starring Marilyn Monroe.
The cross country team consisted of 11 teammates, five girls and six boys, and head coach Larry Sandy. The team attended only six meets, and could not run as a team at every meet. The boys ran as a team at three meets: Sabetha, Centralia and Nemaha Valley. The girls ran as a team at only two meets: McLouth and Centralia. They ran individually at the other meets. Every day after school, the team would stretch and then the girls ran two miles or more and then the boys ran three miles or more.

They had different types of workouts each day whether it was running around the track or hiking up in the hills. The team agreed that south block was the most difficult three-mile workout to run.

Their practices lasted approximately one hour. After practice, they had to stretch again as a team before they were able to leave.

Regionals were October 22 at Rim Rock. Only two competed at regionals: Kaitlyn Jordan and Kameron Duncan. Both ran their best times but unfortunately did not qualify for state.

They had an end-of-the-season party at Troy with games, food, and other fun events. Wathena’s cross country team was also invited.

Throughout the season each runner improved at every meet. Each athlete pushed harder and harder at each practice to make himself or herself better.

"Being the fastest doesn’t mean you are the best. The best are those that give 100% at every practice,” said Coach Sandy.

Throughout the season, the runners gave it their all, and ran to “where the black top ends”!

Kameron Duncan fights hard to pass a runner from Jefferson County North. Duncan finished the race with 18:32 and came in 3rd at the Centralia meet. He was also awarded the "Best Sophomore" award at the awards assembly. This meant he ran the best time of all the sophomores at that meet. "I was running with a student from Jefferson County North beside me and a runner from Onaga was right behind me; the guy beside me was Clayton. I let him beat me so his team could win because Troy didn’t have a team. At that race, I think I did pretty good. I was proud of myself and everyone else. I also think that I did pretty good for the season. I’m excited for next year," said Duncan. Photo by Johnna Pasch

Kaitlyn Jordan and Jessica Sutherland run side by side at Seneca. Jordan came in 29th with 16:25; Sutherland came in 30th with 16:27. "I think we did well for the numbers we had, but we could have done better," said Sutherland. Photo by Tim Griffin

Far top left: Brent Leger, looking ahead, came in 23rd with 20:15 at the Centralia meet. "I had an average season. I know I could have done better, but I was also in football and concentrated more on that than cross country," said Leger. Photo by Johnna Pasch

Far bottom left: Colin Greaser runs at Centralia and finishes 40th with 22:37. "For me it was hard. I didn’t go to the practices because I was in football so going to just one meet was enough," said Greaser. Photo by Johnna Pasch

Keith Urban

He is from Whangarei, New Zealand. His first musical performance was at age 6. He plays guitar, bass guitar, drums, keyboard, banjo, and sitar.
The Lady Trojans had high hopes of accomplishing a winning record and going further than the first round of sub-state. Although neither of these two goals was reached, the Lady Trojans improved each time they stepped onto the court.

Starting with the pre-season DVL tournament, the girls showed potential. They were in a bracket with Wathena, Jackson Heights, Doniphan West and Oskaloosa. Leaving with a 1-3 record, defeating only Oskaloosa, the Lady Trojans knew they were capable as long as they could get it together.

They also competed in the Hiawatha Invitational. They faced Immaculata, Elwood, Atchison and Centralia. The team came home with another 1-3 tournament record, beating Elwood. The Lady Trojans also competed in the Atchison Tournament. The girls came out with a bang against Atchison, but did not win the game. The team came home 0-4.

The Lady Trojans’ volleyball season ended at sub-state at Frankfort in the first round when they played the number-one seed, Valley Heights.

One Lady Trojan came away with post-season honors. Whitney Franken received All-League Honorable Mention.

Although the girls did not have a winning season, they kept in mind that “life is short so go on and live it ‘cuz the chicks dig it.”

The Lady Trojans get fired up by Coach Kevin McNorton's pep talk at the only home game. They took on JCN and Horton but could not pull off a win. The Lady Trojans took Horton to three games but ended up losing in a very close rally. The girls kept their heads up because they fought hard. "We had a lot of talent this year, but some matches we just couldn't pull it together. It was great how our team kept a positive attitude throughout the season," said senior Blair Cummings. Senior Whitney Stock added, "I wish we could have brought it together in time for sub-state because I know that our team was capable of having a better record." The Lady Trojans, despite their downfalls, kept their pride and never let down. Photo by Kara Masters

The first song Chris Cagle learned how to play was Lynard Skynard's "Free Bird." He began playing guitar at age 6, but gave it up because his hands were too small. He picked up playing again when he was in high school.
The Trojans had a successful season with a 6-4 record and a district championship. The Trojans were led by a new coaching staff including Head Coach Steve Martin, Assistant Coach Jonathan Winder, and Assistant Coach Jonny Gould.

Coach Martin said, “My goal for the boys was to have them give it their all and hit the other team until they quit.”

Coach Martin’s mindset of “hitting every team with their best shot” led to an undefeated-league record at home. The Trojans lost in the bi-district game against Doniphan West, 21-28.

The Trojans did win some big games, such as against rival Wathena, 57-14, and Homecoming against Jackson Heights, 13-12.

The Trojans also had great individual success on both offense and defense with five All-League players.

On offense, senior Garrett Twombly was 2nd team runningback, junior Cole Whetstine was 2nd-team offensive line, and senior Carl Tharman was honorable mention runningback.

On defense, junior Andrew Dominguez was 1st-team defensive-line, junior Kelby Koehler was honorable mention linebacker, and Twombly was also named 1st-team defensive-back.

When asked how the season went, junior Drew Grable said, “I thought football went very well. We played like a team at the end of the year. I would have liked to have made it farther than we did.”

---

The Trojans line up for a punt against the Horton Chargers. The Trojans beat the Chargers 35-7. Caylor Luther led the Trojans with 113-yards rushing, scored on a 6-yard touchdown run, and also scored on a 56-yard interception return. Garrett Twombly scored on a 40-yard run and a 4-yard run. The Trojans held the Chargers to a team total of just 9 yards rushing. Kodie Koehler led the defense with 2.5 sacks and 3 tackles for a loss. Photo by Blair Cummings

Top Left: Caylor Luther runs the football after catching a pass from Kelby Koehler against the Oskaloosa Bears. The Oskaloosa game was the first game played under new head coach Steve Martin. The Trojans won 33-7. Photo by Casey Beemer

She finally found her onstage persona in the form of a wild Halloween costume which she had worn as a joke.
The kick-off of Homecoming week was all about spirit. With school not in session Monday, Spirit Week started Tuesday. High school girls took part in the powder-puff football game Thursday evening.

Homecoming day started with the senior art students painting the football field. Each class had been working on their floats the whole week. They were parked on the track awaiting the parade and pep rally. The pep rally was held on the track because Main Street was blocked off for construction. Freshmen were initiated during the pep rally. The audience was informed that the freshmen would be showing them "how they go to the bathroom," but the freshmen thought they would be showing the audience how they ride a bull, surf, ride a motorcycle, or flex their muscles.

Carl Tharman and Hannah Jenkins were crowned Homecoming royalty before the game Friday. The Trojans won the football game against the Jackson Heights Cobras, 14-13. Student Council sponsored a dance after the football game. The theme was "Walk Like an Egyptian."

Candidates Blair Cummings, Whitney Stock, and Casey Beamner try to run across the imaginary egg shells during the candidates' game. Cheerleaders Whitney Franken, Courtney Turpin, and Ashley Weis watch. Photo by Molly Geiger

Cross country coach, Larry Sandy, and volleyball captain, Blair Cummings, are "racing" to see who can eat the pudding faster. It was coaches vs. captains. Photo by Ryan Jones

Above: Katie Norris and Bree Martinez try to help their team get the football in the endzone for a touchdown while Whitney Morgan plays defense. The girls organized a powder-puff football game for Thursday evening, which brought back an old tradition. The teams were the Pink Ladies, the senior and freshmen girls, and Purple Power, the junior and sophomore girls. Although it was a good game, Purple Power took a quick lead over the Pink Ladies and ended up winning the game. Photo by Ryan Jones

Top: Colin Greaser, Kevin McNorton, and Amy Adams walk to class dressed in their "nerdy outfits." Costume Day was Tuesday. Students had the option of dressing in a costume of their choice. Wednesday was "Invasion of the Nerds." Napoleon Dynamite set a new fad at THS. Thursday was Mismatch Day, and Friday was Trojan Day when students could "Be True to Their School" by wearing blue and white. Photo by Blair Cummings
Above: The members of the Homecoming Court were Zach Gaarder, Casey Beemer, King Carl Tharman, Queen Hannah Jenkins, Dru Whetstine, Whitney Stock, Garrett Twombly, and Blair Cummings. Attendants were Gentry Duncan, Brittny Leger, Silas Christian, and Christian Umphenour. Photo by Molly Geiger

Left: Cheering for the powder puff football game were freshman boys Ethan Robinson, Colin Greaser, Jesse Marriott, Auten Huss, Riley Whetstine, and Kyle Smith. The boys in each grade had a job during the game. The sophomore boys were the chain gang, junior and senior boys were the coaches, and the senior boys also danced at halftime of the game to “Can’t Touch This.” Photo by Ryan Jones

Bottom Left: The seniors won the Homecoming float contest with the theme, “Take ‘Em To The Tomb.” Tyson Rohrer, Emily Schultz, Johanna Pasch, Nathan Keller dressed as the mummy. Gabe Owens, Ryan Jones, and Amy Adams wait for the Homecoming parade to start. Photo by Jenna Grable

The Beach Boys continue to tour with only one of the original members, Mike Love. The Beach Boys were inducted into the Rock and Roll Hall of Fame in 1988
"How does the time pass by so fast?..."
The year was full of games, homework, tardies, assemblies, school lunches, pep rallies, speeches, projects, and fun with fellow classmates.

The time seemed to pass by quickly with many activities to fill everyone’s time. One unique part of attending Troy High School was being able to take part in so many activities.

With psychology and speech offered, many juniors and seniors took part in several class activities or gave presentations.

“My favorite class project this year was my demonstration speech I gave in public speaking. I made sugar cookies and then got to eat them. Yum!” said junior Kara Masters.

Some students’ clubs in which they participated did unique activities.

“Sports were played throughout the year as well. “My favorite sports moment this year was when I made a half-court shot against Valley Falls. The referee burnt me though and said it was after the half-time buzzer,” said senior Andrew (Burl) Simpson.

Although the year was busy, students had many memories to recall.

Brandon Meers
Freshman
What is your favorite season of the year?
Summer; it is warm and I can go swimming whenever I want.

Christina Ivey
Sophomore
What is your favorite season of the year?
Summer, because it is warm and I can do whatever I want. The summer is relaxing and that is why I love it.

Jessica Watkins
Junior
Who is your favorite high school teacher?
Mrs. Heddens, because she took over the college math classes, taught them better and faster, and because she is just plain awesome, of course.
Kara Masters, Kodie Koehler, Morgan Lister, Tim Kostman, Laura Greub, and Jessica Watkins work on class experiments in chemistry. The experiment centered around electricity and making the light bulbs illuminate. Photo by Casey Beemer

Jared Adkins
Senior
What has been your favorite class?

Theater arts, because theater is my passion. I am planning on majoring in theater in college, and one day I will either perform or teach this wonderful art.

Mary Simpson
High School Secretary
What have you enjoyed most about this year?

The students who stop in to see me in the office and seeing Jamie throughout the day. I love the dance team.

Jenna Grable and Molly Geiger work on the design and order of the yearbook. They chose to organize the book chronologically instead of using the normal sections. The book highlights each of the season’s and their activities. Photo by Blair Cummings

Comeback Kid is a hardcore band from Winnipeg, Canada. They originally formed as a side project but became popular by word of mouth.
The students tried to “Find a Balance” in the computer and science classes.

Physics was taught in the IDL room by Mr. Robert Massa of Uniontown High School. The class was taught through Interactive TV. There were only three students in the class, seniors Ryan Jones, Garrett Twombly and Carl Tharman.

Students in computer applications learned how to use many different programs. “I like computer class with all the different stuff we do like Microsoft Powerpoint,” said Kimberly Clark.

Multimedia and business technology was a computer class taught by Mr. Joel Kahnt. The students did varied assignments and also got to create their own webpage, which was displayed on the school website. Mr. Kahnt said, “We try to introduce students to as many different technologies and applications as possible, and to give them basic knowledge of the applications so they can use their skills in the future.”

The biology students did many labs. “I like biology because we learn about many different things, and a fun thing we did was when we went to the 4-H pond to learn about the different ecosystems,” said Marianne Anderson. The students in chemistry studied the periodic table, Mr. Kevin McNorton said, “My favorite part of teaching science is when students begin to see connections between the various things we study and also between those things and the real world.”

What do you like about your science class?

Laura Tharman
Junior
Chemistry

“I like chemistry because we learn a lot about the periodic table and its properties uses.”

Ryan Jones
Senior
Physics

“I enjoy physics. I’ve learned many things and get to do many interesting experiments.”

Laci Ashford
Sophomore
Biology

“I like biology because when we are in the lab, it makes the time go by faster.”

Above: Junior Drew Grable asks Mr. McNorton a question about a chemistry experiment. The class went into the lab to conduct experiments and do mini labs from the book. Photo by Blair Cummings.

Top: Junior Wade Klaus is looking up information on the Internet for a computer project. When they completed projects they got to listen to music and surf the internet. Photo by Blair Cummings.
Above: Sophomores Laci Ashford, Levi Jenkins and Andrew Robinson work on a starch experiment in biology. Most of the experiments were done with two or three people in a group. Photo by Blair Cummings

Left: Sophomore Heather Wetmore gets ready to do a project in biology. The class did a bean experiment and they measured the bean sprouts for many days. Photo by Blair Cummings

Atmosphere
Atmosphere is a hip-hop group from Minneapolis that centers around rapper Slug (Sean Daley).
Students had opportunities to fall into history and other social studies topics with their instructors as their guides. Mr. Lyle Rockey taught students world history, American history, and geography.

"In American history, we covered modern American history from most of the 20th century with a major emphasis on the 1900s," said Mr. Rockey.

In geography, they studied Asia, Australia, the islands of the Pacific, and North and South America. Mr. Bruce Reynolds taught American government and economics.

"If we do not know how the government works, it is hard to know when it needs fixing or if someone is taking advantage of it," said Mr. Reynolds.

The American government class studied the role of government, origins of the U.S. Constitution, the Bill of Rights, roles of Congress, the President and the executive branch, and federal budget-spending. The class took part in County Government Day April 28.

"The office holders and workers in the courthouse went to an abundance of work getting ready for County Government Day," said Mr. Reynolds. "The Highway Patrol, National Guard, and the VFW also helped out."

The government students had the opportunity to shadow county office holders to learn more about the county government system. They also listened to presentations by the State Drug Awareness representative and local Highway Patrolmen.

Mrs. Martha-Jean Rockey explored the human mind with her college psychology students.

"Almost the last thing they did was write a reflection paper on themselves and what they learned," said Mrs. Rockey. "I was pleased with the many positive responses."

---

What was your favorite thing about your Social Science class?

Nathan Keller
Senior
American Government

"The lively discussions we have in American government class are interesting. I enjoyed talking about the salary of the President."

Tim Kostman
Junior
Geography

"My favorite thing about geography is learning about all the different countries, their cultures, and where they are located in the world."

Hannah Jenkins
Senior
College Psychology

"In college psychology, I like learning traits about myself that I didn’t know I had. I feel like I understand myself better."

---

Above: American history instructor Lyle Rockey creates a test while students work on an assignment. "I believe students need to read the materials to best learn about the subject," said Mr. Rockey. Photo by Casey Beemer

Top: Jessie Siard and Micheal Springstead work on an American government vocabulary assignment. Instructor Bruce Reynolds had students define vocabulary words to reinforce their understanding of concepts in the text. Photo by Casey Beemer
Above: Zach Gaarder, Ryan Jones, Molly Geiger, Amy Adams and Johnna Pasch look at artwork done by patients at the Glore Psychiatric museum. "I was surprised that some of the patients could create such good artwork," said Amy Adams. Photo by Blair Cummings

Left: Zach Gaarder tastes samples for an experiment conducted by Molly Geiger, Jenna Grable, Whitney Stock, Blair Cummings, and Johnna Pasch for an assignment in college psychology. The girls asked their blind-folded subjects to taste 20 different flavors, including soy sauce, sugar water, soap, and sweet onion sauce and then decide whether each flavor was sweet, sour, salty, or bitter. Photo by Blair Cummings

Brie Larson began her career on the set of "The Tonight Show" and from there became a regular for Disney Channel movies.
A-B-C sometimes is not as easy as 1-2-3. The math department offered plenty for the students.

The classes included business math, pre-algebra, algebra, Algebra II, geometry, college algebra, college trigonometry, and calculus.

Junior Janie Simpson took college algebra and said, "We had a rough beginning, but we came out with a good teacher and after some reviewing and hard work, we got back on track."

The college algebra class was made up only of juniors. The first semester of this period was college algebra; the second semester, college trigonometry. Some juniors opted not to take trigonometry.

Junior Cole Whetstine said, "I like my geometry class because I get along with everyone in the class. It is a lot easier to get help when there are smaller classes, so that is another reason I like the class."

Math teacher Margy Heddens said, "Classes are going great! My students are wanting to learn and seem to enjoy doing math. My college algebra kids are awesome!"

There were a few changes with the instructors for the math classes. After Mrs. Stephanie Austin left, Mr. Larry Sandy, Mr. Bruce Reynolds, and Mrs. Margy Heddens had to pick up the extra math classes.

Mrs. Heddens took the college algebra and trigonometry classes. She also took over the math remediation seminar.

Mr. Sandy took over the geometry and calculus classes.

Mr. Reynolds took over the business math class.

What do you enjoy most about your math class?

Micheal Springstead
Senior
Business Math

"There aren't a lot of kids in the class so we get away with a lot more. It's fun!"

Josh Smith
Junior
College Algebra

"The class is small so we can get individual help. I like it because we don't mess around; we just work."

Elizabeth Tharman
Sophomore
Algebra II

"The people are great and make the class very interesting. Also, Mrs. Heddens makes it fun to learn!"

Above: Wade Klaus works on his assignment in Mr. Reynolds' business math class. The assignment was on income tax, withholding, and deductions. Photo by Lyndsi Christopher

Top: Jenna Grable and Dru Whetstine work on their assignment in calculus on which they figured derivatives and limits. This class was only offered to seniors, and they were the only two who decided to follow through with the class. Photo by Casey Beemer
Above: Holly Ivey gets help on her assignment from Mr. Reynolds. There were only five students in business math.

"I’m not going to say that I’m glad that Mrs. Austin is gone, but I will say that Mr. Reynolds is a really awesome teacher. I’m glad I have the pleasure of having him as my teacher,” said Holly Ivey.

One thing that was different about this class was that it was taught in the middle school building. Photo by Lyndsi Christopher

Left: Drew Grable and Jessica Watkins help each other review for the final test in college algebra. They are writing up formulas for equations they will see on the final. Some of the equations were for the center and the radius of a circle, the quadratic formula, and many others. The students used some of their class periods to review for the final; they were very focused because they had to get a good grade on it to pass. They also did not want to waste the money they had paid for the class. Photo by Lyndsi Christopher

The Jackson 5’s first main gig was at a place called Mr. Lucky’s. They were paid $1 each for their performance.
Mrs. Margy Heddens taught Spanish I and Spanish II, incorporating fun into her learning. For many of the Spanish holidays, the classes got to hold fiestas. On the Day of the Dead, the students played a fun Spanish checkers game, *Alquerque*. Many students brought treats to share. They also celebrated *Cinco de Mayo* by creating a variety of colorful pinatas. After they made them, they picked one to destroy. Each member of the class got to take a turn at attempting to empty the contents, lots of candy, from the pinatas.

Another way Mrs. Heddens incorporated fun into learning was by having the students translate recipes which they made and shared with their classmates. A variety of English classes were taught by both Mrs. Martha-Jean Rockey and Mrs. Babetta Israel. Mrs. Rockey taught sophomore speech, mythology, newswriting, British literature, American literature, and genre analysis for the seniors. Junior Matt Doolan said, "I really enjoyed going over early British literature; that was all very interesting. Mrs. Israel taught study skills, aphid grammar, short story, and composition for freshmen. For the sophomores, she taught three diverse classes: creative writing, Poe/mystery writers, and grammar and spelling review. The juniors and seniors had four options: advanced composition, research, novel, and science fiction. Junior Kodie Koehler said, "I like Mrs. Israel's classes because she is a good teacher, and we also get to watch a lot of very good movies."

What did you like most about your Spanish/English class?

Darryl Meng
Senior
English IV

"In that class, you always get enough time to do each assignment which is really nice."

Matt Ploeger
Sophomore
Spanish II

"I like that we get to eat food at our fiestas in that class."

Kerya Wykert
Freshman
English I

"I really love English. I love to learn how to write."

Above: Johnna Pasch gives a speech in college speech. The assignment was to make a poster with pictures that describe her personality and life and give a speech over it. Photo by Casey Beemer

Top: Clyde Hixson does his demonstrative speech in English class. His speech was on how to make things with clay, a skill he learned in art class. Clyde also displayed some of his art. Photo by Casey Beemer
Above: Exchange student, Vanessa Pereyra, and Whitney Sutton stir their project in Spanish II. The goal of the project was to create or get a recipe, translate it into Spanish, present the recipe and also cook it during class. The students went to the Home Ec room to cook and share their food. Whitney and Vanessa made Arroz con Leche, rice with milk; it is a dessert that Vanessa has in Peru. Although some of the students were hesitant to try it, they enjoyed trying something new and from a different country. Photo by Lyndsi Christopher

Left: Riley Whetstine takes a swing at the baseball-shaped piñata created for the Cinco de Mayo celebration. Cinco de Mayo is a celebration May 5 to honor the independence of Mexico. It is similar to the U.S. 4th of July. Riley was a freshman in the Spanish I class. In the background, Brennan Wehner, Kyle Smith, Jeremy Miller, and Brandon Meers have a good laugh at Riley's expense while they wait for their turn. Photo by Blair Cummings

When the band originally formed, they were considered a "grunge band." After that didn't succeed, they went for a clean-cut (no facial hair) image.
The agriculture department, taught by Darrell Wapp, offered five different classes to students. Intro to Ag was available to freshmen and other first-year students. Ag Science II was offered to second-year agriculture students, Ag Science III was for third-year students, and Ag Science IV was offered to fourth-year students.

The department also offered Ag Mechanics. This class was offered only to juniors and seniors because there was no classroom learning time, only shop time.

Not only was students’ shop time valuable; their classroom time was as well. In the classroom, students learned about the process of reproduction in animals, horticulture, entomology, architecture, and principles of public speaking.

Students also got a first-hand experience in the field of horticulture by working with the plants in the greenhouse. These plants included hanging baskets and patio plants. The department planted geraniums with accents of ivy and spike.

The students had to plant the flowers, water them daily, and maintain their health until it was time to sell the plants. The students raised these plants and sold them as a fundraiser for the department.

Various people of the community had students rebuild and replace projects that needed repaired. These included cow feeders, fence posts, and trailers. Usually students got paid to do this because it took time out of their schedule.

A representative from WyoTech also came to speak to them. WyoTech is a technical college that offers various shop-related courses.

What are your feelings about the Ag program?

Ryan Whittaker
Senior
Ag Science IV

“I will miss being able to go and work out in the shop. I will also miss my friends and Mr. Wapp.”

Jacob Smith
Freshman
Ag Science I

“I liked working in the shop. I don’t like working in the classroom, even though we cover a lot of things.”

Luke Wampler
Junior
Ag Mechanics

“I have been working on a flat-bed for my pick-up. It was very time consuming, but in the end it was worth it.”

Above: Kevin Luedke and Wade Klaus are listening to the representative from WyoTech. Anyone interested in the technical school and its programs could attend the conference. Photo by Janie Simpson

Top: Megan Campbell reviews for an Ag Science IV Quiz. “We took a lot of quizzes on the computer this year and we worked in the greenhouse a lot,” said senior Megan Campbell. Photo by Janie Simpson
Above: Senior, Wade Sutton welds on a piece of his army-tank cooker. Seniors, Martin Meisenheimer and Ryan Whittaker oversee him and help with the alignment. The tank was used for their own personal use when it was out of the shop. "It took us about a month to complete this project. We built this cooker so we could have something fun to use for cook-outs this spring. I like the army-tank cooker because it's not like any other grill you've seen," commented Sutton. The cooker was a joint project of Sutton, Meisenheimer, and Darryl Meng. The boys spent many class periods working solely on their cooker. Photo by Janie Simpson

Left: Junior, Kyle Juhl works on a grill during his ag mechanics class. "The grill took me a couple of weeks to make. I really didn't try my best on it because it's made for camping. It's nothing really special, but it will work great for what I need it for. I love to go camping and I need a grill that I can use and not have to worry about its well-being that much," said Juhl. Photo by Janie Simpson

The Smashing Pumpkins' album "Mellon Collie and Infinite Sadness" sold 9 million copies, which is more than albums by The Doors, John Denver, and Tupac.
New coach, Steve Martin, brought new activities and different teaching techniques to the students involved in P.E., weights and conditioning, and aerobics.

When asked about his new teaching methods, Andrew Dominguez said, “Some of the new lifts he has shown me have really helped to improve my performance.”

Freshmen were required to take P.E. which included a quarter of a health class. They learned many different things to help them live a healthy life, such as healthy-eating habits and saying “no” to drugs.

Weights and conditioning was open to all sophomores, juniors, and seniors who were looking to stay fit. There was a variety of students involved in weights, athletes and non-athletes alike.

Senior Dru Whetstine said, “Coach Martin really helped me stay motivated and work hard through football. He even helped through basketball when he wasn’t my coach.”

Aerobics was another option for the upperclassmen. The students worked out to different kinds of videos, such as pilates, yoga, and numerous ab-videos. Not only did they participate in aerobic activities, they played recreational sports and games like dodgeball, basketball, and volleyball.

“I enjoyed aerobics because it was my one class that I could relax doing yoga and not have to do book work,” said senior Johnna Pasch.

At times, students can feel as if they are carrying the weight of the world on their shoulders. These classes gave students a chance to break away from their studies and participate in healthy, fun activities.

What is your favorite aspect of P.E. class?

“Our physical education and weight-lifting classes offer our students the tools they need to help them live a long, healthy life.”
- Coach Martin

“Weights and freshman P.E. are not only fun and healthy, but educational. They keep us in shape for our different sports.”
- Auten Huss

“Weights class helps me build my muscles and aerobics helps tone the muscles I work in weights. These classes combined help me stay very healthy.”
- Emily Schultz

Above: Jake Smith steps up to bat during a game of wiffleball in freshman P.E. Photo by Casey Beemer

Top: Senior Dru Whetstine dunks the basketball during a free shoot-around in aerobics. On game days, Mr. Martin allowed students to play basketball, which helped players to practice key shots for the evening’s contest. Photo by Casey Beemer
Sophomore girls, Madi Twombly, Kacie Fenley, and Jena Johnson, stretch out before lifting weights. All the students in weights classes took time to do this as well as agility drills and running to get warmed up and ready to lift so that they would not strain their muscles. Photo by Blair Cummings

Sophomore Whitney Sutton watches herself in the mirror as she squats in weight class. She is watching her form to make sure that she is doing the lift correctly. Students in weights classes constantly worked toward "maxing out." This is when students work to find the maximum weight they can lift. This is a sure way for lifters to see how much they have improved, and how their hard work has paid off. Photo by Casey Beemer
Even though the band and chorus had two new teachers and a sub for three weeks, the beat still went on and they were really good for the situation they were in.

The teacher at the beginning of the year was Mr. Paul Montemuro. He was the teacher until second semester, when he became ill. The band and choir gave two concerts under his directions.

Miss Francie Kapono came at the beginning of second semester. She had taught in Chillicothe, MO.

“It was difficult when I first started here because I didn’t know at what level the band and choir were. Under the circumstances, I think everyone adjusted very well. All of the students were very helpful. I’m glad I took the job because everyone here has been very nice to me,” said Miss Kapono.

The band and choir went to state in Sabetha. The band got a II, and the choir got a III. This year the whole choir and band did not get to go to DVL because of the situation with the teachers, but the trio got to go to DVL in Highland, and they got a II.

The girls’ trio, the girls’ ensemble, the trumpet trio, Elizabeth Tharman’s solo, and the percussionists all went to Regionals in Atchison at Benedictine College. The girls’ trio got a II, the girls’ ensemble got a III, the trumpet trio got a I, Elizabeth Tharman got a II on her solo, and the percussionists got a II.

“Even though we’ve had different teachers this year, I still have learned a lot and maybe a little more than in years past. Since this year was my senior year, I tried to make it the best. We did really well in all our choir contests and programs,” said Michele Springstead.
Above: Kayla DeLeon, Madi Twombly, Jena Johnson, Kacie Fenley, Elizabeth Tharman, and Marianne Anderson sing at the Christmas tree lighting at the gazebo. Photo by Casey Beemer

Cher was a session singer for Phil Spector; Sonny was a record promoter for him and got her the gig after meeting her in a coffee shop. Cher became Sonny's second wife in 1964.
The students of the industrial arts class left their mark on the community. They made a much-needed addition to the bus barn and the sign for the new community building on Last Chance Road.

The building and trades class built the addition to the bus barn for space. The students did everything from cutting the 2x4s, putting up the rafters, and installing the insulation. Instructor Gene Velharticky said, "The students did an excellent job, and they learned a lot of new things."

Kevin Luedke did about 90 percent of the work on the sign in front of the community building. The sign, made from all wood, said, "Troy Community Center, established in 2005."

The students in Mr. Velharticky's class could make a project or rebuild things that needed fixing around their house. Kodie Koehler repaired a Civil War chest for his aunt. The chest was approximately 100 years old.

Mr. Velharticky said, "Kodie really enjoyed working on this project. He is very interested in the era it came from. It is good to see the kids do something like this; it shows me how much they care."

Carl Tharman won the Outstanding Senior Project award. Carl built a gun cabinet that he had wanted for some time.

Tharman said, "I worked hard on this project, and this award was the frosting on the cake for my senior year in industrial arts."

The students all learned many valuable skills they will be able to put to use now and down the road. The students will always be remembered because of their improvements to the community.

What is your favorite part of Industrial Arts?

Kodie Koehler
Junior
Industrial Arts

I really liked industrial arts because I got to rebuild a Civil War chest.

Tim Griffin
Sophomore
Industrial Arts

I enjoyed getting to make a poker table that I will win money on.

Matt Ploeger
Sophomore
Industrial Arts

I enjoyed industrial arts because I learned a lot of new skills I can use later in life.

Above: Wade Sutton lines up support beams on the new addition to the bus barn while Mr. Velharticky supervises. Photo by Casey Beemer

Top: Mr. V., Drew Grable, and one of the few women of the industrial arts classes, Emily Schultz, mark 4x4s to cut for the bus barn. Photo by Casey Beemer
Above: Andrew Dominguez pushes a board through the table saw while Caylor Luther guides the board for safety. In Mr. V's class, the students always practiced safe procedures. Luther used that board on a stool. He then gave the stool to his mother for Mother's Day. Luther said, "This was an easy project that did not take long to make. My mom enjoyed the stool very much." All of the students made their own projects throughout the year. Photo by Lyndsi Christopher

Left: Kyle Smith works on the drawing process of his project. This is a major step in making proper wood projects. The students were not allowed to begin in the shop without a blue-print. The students learn how to make 2-D and 3-D drawings in the first semester of industrial arts. Smith said, "I like to watch a drawing on paper come to life in the shop." Photo By Casey Beemer

New Order was a determined band that put out six albums in a ten-year span.
Teacher aide, office aide, Vo-tech, and work study were all options for students to participate in. They offered hands-on experience that students can get “All in A Day’s Work.”

Teacher aide and office aide were offered to seniors only. Being an aide was a way to get involved in the school by helping out the teachers and the secretary. It was a privilege to be an aide and not all students got this opportunity.

Vocational Technical School, also known as Vo-Tech, was offered to juniors and seniors only. Students had to pass a test and go to the school board to be approved for Vo-Tech.

“Waking up at 6 o’clock in the morning isn’t that fun, but going to Vo-Tech is extremely useful for me,” said senior Thomas Keller.

Taking this course allowed students to learn things like auto and diesel mechanics, computer technology and networking, and collision repair. For those students who planned to attend college, they could use this as an elective class.

Work study was an elective offered to students who had all of their credits. Students could leave school to work at their actual job for an hour and a half, or students could observe a person working in the same field as they were interested in.

Working at Yo-Tech was really a good real life experience for me. It’s the real world of work and that’s right around the corner in my case,” said senior Wade Sutton.

Students participated in fun activities and helped teachers out “All in A Day’s Work.”

What did you enjoy about your alternative courses?

Above: Heather Whetmore and Lyndsi Christopher study before class at the Vocational Technical School in Atchison. Vo-Tech offered a Certified Nurses Assistants (CNA) night class. Students who attended this class from Troy were the two students above and Whitney Stock. Stock said, "The CNA classes take up a lot of my time but I know that it will really pay off in the end; it's a good pre-nursing class to take." Photo by Whitney Stock

Left: Zach Gaarder helps Mrs. Susan Boeh, the kindergarten teacher, take down pictures used to help the children read. Gaarder said, "I enjoy going to the grade school and seeing all of the kindergarten students; they are a fun bunch of kids to be around, and they really enjoy our help." Photo by Jenna Grable

The band formed in 1972, officially being named Styx. They were composed of two brothers, their neighbor, and a college friend.
"Images on the sidewalk speak of dreams decent..." The sidewalk chalk team at Highland Art Day drew an homage to Kathe Kollwitz's *Death and the Mother*. Their version was designed to honor the veterans who have fallen for our country.

Some other competitions at Highland Art Day included computer design, pin-hole photography, tall clay, and an art history quiz.

"We decided to take on the festival on learning of the serious illness of Mrs. Cynthia Lee at Pleasant Ridge, the scheduled host. With six week's notice, we pulled together an event that one normally has a year to plan," said Mrs. Nancy Cristie, the art teacher.

There were 240 visiting students and 780 artworks on display. Johnna Pasch and Amy Adams took first place in the art quiz. Cristie also added, "We had an exhausting day, but we really saw that we could work together and pull something off."

Students also had the chance to participate in the annual "Art for the Health of It," "Design-an-Ad," and "Albrecht-Kemper Museum of Art Competition" contests. Johnna Pasch and Kacie Fenley placed first and Jena Johnson placed second in "Art for the Health of It." Jena Johnson placed first in the News-Press Design-An-Ad Contests. The student artworks were also considered for district pick to be hung in the district office for two years. The artists chosen included Amy Adams, Kacie Fenley, Jena Johnson, Jesse Marriott, Janie Simpson, Lacey Smith, and Madison Twombly.

Overall, art class gave students the chance to show viewers how they excelled in art over the year.

Above: Zach Gaarder and Clyde Hixson work to keep the "Etch-A-Sketch" competition organized. Cayler Luther placed second in the contest by drawing a picture of *Starry Night* by Van Gogh. The "Etch-A-Sketch" became the theme for the contest and was featured on the t-shirts designed for the event. Photo by Janie Simpson.

Top: Junior Jessica Watkins and Sophomore Marianne Anderson design a clay parrot as part of the clay competition on DVL Art Day. The assignment was to design an animal out of clay. Another Troy group designed a snake as their entry. Photo by Janie Simpson.
Above: Amy Adams, Jessie Siard, and Cassie Siard paint a ceiling tile for the ceiling-tile competition at the DVL Art Festival at Troy. The theme of their tile was based on the paintings, *Jane Avril* and *At the Moulin Rouge* by artist Toulouse-Lautrec. Another Troy group based their tile on *The Three Musicians* by Pablo Picasso. Photo by Jamie Simpson

Left: Seniors Molly Geiger and Jessica Sutherland spray paint the field as part of the annual tradition of the senior art students designing and painting the football field for Homecoming. This was an all-day affair for the senior students. They executed the project well even though their sponsor, Mrs. Clisbee, was out of town for her son's wedding. Photo by Casey Beemer

The band’s name is derived from the New International Version’s translation of 2 Corinthians 4:7, “But we have this treasure in jars of clay to show that this all-surpassing power is from God and not from us.”
The publications staff worked very hard to publish the yearbook, The Trojan, and the school newspaper, The Trojan Trumpet. After 18 students attended the regional journalism contest at K-State, 10 of those went on to state at KU. Six of those students placed at state.

Those who placed were Jenna Grable, 1st in editing, 3rd in editorial writing, and honorable mention in advertising; Janie Simpson, 3rd in yearbook sports writing; Whitney Franken, honorable mention in caption writing and in yearbook copy writing; Amy Adams, honorable mention in editorial cartoon; and the team of Matt Doolan and Janie Simpson, honorable mention in broadcasting.

“The hardest part was being an editor; luckily I had the most amazing partner ever. Without her I would have been lost. The funnest part was going to dinner and a movie. Whitney and I always had a blast,” said Amy Adams.

Newspaper editors were Amy Adams and Whitney Stock. Whitney also took on the responsibility of being the yearbook co-editor with Jenna Grable after Molly Geiger left.

Students created a commemorative book honoring 50 years of Troy High School and 100 years of the Doniphan County Courthouse. Pictures were taken from past yearbooks to be put into a new one.

Quill and Scroll members were seniors Whitney Stock, Blair Cummings, and Jenna Grable.

New members were inducted at awards night. They were juniors, Lyndsi Christopher, Matt Doolan Whitney Franken, Janie Simpson, and senior Jessica Sutherland.

How easy or difficult was the publications class?

Zach Gaarder
Senior

“The easiest part was going to K-State for journalism and the most fun was writing about football games.”

Ryann Marriott
Junior

“The hardest part was having all of the layouts and stories to finish in a short period of time, but most of the time was fun and a little frustrating.”

Janie Simpson
Junior

“It was hard to meet a lot of the deadlines with the newspaper, yearbook, and commemorative book. Overall it was very stressful but a lot of fun.”

Seniors Amy Adams, Johnna Pasch, and Zach Gaarder work to perfect stories for the school newspaper, The Trojan Trumpet. The newspaper came out at the end of every month. Photo by Casey Beemer

Quill and Scroll members: Whitney Stock, Blair Cummings, and Jenna Grable. "It was an honor being recognized for accomplishments from journalism," said senior Whitney Stock. Photo by Casey Beemer

Jon Bon Jovi started his career sweeping the floor at New York's Record Plant recording studio, which led to him making demos with some of the musicians who recorded there.
There are many organizations and clubs to which a student at Troy High School could belong. Among them were National Honor Society, Kayettes, SADD, and T-Club.

National Honor Society held an annual blood drive and helped with the NEK-CAP Christmas drive. National Honor Society welcomed nine new members. The members not only worked at the blood drive, but they took part in calling possible donors and hung signs around the community that advertised the drive.

T-Club sponsored the men’s alumni basketball tournament. This was T-Club’s only fundraiser. The money earned for entry fees went to T-Club as long as they provided students to work at the tournament to keep time, work the scoreboard, and clean up.

The members of Kayettes took part in different beneficial activities, such as decorate the town gazebo with Christmas lights and decorations to welcome the people of the community and clean out the school trophy cases. They also had the traditional Christmas and Valentine gift exchanges.

SADD, Students Against Destructive Decisions, sponsored an assembly where Mrs. Kathy Tharman, talked about her experiences working at a prison. The members encouraged students to make good decisions and think about the consequences of their actions.

They also sponsored a carnival for the grade school students where they stressed the importance of physical health. The grade school students got to play games while learning the importance of good physical health.
A nurse at the Troy Community Center reviews senior Carl Tharman’s paperwork one last time before taking his blood. Tharman, along with many Troy High students, donated blood at National Honor Society’s annual blood-drive. Each person who donated blood had the option to donate “under” a student, giving them a chance to win an iPod. The Community Blood Center donated an iPod for every 50 people that donated. Zach Gaarder won the drawing for the iPod. Photo by Blair Cummings

Left: Bonnie Mitchell, juniors Leslie Smith and Jessica Watkins, and sophomore Elizabeth Tharman inform the student body about making good decisions that will affect their lives as well as the lives of other people. Members of SADD were Sandra Eteeyan, Kendra Eteeyan, Michael Springstead, Jessica Watkins, Leslie Smith, Elizabeth Tharman, Megan Hiemer, and Josie Adams. Photo by Blair Cummings

Axl Rose and Izzy Stradlin formed the band Guns N' Roses. They took their name from two bands they used to play in, L.A. Guns and Hollywood Rose.
The student council was very active. They began by doing a fundraiser for Hurricane Katrina. Each grade competed to see who could raise the most money. The grade school won the contest and, all together, the schools raised over $1,000.

The Homecoming dance was sponsored by Stuco. They set up the decorations, purchased food, and hired the DJ. Stuco was also in charge of cleaning up after the dance.

Stuco members attended a conference at Shawnee Mission North High School in Kansas City. They were able to converse with other student council members and discuss new ideas to try at Troy.

"The Stuco conference was a good chance to get new ideas from other student councils from across the district. The school provided breakfast and snacks as well as entertainment," said Student Council President Jenna Grable.

Student council members sold suckers for Valentine's Day. Students throughout the high school could purchase a sucker to send to a friend.

Queen of Courts was also sponsored by Stuco. Keeping an old tradition, stuco members were in charge of the ballots and setting up for the dance. Instead of hiring a DJ, Stuco hired a live band to play at the dance.

Stuco was in charge of the vending machine in the high school and the announcement board.

"Student council had a very productive year. We sponsored Homecoming and Queen of Courts, served Thanksgiving dinner, and had a hurricane relief fund drive. Everyone worked hard to get these things done," said Student council sponsor Kevin McNorton.

What was your favorite Stuco activity?

Jessica Sutherland
Senior
Stuco Representative

"Serving the Thanksgiving dinner because I got to go to the grade school and got to eat all of the leftovers."

Kyle Smith
Freshman
Stuco Representative

"Going to the KC Stuco meeting! We met a lot of new people and everyone was nice. We talked about stuff to do for spirit week."

Brent Leger
Junior
Stuco Representative

"The trip to KC was really cool; we learned a lot of new stuff. I also liked the band that we hired for the Queen of Courts dance."

Above: Andrew Simpson, Brandon Smith, and Gabe Owens enjoy the Thanksgiving Dinner sponsored by the student council. Members of Stuco decorated the lunch room and served food and drinks to students and faculty. Photo by Blair Cummings

Top: Junior student council representatives, Brent Leger and Whitney Franken, decorate the "old gym" for the Homecoming dance. The theme for the dance was "Walk Like an Egyptian." The gym was decorated with gold balloons, gold coins, and streamers. Photo by Jenna Grable

Layout by Megan Campbell

Jordan Libel, Casey Beemer, Whitney Stock, Dru Whetstone, and Caylor Luther jam to songs by thirty201, the live band that Stuco hired to perform. "The live band was great; I really enjoyed their performance. The best part was being at my last Queen of Courts dance with all of my friends," said candidate Casey Beemer. The band members were Josh Engemann, lead vocalist and guitarist, David Winder, bass and vocalist; and Matt Rush, drummer; all THS graduates. Photo by Jenna Grable

The Shangri-Las were originally comprised of two pairs of sisters from Queens, NY. Marge and Mary Anne, one set of sisters, were identical twins.
Each student has his or her own "winter tale" to tell. Some can tell of a countless amount of bus rides with teammates to basketball games. Others can tell of working during off-time from volleyball and football, and still others can tell of class finals just before Christmas break.

Sophomore Marianne Anderson said, "I like winter because of all the snow, and I like to ice skate. I don't like winter when there is no snow and it is really cold."

One thing that every student looks forward to during winter are the snow days. "We didn't get many snow days this year although we did get out of school once or twice when bad storms were expected," said senior Megan Campbell.

Although winter could sometimes seem dreadful, it did provide students with many different activities.

Sleigh riding is just one of those fun activities. "I usually make time to try and go sleigh riding. This year there wasn't very much snow so I didn't go. Maybe next year!" said junior Laura Greub.

Students found many other ways to help the winter days go by. Freshman Kody Duncan said, "During winter I like to ride four wheelers and deer hunt."

Basketball was a highlight of the winter season for both the players and the fans. "My favorite basketball game this year was when the JV beat Wathena with only four players," said freshman Colin Greaser.

Although winter was a long season for athletes and non-athletes, students found activities to pass the time. Christmas break gave everyone a chance to take some time away from school and relax with friends and family.

**Ethan Robinson**
Freshman
What is your favorite winter sport?

Motor X, because I like how they always wipeout. It is funny to watch.

**Alyssa Ashworth**
Sophomore
What is your favorite part of winter?

My favorite part of winter is having snow days because I get to sleep in and do not have to get up early.

**Susan McCulloch**
Junior
What is your favorite winter sport?

Hunting; nothing's better than freezing your butt off waiting to shoot a deer at 6 a.m other than killing the deer. I like to watch people fall down ice skating and snowboarding.
Zach Gaarder
Senior
What will you miss most about high school basketball games?
I will miss playing with my boys and putting on a show for the home crowd.

Derek Jasper
Head Girls' Basketball Coach
What did you enjoy most about coaching this season?
It was a difficult and frustrating year as far as wins and losses are concerned, but for the most part all of the girls maintained a positive attitude and continued to go hard during practice. This team was very enjoyable to be around despite the losing record.

AFI stands for A Fire Inside. The group joined in 1991, but then decided to go to college. On holiday break the group got together to play and received positive feedback, so they quit school and reunited the group.

Assistant Coach Jonathan Winder, Kevin Luedke, Dru Whetsine, Andrew Simpson, Kelby Koehler, Carl Tharman, Zach Gaarder, Garrett Twombly, Colm Greaser, Tyson Rolfer, Caylor Luther, and Jesse Marriott listen to Head Coach Joel Kahut give instruction at half-time during the McLouth varsity game. Photo by Jenna Grable.
"...No matter how hard the task may seem, don't give up our plans. Don't give up our dreams... Cause what we're searchin' for will soon be found..."

The juniors had to take American history to fulfill their social science requirements.

There was a new addition to the junior class, Romeu Rechdan, from Brazil. He came as an exchange student and stayed with Christina Keller. He started the school year with the juniors and left three days before Christmas break. Romeu went out for the football team.

"During a game, Romeu was doing his job as a safety when he got a vicious tackle. He kept looking over at the sidelines saying his back was broken, but he finished out the game," said Matt Doolan.

The junior class worked the concession stand at home games. The Homecoming game is usually a busy time for the concession stand, but this year it was not.

"I thought the Homecoming pep rally went very well. We did a lot of new things this year to get more people involved," said cheerleader Whitney Franken.

Juniors work the concession stand to make money for prom.

"It is very frustrating to work hard all year and make no money for prom. We definitely have a tight budget, but we're going to make it work," said Janie Simpson, junior class secretary/treasurer.

"...Everything we're lookin' for, we're almost there; Keep on reachin' out there for me. Cause we're almost there, 'darlin' we're almost there..."
Michael Jackson

Jackson has been a hot pop star since childhood, but was in the news a great deal in 2005 for controversial issues.
From half-times to pep rallies, the Troy dance team and cheerleading squad kept fans and players motivated. From chants and cheers to dance routines...you could sense the spirit spreading.

To get their spirit ready, both squads attended the Spirit Spreader, taught by UDA and UCA, at Doniphan West High School. This is where the cheerleaders learned new cheers and chants to use during games, and they also practiced stunting. The dancers had a choreographer who showed them several new moves and dances.

The cheerleaders held a car wash in the Hy-Vee parking lot as a fundraiser to buy new skirts. It had a big turn-out. This also brought the squad together, getting ready for both football and basketball seasons.

The cheerleaders were also in charge of setting up pep rallies before big games such as Homecoming and Queen of Courts.

The dancers also started the year with a car wash in the Burger King parking lot in St. Joseph to buy all the girls dance sweaters and team t-shirts. Another fundraiser the girls participated in was the annual Kiddie Clinic. The dancers invited grade school students to participate and perform a dance at half-time of a home basketball game.

The dancers performed dances during football and basketball season. They even learned a dance from Raina Goodlet, a teacher at Allison’s School of Dance.

Kelsey Zeltwanger, Ashley Weis, Jordan Libel, Whitney Franken, and Courtney Turpin. The cheerleaders hit a motion at the end of a cheer during the football game against Oskaloosa. “Cheering was a lot of fun this year. The best part was cheering during football season,” said Megan Campbell. Photo by Casey Beemer
Above: The Troy Dance Squad poses with the basketball boys at the end of the guy/girl dance. They danced to a mix of songs by Beyonce and Chris Brown. "The dance was a lot more fun this year than previous years because the guys that danced with us made it fun. The practices were entertaining and the boys tried really hard," said Jamie Simpson. Only two practices were held to get ready for the pep rally dance. The girls had to pick a guy partner to dance with. Captain Amy Adams said, "I liked being partners with classmate, Andrew Simpson, because he had never really danced before so it was entertaining to watch him learn how to dance." Pictured are: Kevin Luedke, Lyndsi Christopher, Jesse Marriott, Madi Twombly, Andrew Simpson, Amy Adams, Kelby Keohlor, Janie Simpson, Whitney Sutton, Colin Greaser, Carl Tharman, Jena Johnson, Whitney Stock and Zach Gaarder. Nirvana
"The more you sweat in practice, the less you bleed in battle," was the Lady Trojans' quote for their season.

Starting with a 0-2 in the Pre-Season DVL tournament, the Lady Trojans finally pulled out a victory against the JCN Chargers.

The Lady Trojans didn't have the season they were hoping for. They had a 0-5 record to start the season. Beating Oskaloosa by 10, 48-38, was the only win for league play. Not too long after playing Oskaloosa, the Lady Trojans beat Elwood by 30, 59-29, for the county.

At the Hiawatha Tournament the Lady Trojans beat the Jackson Heights Cobras, but towards the end of the year the Lady Trojans had a game to fight hard for. They again played the Jackson Heights Cobras at home. The whole game was close, neither team trailing far behind. With seconds left in the 4th quarter, the Cobras sank two more points to make the game tied, and in overtime. Both teams fought hard, but then the Cobras made the mistake of fouling Kacie Fenley, which caused her to tear her ACL. Coming in for Fenley was Whitney Morgan to shoot her free-throws.

Stepping it up, Morgan sank both free-throws, tying the game and sending it into double overtime. Down by one, 53-54, the Lady Trojans couldn't pull out a victory.

Kara Masters received All-DVL 1st team, All-Tournament team at Hiawatha, and 2A All-State Honororable Mention.

Rush

All three members of the band Rush are honorary members of the Dutch Royal Family.
The Trojans had a tough season; even though their record was 6-15, it did not show the effort they put out. The Trojans lost several very close games that could have gone either way.

Coach Kahnt said, "Our emphasis this season was to win the game on the defensive side of the ball. The boys were competitive every game this season. Our record does not show how good of a team we developed into by the end of the season. The boys never gave up."

They started off on the wrong foot by losing to their rivals the Wathena Wildcats. The Trojans got revenge when the Wildcats lost 44-49 in front of the Trojans' home crowd.

The Trojans placed sixth in the pre-season DVL tournament. They lost in the first round to the Oskaloosa Bears, but then came back and won in the second round against the Valley Falls Dragons. The Trojans placed seventh in the Raider Classic tournament at Seneca. They lost to two 4A schools, Hiawatha and Marysville.

The Trojans did win their last game in a DVL match-up against Horton.

The home crowd always gave the Trojans a boost. The boys had a 3-4 record on the home court with a couple of close losses to some tough teams.

Andrew Simpson said, "The home crowd was always behind us the whole game. We liked to put on a good show and try to win for our fans. I really think the crowd helped us win a couple last-second games."

The Trojans had a tough ending to their season when they faced the number 1 seed Frankfort Wildcats in sub-state. The Trojans got into foul trouble with three of their five starters fouling out. The Trojans lost to the Wildcats, 37-51.

All-League Garrett Twombly said, "This year surprised me; I thought we would do better. We had fun though every night, no matter what the outcome. We were a couple of points away from having a better record. I loved playing with this team because everyone gave it their all every night."

The Trojan had a tough ending to their season when they faced the number 1 seed Frankfort Wildcats in sub-state. The Trojans got into foul trouble with three of their five starters fouling out. The Trojans lost to the Wildcats, 37-51.

Fort Minor is a hip-hop group formed by Linkin Park vocalist, Mark Shinoda. Although Linkin Park is an alternative rock band, Mark Shinoda wanted to keep in touch with his rap roots.
Garrett Twombly and Jessica Sutherland were crowned King and Queen at halftime of the boys’ varsity basketball game, February 24. Other King candidates were Zach Gaarder, Andrew Simpson, and Dru Whetstone. The other Queen candidates were Casey Beemer, Blair Cummings, and Whitney Stock.

Spirit Week started Tuesday with Athlete Day. The other days included Pajama Day, Pattern War, and Blue-and-White Day. Freshmen, sophomores, juniors, and seniors all competed against each other to see which class had the most students dress up. Friday was also the traditional Queen of Courts pep rally. The cheerleaders announced the staff King and Queen. This was the first time that students recognized their favorite staff members. Kathy Smith and Steve Martin were the first-ever winners of this competition.

During the pep rally Sutherland and Whetstone came out on top of the candidates’ game. The Queen of Courts dance followed the game. StuCo decided on a live band, thirty2to1. Queen Sutherland and other candidates danced the night away as dancing queens!

Above: Sophomore cheerleader Heather Wetmore and freshman cheerleader Ashley Weis show off their Trojan Spirit on Athlete Day. Unusually, Athlete day came before Pajama day which is usually the first “dress-up” of the week, but this year it was Wednesday, the day after a basketball game. Photo by Janie Simpson

Janitor and Coach Rule the School

The first staff King and Queen coronation took place at the Queen of Courts pep rally. The students voted for the King and Queen during lunch the previous day. “I was excited, but also nervous when I heard my name. It was a great experience!”

-Queen Kathy Smith with King Steve Martin

"I thought Spirit Week was a lot of fun this year. I thought a lot of people participated in the different days. For this year, my favorite day was athlete day. It was something new, instead of the same thing we normally do.

-Jena Johnson, sophomore

King Garrett Twombly places the crown on Queen Jessica Sutherland. “I was shocked, but I was also very excited when I was announced Queen. It was a very busy, but also fun week,” said Jessica Sutherland. Photo by Janie Simpson

The name of this local band made up of Josh Engemann, David Winder, and Matt Rush is derived from a common ratio of gas to oil for dirtbikes.
“There’s too many things to get done, and I’m ‘running out of days’...” Spring brought the end of classes, seasons, and the 2005-06 school year. Students had many things to finish before saying goodbye to another year at Troy High.

Juniors were busy trying to get together the last-minute details for prom. Many details were overlooked because they were usually taken care of when a building is booked.

“We had a lot of fun together trying to order decorations and planning this year’s prom and after-prom. Even though we were pressed for time and cash, we still worked well together,” said junior Wade Klaus.

Some students enjoyed the spring season just because they could finally go outside without having to be bundled up.

“I love spring because I can always go outside and enjoy the weather no matter if it’s night or day. Plus, my birthday is in the spring so that makes it even better,” said senior Casey Beemer.

Students not only had fun in school, but also outside of school. Different students had different hobbies they found entertaining in the spring.

“I like to go turkey hunting and fishing in the spring,” said junior Andrew Meng.

“I like going mushroom hunting and camping with the dudes at the Atchison State Lake. We spend a night having fun in the cool spring weather,” said senior Carl Tharman.

“I like playing softball and being with friends. Lying around and being lazy is fun, too,” said freshman Katie Norris.
Jessica Watkins, Andrew Simpson, Jared Adkins, Laura Greub, and Carl Tharman perform in the spring musical, *The Wizard of Oz*. In this scene, the guard, Andrew Simpson is telling the other characters they cannot see the Wizard. Photo by Jenna Grable

Cassie Siard  
Senior  
*What do you enjoy most about spring?*

I like seeing everything turn green because of the warmer weather. I also like seeing all of the flowers bloom.

Mrs. Heddens  
Math Teacher  
*What are your favorite activities to do during the spring?*

I like to play tennis and go to the golf course in the spring.

The trio played its first gig at a friend’s party, roaring through a repertoire of folk songs. They knew a song by Bush and Nirvana and had two originals. They played “’em over and over again.”
“Beautiful star of my daytime drama/yes, it’s in my hand/now you’re hope for a future.” The few speech members seemed to have their futures on track with their “daytime drama.”

The speech team placed 4 of 12 at Holton, 4 of 15 at Nemaha Valley, 2 of 7 at JCN, 1 of 10 at Delaware Valley League, 7 of 13 at Maur Hill/Mount Academy, and 2 of 13 at Horton.

The speech team also sent members to state. Students who received 1 ratings were Jared Adkins for humorous solo, Amy Adams and Jared Adkins for IDA, Elizabeth Tharman for serious solo, and the one-act play. Megan Campbell got a 11 for oral interpretation of poetry.

The drama club sponsored the dinner theater, and they also sponsored the speech contest at THS.

“I was pleased with the results with so few students that we had, because we placed very high at almost every meet,” said Coach Martha-Jean Rockey.

Megan Campbell said, “I had a lot of fun. This was my first year of earning a medal and going to state so that was pretty exciting!”
Jessica Watkins, Amy Adams, Kaitlyn Jordan, and Elizabeth Tharman practice the one-act play, “How To Eat Like a Child,” for Fine Arts night. “I really enjoyed doing the dog part. I got to act like a little kid and totally ham it up. I related a lot with my character because that’s how I acted when I was young! It was easy to channel my younger self and fun!” said Amy Adams.

Jessica Watkins said, “What I liked best about the one-act play was getting it done, but I did have a lot of fun with it. I think that all of us that performed in it did a really great job.” “I’m really glad that we finally got it done! We got a 1 at state. So, I guess we did a pretty good job with this piece,” said Jared Adkins. Photo by Jessica Sutherland.

Above left: Christina Ivey gets Dru Whetstine ready for the spring play, The Wizard of Oz. Dru was a tree in the forest that threw apples at Dorothy and Scarecrow. He was also a Winkie, which was the witch’s henchman. Photo by Blair Cummins.

Billy Idol’s real name is William Broad. The name Idol is based on a report card he received in school that said, “Billy is an idle student.”
“Follow the yellow brick road.” This could only mean one thing: The Wizard of Oz.

The production of The Wizard of Oz was March 23 and March 24; the dinner theatre was March 25.

The students voted for the play they would like to perform. Many of the seniors remembered when the play was performed in 1999 and had such fond memories of it, so they wanted to have their own production of it.

The theatre arts class also helped with the play. They designed and painted sets, made poppies and snowflakes, and even helped with some of the Munchkin outfits.

Many special effects were called for in this play. Even though the crew was small, they had great effort.

One big special effect that took place was that the wicked witch got to throw real fire. She used a real flame thrower in all productions. In some of the productions, there were some malfunctions. Sometimes the fire did not shoot out at all, but in the end it all worked out.

Since the play calls for a big cast, many people had to be cast as more than one character. Many Munchkins also played Oz people, and the trees all played Winkies, too. Even some of the poppy dancers had to play Jitterbugs.

Megan Campbell said, “There were a lot of little mishaps, but that just made the show funnier! I really had a great time being in the play.”

“Follow, Follow, Follow, Follow, Follow the yellow brick road.”

Right: Dorothy (Jessica Watkins), Scarecrow (Carl Tharman), Tinman (Jared Adkins), and Lion (Laura Greub) are getting ready to enter the haunted forest in search of the witch’s castle. They were sent by the Wizard of Oz to retrieve the witch’s broom stick. Photo by Janie Simpson

Far right: Winkies Garrett Twombly and Zach Gaarder kneel to Dorothy because the wicked witch is dead. They ask Dorothy to be their new queen because she killed the witch, but Dorothy just wants to get back to Kansas. Photo by Janie Simpson

Layout by Amy Adams
Above: The Lion (Laura Greub) sings "Courage," Grueb said, "I love the Wizard of Oz. The lion is my favorite character in the movie, so I was excited to get the part. Having a bigger role took a lot of work but it was worth it." Photo by Jenna Grable

The Land of Oz was named when Mr. Baum was telling fairy tales to neighborhood children. He was asked where the characters lived and spotted O-Z on the bottom drawer of a filing cabinet.

Left: Auntie Em (Johnna Pasch) and Uncle Henry (Andrew Simpson) try to count baby chickens but are rudely interrupted by Dorothy (Jessica Watkins) and her complaints about Miss Gulch. Dorothy doesn't think it's right that Miss Gulch gets to hit Toto for just chasing around her old cat. Andrew Simpson said "At first I didn't really care for it, but as the practices went on and we got closer to the play, I kind of started to enjoy it. Performing on stage was pretty cool. It was also fun being with my friends." Photo by Jenna Grable
“Sharp-dressed men” and beautifully dressed women filled the courthouse lawn for Prom pictures Saturday, April 22.

When they were finished with pictures, it was time to travel, not to St. Joe, but across town for the dinner and dance. Prom was at the new Troy Community Center. The theme was “A Night at the Ritz.”

Instead of hiring a caterer, junior-class relatives prepared the meal. It consisted of salad, steak or chicken, a twice-baked potato, green beans, and a roll. Then came the dessert. An entire dessert bar, with cakes, pies, and tortes, complete with chocolate- and white-chocolate fondue fountains were available. Members of the sophomore class served the meal. In exchange for doing this, they received $200 towards their class fund.

When everyone was finished eating, the dance began. It lasted until the clock struck midnight and, at that time, everyone traveled to the St. Joseph Fraternal Order of Police building. Chips, cupcakes, Subway sandwiches, and cookies were there to snack on. Card games, a football toss, a pool table, and a karaoke machine were used for entertainment. THS juniors and seniors who attended won prizes throughout the night, and one junior, Laura Tharman, and one senior, Emily Schultz, won a grand prize of $100 at the end of the night.

“I think we were all having our doubts about prom being in Troy, but I think it turned out really great!” said senior Casey Beemer.
"Prom was awesome this year! The juniors did a great job with all the change they had to work with. My date was great too which made the whole night a blast," said senior Blair Cummings. Photo by Casey Beemer

Senior Carl Tharman leads the appetizer line, carefully coating his jumbo marshmallow with chocolate under one of the chocolate-fondue fountains. His date, sophomore Jena Johnson, Laura Greub, Josh Smith's out-of-town date, Morgan Twombly, and Susan McCulloch wait patiently behind him. The other fountain was flowing with white chocolate. There were many options at the appetizer table to coat with chocolate such as Oreo's, Nutter Butter's, and pretzels. For those who wanted a healthier alternative, there were strawberries and raspberries. There were also other desserts such as angel food cake, chocolate cake, and cheesecake. Photo by Jessica Sutherland

Top: Josie Adams, Elizabeth Tharman, Laura Tharman, and Kendra Eteeyan bust their moves on the dance floor. Photo by Jessica Sutherland

Above left: Andrew Meng, Heather Wetmore, Ryann Marriott, and Nathan Keller dance to a slow song. Photo by Jessica Sutherland

Left: Susan McCulloch, Lowell Handley, and Josh Smith decorate the Community Center. Juniors decorated the Wednesday and Thursday before prom. "It was no fun decorating the building, but I think all the hard work paid off," said Smith. Photo by Janie Simpson

ZZ Top is the longest-running American rock band with no member changes.
The 2006 track team was very small. With only 24 athletes out, only two qualified for state.

Troy's track team had a new coach, Steve Martin. Coach Martin was also the Trojan football coach.

"This year has gone by too fast...I'm very proud of the team and all the effort they put out at practice and at the meets. I'm also proud of Garrett and Kara for qualifying for state," said Coach Martin.

Two seniors on the track team broke records off the Troy High School record board. Garrett Twombly broke Tyler Ferris' 100-meter dash with a time of 10.9. Twombly also broke his old record of 42.5 in the 300-intermediate meter hurdles.

The other was senior Emily Schultz. In 2005 she broke the record in pole vault with a jump of 7'0. Jumping a foot higher, Schultz broke her old record, 8'0.

Some athletes placed at regionals even though they did not qualify for state. Caylor Luther placed 5th in the triple jump. Jena Johnson placed 5th in the 1600 and 6th in the 3200. The 4x1 team, consisting of Caylor Luther, Carl Tharman, Garrett Twombly, and Kodie Koehler, placed 6th.

At regionals Twombly placed 5th in the 200, and Masters placed 5th in the 300 hurdles, qualifying them for state. At state in Wichita over Memorial weekend, neither was able to advance past the preliminaries.
Above: Kara Masters runs her 100-meter high hurdle pre-lims at the Regional track meet in Washington. Masters placed 1st in pre-lims with a time of 16.5 and finished 2nd at finals with 16.3. Photo by Mindy Masters

Above left: At DVL in Wathena, Garrett Twombly runs hard around the corner of the finals in the 200-meter dash. Twombly almost beat the first-place runner but finished with second place with a time of 23.3. Photo by Matthew Doolan

Left: Bree Martinez gets set up and prepares for her throw. Martinez threw far enough to place third at the DVL meet with a throw of 30’9. Photo by Matthew Doolan.

The Dixie Chicks are a bluegrass group named after the Little Feat song “Dixie Chicken.”
Casey,
You have grown up to be a smart, beautiful young lady. We know you can do anything you set your mind to. So continue doing your best and don’t stop until you get all that you want out of life. We love you and are very proud of you. Love you lots, Mom, & Dad

Hannah,
We thought this would be easy to write, but where do we start? We have been through so much together, and we can’t believe what a wonderful person has emerged. You are a smart, strong, beautiful, and talented, young lady. You will go far in life because you’ve always had to work extra hard to get to where you were going. Life may not always be fair, but with Grandma watching over you, our love, and your ability to achieve anything, you will make your mark on the world. Go, Chickie! Love, Tommy, Danae, Tyler, Dusty, Alicia, Kinzie

Ryan, Congratulations! You finally made it after 18 years. We are proud of you. Keep hold of your hopes & dreams. Love you Mom, Dad, & Todd

Johnna, we have had our ups and downs, but you know that we love you and will always be there to support you. You have grown into a beautiful, resourceful young woman who will reach the goals you have set for yourself. May God be with you in your journeys to come. Love, Mom and Kevin

Emily, We are so proud of you! Always know that we love you so much! Be happy and keep God in your heart. Mom, Dad, and the whole family

Megan, Time has flown by so quickly. It seems like only yesterday you were born, & now you are graduating from high school. You have grown up to be a very beautiful, young lady. We are so proud of you & we know you will go far in life. We love you very much, & we will always be here for you. Congratulations! Love Mom & Grandma

Micheal, You have always been a special person. Always dream big. God bless you always. Dad & Mom

Nathan, You are a wonderful son, great brother, and uncle. We are all very proud of you. Set high goals and always keep your head up. We know you’ll go far. Love, Mom, Dad, Joe, Grandpa, Becky, and Bryston

Emily Schultz and Cody Shelton
Emily,
We are very proud of you. You are a great son. We know whatever life brings, you will succeed. We love you and will always be here for you.

Mom, Dad & Mickayla

Cody, We are very proud of you. You are a great son. We know whatever life brings, you will succeed. We love you and will always be here for you.

Mom, Dad & Mickayla

Jared, Congratulations! We are so proud of you! We wish you the best of luck in everything you do, and may all your dreams come true! You’re entering a whole new door and you have a lot of obstacles ahead of you; don’t get discouraged and don’t let anything change who you are. You are very special, and we love you very much! Love you forever, Grandma, Grandpa, and Chris

Wade, Ever since you were a toddler, you have always been on the go looking for something to do. As you search for your dreams in life, always remember how proud we are of you and how much we love you. We wish you happiness as you pursue life’s journey. Mom, Dad, Whitney

Jared Adkins

Layout by Jared Adkins
It seems like you just came to live with us yesterday, and now it's almost tomorrow and you'll be gone. Hold in your heart what we taught you. Good Luck in Beauty School. We love you!

Aunt Jodie & Uncle Ronnie

Ginny

Congratulations and good luck to the THS graduating class of 2006. It has been a pleasure to watch each of you grow and mature over the years. I will miss watching you at the football and basketball games. Especially, I miss Jenna meeting her classmates, Jessica, Blair, Whitney and Molly, at my home when they were on their way to St. Joseph. They are welcome to stop by and say "HI" anytime. Good luck and work hard to achieve your goals. Be good to yourself, and God will be good to you.

Love,
Grandma Ruth

Jenna Grable

The doctors at Children’s Mercy said, “There’s one more thing we can try, but if that doesn’t work there’s a chance she could die.”

We placed you in God’s Hands that day. With His Blessing and your stubbornness, you pulled through okay. As the years have gone by, we’ve laughed, we’ve talked, we’ve fought, and had a good cry.

Your determination and high standards have gotten you through.

You are a great daughter and sister, and we are proud of you. You have always turned to God in your time of need. Keep Him as your guide, and we know you will succeed. Good Luck at KSU.

Love,
Dad, Mom, & Kia

Celebration takes place in Troy

By Johnna Pasch

The year 2006 was the sesquicentennial of Troy. To celebrate, the town of Troy held a five-day celebration. This celebration consisted of many contests and events to go back through Troy’s past. There were events such as cake walks, quilt shows, historical exhibits, home tours, an art contest, and a community sing-along.

The whole town prepared for this event for many months to make it memorable. Construction was done to the courthouse and its landscape to make it look nice for this big event. The high school ag class, under the direction of adviser Darrell Wapp, made a “Welcome to Troy” sign to add to Troy’s landscape.

There were numerous committees working on different projects to help put the events together. The Troy High School publications class worked hard on a commemorative book that goes through 80 years of Troy High School history. Gold commemorative plaques were made to honor the celebration of Troy.

The celebration ended with the annual Fourth of July parade and the courthouse centennial rededication.
The seniors began the new year with the annual magazine sale. They sold only 308 subscriptions, missing their goal by 102. Dru Whetstine raised the most money, $441. Jessica Sutherland was the top subscription seller with 20. Overall, the class raised $2,795.08.

“The best part about selling magazines was getting a shirt, fuzzy dice, and a free magazine subscription for selling the most magazines,” said Dru Whetstine.

Next, the seniors planned their senior trip. After little debate, they agreed to go to Dallas.

To raise more funds, they held the annual senior dinner in April. The cooks prepared the meal, and the senior class was responsible for taking money, setting up, helping serve, bussing tables, delivering to-go orders, and cleaning up.

“The best part about being a senior was that there were not as many required classes as the other three years and getting to go to the front of the lunch line,” said Nathan Keller, “also experiencing Mr. Cash’s first year as principal.”

Jenna Marie Grable  Virginia Jean Hodge  Hannah Leigh Jenkins

Martin John Meisenheimer  Darryl Lee Meng  Jeremy Scott Mullens

Emily Ann Schultz  Cody Michael Shelton  Cassie Jo Siard
Senior class officers: Blair Cummings, president; Whitney Stock, secretary/treasurer; Zach Gaarder, Vice President.
When asked how she liked her role in the fall play, Ginny Hodge said, "The fall play was a lot of fun. I played an old lady so I was able to look at life from an older woman's perspective." Photo by Casey Beemer

Johnna Pasch, Ginny Hodge, and Carl Tharman perform in the fall play, Gentlemen Prefer Blondes. Ms. Chapman, Mrs. Spoffard, and Henry Spoffard are talking with some of their shipmates who want to be their friends only because they are wealthy. There were seven seniors who had a role in the fall play, two of them with a main part, and there were a few other seniors who worked behind the scenes. Those who worked behind the scenes helped paint sets, did hair and make-up, helped with props, and were student directors of the play. Photo by Blair Cummings

Tyson Rohrer, Johnna Pasch, Nathan Keller as a mummy. Amy Adams, and Ryan Jones all prepare for the annual Homecoming parade. The seniors won the float contest; the theme was "take 'em to the tomb." Photo by Blair Cummings

Left: Zach Gaarder helps Johnna Pasch with her psychology taste experiment. Her group included Molly Geiger, Blair Cummings, Jenna Grable, and Whitney Stock. They tested different taste buds, sour, sweet, salty and bitter, with different products. Groups conducted experiments on the five senses. Photo by Blair Cummings

Before winning American Idol in the summer of 2003, Kelly Clarkson appeared as an extra in the TV show “Sabrina.” She soon left Hollywood after failed attempts to get her name out.
Megan,
We are so blessed to have you as our daughter. You make us very proud. Hope you have great success in the future. Thank you for being you and a big sister. Love you always,
Dad, Mom, Dexter, Peter, and Paige

Garrett,
If there is anything better than to be loved, it is loving. We love you! Mom, Dad, and Madi

Runt,
From ketchup sandwiches, apple juice on your Grape Nuts, and a special Snow White nightgown to a hip, creative, and caring, young woman, we have loved watching you grow up. You have set out on your own, unique path, and because of that, we love every minute of being your big brother and sisters! Love,
Sarah, Nathan, and Mary

Hannah.
It’s hard to believe that this is your last year of high school. It seems just yesterday you were wearing those purple Barney sweats that you loved so much. HA!HA! You have grown into a beautiful, young woman with a lot to offer. Your smile, laughter, and your loving, caring ways, touch everyone you meet; don’t ever change. Always be yourself and keep that smile of yours. Know that we will always be here for you sis! Good Luck! Love you forever!
Dad, Mom, Levi, Baileigh, and Treyton

Molly,
You have come a long way from Cinderella dresses and fairy tale stories. It has been a joy and a challenge watching you grow into a young woman. We are very proud of you and your accomplishments. May your intelligence and independence lead you away from all of life’s poison apples and help you find its “prince charmings.”
Love, Mom and Dad

Hannah Jenkins

Molly Geiger

Dear Blair,
We are so very proud of the beautiful young woman you have become. You are such a blessing to this family. Always look to the Lord and reach for the stars. We love you very much. Keep on Dancing!!
With Love,
Mom, Dad, and Brady

Jessica, Our little midget,
You started so tiny and now you have grown into the wonderful young lady you are. You have your goals set high and are working hard to make them come true. We are so proud of you and all you have done. Keep up the good work and the reward will be there!
Love you,
Grandma, Grandpa, Jared, Uncle Barry, Aunt Barb, Kyle, Colin, and Reid

Blair Cummings

Molly Geiger

Ryan J.,
We are so proud of you and your accomplishments, and this is just the beginning. It is time for you to open your eyes to a new world ahead of you and to make your dreams a reality. Stay true to yourself and remember our thoughts are always with you. We are all so proud of you, will always support you in you endeavors, and love you very much. Remember, the future doesn’t lie ahead of you, waiting to happen; it lies within you waiting to be discovered.
Love,
Mom, Mark, Jen, Jay, Clint, and Kristen

Molly Geiger

Jessica Sutherland

Layout by Jared Adkins
Andrew,
Your dad and I never cease to be amazed at all the great things you know and do. You have enriched our lives immensely. You have turned out to be a very caring, handsome, and bright young man. Only good things await you soon. Remember to keep God in your life as this is so important; trust us we know. Remember, we are always here for you. Aim high, son! We love you!
Love, Mom, Dad, Scottie, Nate, and Shelly

Andrew Simpson

Dear Andy,
From the first day of kindergarten, we knew you were going to do just fine. You settled right into the class, started playing with new friends, and we knew you had found a home in Troy, KS! If Grandpa Mejia could say something to you, I believe he'd say thanks for all the joy you brought to our family. Keep rooting for the “Chiefs” and keep God in your life. I’m so proud of you.
Love, Grandma Mejia

Amy Adams

Dru, We are very proud of all your accomplishments during high school. Work hard, have fun, and enjoy the journey. Remember, “Reputation is what friends and family think of you. Integrity is what God and Angels know of you.” We love you,
Mom and Dad

Dru Whetstine

Whitney, We can’t believe our little cowgirl is all grown up. You have blessed us with so much love and happiness. Keep God first in your life, and you can achieve many goals. You are a very caring daughter and sister. We’re proud to be your parents and brother; we love you!
Love,
Mom, Dad, and Austin

Whitney Stock

Zach,
There are people in this world that “make things happen, that have things happen to them, and that stand by and wonder what happened.” You are one of those people in the first category—you make things happen. You have a way of making your life and everyone’s life around you better. Keep that “can do it” spirit alive in your life, and you will continue to make a difference in this world. We are so proud of all that you have accomplished and hope in following your dreams you will achieve even bigger and better things. Thanks for being the wonderful, smart, considerate, and energetic person you are.
Love, Mom, Tim, and Nathan
Dad, Jeanette, Paula, Dakota and Dalton

Zach Gaarder

83
May 12 at 1 p.m., the seniors were “in a free world” as they hit the road for Dallas. All 29 seniors were “shufflin’ their feet” and “sleepin in their shoes,” after an eleven-hour bus ride. The seniors were aware “there was a warnin’ sign on the road ahead,” because this was the last time on the road together. Sponsors on the trip were Mr. and Mrs. Joel Kahnt and Mr. and Mrs. Don Cash.

The agenda in Dallas included visiting the JFK Memorial Museum, the Speed Zone with go-carts, shopping at the Galleria, and a day at Six Flags over Texas. At night the seniors enjoyed time together, swimming, eating supper together, and hanging out in the rooms. May 21 was the last time that the class of 2006 stood together. To open the graduation ceremony, the band played “Pomp and Circumstance,” the choir sang “The Best that I Can Be,” and the traditional senior video was shown.

Seniors handed out roses to their loved ones while the song “Because You Loved Me” by Celine Dion was played. It was an emotional time for some and a happy time for others, but all in all it was a time that is cherished by the graduating class. Now the seniors “got fuel to burn” and “roads to drive,” and no matter what they’ll “keep on rockin in the free world.”

Throughout Neil Young’s career he has experimented with many different types of music, including swing, jazz, and electronic but he is best known for his music in hard and folk rock.
No matter what a person needs in life, one can assume that it will take "...money, money, money, money, money..."

Many students opted to get a job, especially during the summer, to earn these extra funds. Some local businesses that had teens working for them included John's Market, Fast Lane, and Davies' Oil Company.

Many other students had jobs in St. Joseph, Wathena, Highland, and Atchison because of the lack of local jobs.

Senior Hannah Jenkins worked at the Pizza Hut in Wathena. "I work for everything I have. I like the job because it gets the bills paid, and I do not have to spend much on gas. I am a shift manager so if something goes wrong on my shift, I get questioned about it. I am responsible for everyone."

Other students found it hard to keep regular jobs that would work around their busy extra-curricular schedules. If a student were involved in volleyball or football, basketball, track, and drama club, every night was busy with practice and games, and many weekends were filled with tournaments and performances.

Not only did students spend time working, they also had to conduct fundraisers for their many events.

This year's drama club fundraiser helped not only the club, but also local businesses. For the fundraiser, students sold coupon pages. Buyers could use the coupons for discounts and free items at local businesses.

The publications staff designed and published a commemorative book of Troy as a fundraiser to coincide with the...
A new community center was built courtesy of the Troy City Council. The community center was the location for special events for the students including prom and the National Honor Society Annual Blood Drive. The building was used for other events such as wedding receptions. Photo by Jenna Grable

What is your favorite local store at which to shop?

Davies Oil because that is where all of the gossip starts. Also, the employees there are priceless.

Mrs. Babetta Israel
English Teacher
What new business does Troy most need?

Troy needs a business like Dairy Barn because it is open in the evening and has quick, good food. I have noticed several Troy people at Dairy Barn in Wathena.

The county commissioners funded the renovation of the town square. They rebuilt the wall that surrounds the court house and placed a star-shaped planter around the Statue of Liberty. Photo by Jenna Grable

"Closing time; open all the doors and let you out into the world..."  The end of the year, the end of club meetings, the end of group projects, and, for the seniors, the end of high school, have arrived. Now it is time to journey out through the doors at THS and into the doors of responsibility, summer jobs, and change.

"...Closing time; time for you to go out to the places you will be from..."  Some may have the chance to travel farther into the world than ever before during the months ahead. In the future, these places could be the very places we choose to settle down. Just remember where all of these fun memories occurred, within these brick walls of Troy High School.

"...Closing time; every new beginning comes from some other beginning’s end..."  This school was once a new place full of new people, new classes, and new adventures. Although we may be immune to it now, we will one day move on to another beginning in which we will have to relearn faces, classrooms, and have more fun adventures; so appreciate it while it is still a comfortable atmosphere.  “I hope you have found a friend; closing time...”

Your editors,
Whitney Stock
and Jenna Grable

After the breakup of Trip Shakespeare, Dan Wilson and John Munson joined with drummer Jacob Slichter to form Semisonic in 1995.
A brutal and record-breaking Atlantic hurricane season saw seven storms pound the United States, devastating thousands of lives and causing more than $400 billion in damages. Hurricanes Katrina, Rita, and Wilma were among the most intense, destructive, and costly storms ever recorded.

Residents make their way through the flooded streets of New Orleans to a shelter.

The Gulf Coast braces itself for Hurricane Katrina, the most catastrophic storm ever to strike the United States.

American tourists wait for flights to return to the United States after Wilma strikes Mexico.

On October 23, a waterspout from the first feeder bands of Hurricane Wilma approaches Key West, Fla.

In late September, Hurricane Rita devastates areas of Florida, Texas, and Louisiana.
Chief Justice William H. Rehnquist died of thyroid cancer at 80.

U.S. officials discover a 2,100 foot cross-border drug tunnel running from Tijuana, Mexico to San Diego, Calif.

Bound for Pluto, the New Horizons spacecraft travels at 7,000 mph during a 10-year, 3-billion-mile mission to collect data from the blue planet.

Families wait 44 heart-wrenching hours as rescue teams try to reach 13 coal miners that are trapped in West Virginia's Sago Mine. Tragically, only one miner survives.

The water system in Harbin, China shuts down for several days following a chemical plant explosion that contaminates the Songhua River with toxic benzene. As a result, Harbin's 3.8 million citizens rush supermarkets in search of bottled water, milk and soft drinks.

Runaway bride Jennifer Wilbanks is sentenced to two years of probation, 120 hours of community service and must repay Georgia's Gwinnett County Sheriff's Department $2,500 in restitution for forging her own abduction.

It is revealed that W. Mark Felt, the FBI's former second-in-command, is "Deep Throat," the source of the Washington Post articles about the 1970's Watergate scandal.
The U.S. Treasury releases $800 million redesigns $10 bills into circulation.

To reduce the frequency of dangerous high speed chases, California police implemented the use of adhesive GPS locator darts to track fleeing cars.

Israeli archaeologists discovered two 2,000-year-old biblical scroll fragments hidden in the Judean Desert.

FEMA Director Michael Brown announces his resignation on September 12, after receiving criticism about his handling of Hurricane Katrina.

Wind gusts topping out at 83 mph whip the Northeast during a record breaking blizzard that dumped up to 38 inches of snow on the New England states.

A series of deadly tornadoes leave paths of mass destruction in Indiana, Kentucky, Tennessee, Iowa, Missouri, Illinois and Arkansas.

Heavy rains flood northern California's wine country, damaging homes, crops and threatening mud slides. In southern California, rains drenched the annual Rose Parade for the first time since 1935. As a result, a state of emergency was declared in seven California counties.

German cardinal Joseph Ratzinger is elected the 265th pontiff, Pope Benedict XVI.
Ben Bernanke is appointed chairman of the Federal Reserve, replacing Alan Greenspan.

John Roberts becomes the nation's 43rd chief justice, replacing William Rehnquist.

Noor al-Zahra is flown from Iraq to Atlanta, GA where doctors surgically repair the effects of spina bifida.

U.S. troops discovered 3-month-old “Baby Noor” patrolling in Iraq and arranged for her life-altering journey.

Canadians elect Conservative Party leader Stephen Harper to be their next prime minister.

President George W. Bush delivers a series of speeches aimed at boosting support for the War on Terrorism.

Eric Rudolph is ordered to serve multiple life sentences without parole for four bombings including the 1996 blast at the Olympic Games in Atlanta.

Federal Judge Constance Baker Motley, who once represented Martin Luther King, Jr. and was the first African American woman appointed to the federal bench, died at 84.

Air France Flight 358 skids off the runway and bursts into flames while landing in stormy weather at Toronto’s Pearson International Airport. Miraculously, all 309 passengers survived.

NASA's Stardust spacecraft returns from a seven-year, 2.9-billion-mile journey to Comet Wild-2, delivering the first samples of a comet back to Earth.

French doctors complete the world's first partial face transplant on a 38-year-old woman disfigured by a dog attack.

Microsoft unveils the Xbox 360, the new operating system "Vista," and iTunes' rival "Ungo."

London is rattled when terrorists bomb one bus and three Underground trains during the morning rush hour. The attack killed 49 people and injured 700.

Scientists discover the world's smallest fish, Paeodecypris progenetica, found in an Indonesian acidic peat swamp, measured less than 1/3 of an inch.

Vice President Dick Cheney accidentally shoots 78-year-old Harry Whittington with bird shot while quail hunting in Texas.

Stuck at Prom Scholarship Contest winners Krystal Long and Casey Isringhausen of Forrest City, Ark., both win a $2,500 college scholarship and $2,500 for their school by wearing these outfits made from Duck brand duct tape.
A brief summary of the content of the image:

- **Bands of youths torched more than 1,300 cars and burned warehouses, garbage cans and a nursery school in nine nights of violence that spread from Paris suburbs to towns throughout France.**

- **For the first time, Japanese scientists photographed a live giant squid in the wild.**

- **NASA's Discovery embarks on a 14-day mission to deliver supplies and repair the international space station. Once in orbit, the shuttle crew uses a 50-foot orbital boom sensor system to survey Discovery for any damage that may have occurred at lift-off.**

- **Charges of illegal activities are brought against many Washington insiders including lobbyist Jack Abramoff and representatives Randy Cunningham and Tom DeLay. John Boehner replaced DeLay as House majority leader.**

- **'Dirty bomb' suspect Jose Padilla was indicted with four other suspects on terrorism conspiracy charges.**

- **Following a heated debate, the U.S. Senate votes against a bill that would allow oil drilling in Alaska's Arctic National Wildlife Refuge.**

- **Following his death, King Fahd bin Abdul Aziz of Saudi Arabia is succeeded by his half-brother Crown Prince Abdullah, marking the first change in the Saudi throne in 23 years.**

- **Sideways nose gear forced JetBlue Flight 292 to make an emergency landing at Los Angeles International Airport. During the three hours that the plane circled southern California for burned fuel, passengers watched live DirectTV broadcasts of the drama.**

- **General Motors Corp. and Ford Motor Co. eliminate 30,000 jobs each by closing a combined total of 23 manufacturing plants in North America.**

- **An Egyptian ferry carrying 1,500 passengers sank in the Red Sea, only 43 survived.**
The effects of Hurricane Katrina, tension surrounding Iran's nuclear program and an interruption in Russia's gas supply cause fuel prices around the world to skyrocket. U.S. citizens saw a 30-60 percent rise in heating costs and paid an average high of $3 per gallon at the pump. In response to the fuel crisis, President Bush urged researchers to seek alternative energy sources in his State of the Union address.

One month after their 3-month-old chick Tojy was abducted from Amazon World in southern England, African Penguin pair Kyalo and Oscar produce a new egg. Nemo's jellyfish, measuring more than six feet in diameter and weighing up to 500 pounds, can fishing nets and diminish commercial fishing along Japan's coast.

Rosa Parks, who refused to give up her seat on a bus to a white man 50 years ago, dies at 92.

Israel's Prime Minister Ariel Sharon offers a major speech, laying his country in political uncertainty just marginally before the Palestinian parliamentary elections. Hamas' election victory provoked Fitnah supporters to protest against Palestinian Authority President, Mahmoud Abbas.

Israel completed a historic withdrawal of civilians from 25 settlements in Gaza and the West Bank.

Lawmakers approved a plan to rewrite the 1973 Endangered Species Act, the nation's most powerful environmental law.
Deaths of more than 5,000 Chinese miners per year caused a government safety crackdown that closed 5,290 coal mines.

Despite international pressure, Iran refused to halt nuclear production and threatened to begin a uranium enrichment program if the country was referred to the U.N. Security Council.

A $365 million Powerball jackpot, the largest lottery prize in U.S. history, is won by eight meat processing workers from Nebraska.

A Federal Air Marshal fatally shot Reybert Alirezar in the Miami airport after he claimed that he was carrying a bomb and fled from officials.

An explosion at the Pijinas de Condesa mine in Mexico traps 65 miners deep underground.

South Korean researchers created the world's first cloned dog.

Apple's video iPod and ABC partnership allows viewers to watch recorded TV shows, movies and music videos on the go.

Imbued journalist, ABC News anchor Bob Woodruff, and video journalist Doug Vogt receive serious head injuries in a roadside blast north of Baghdad. Following two days of treatment in Germany the pair were transported to the United State's National Naval Medical Center.

Chicago officials launched a plan to make wireless broadband available throughout the entire 228-square-mile city.
In an effort to stimulate economic growth, President Bush signs a $286.4 billion transportation bill to improve U.S. road systems.

Mexico partners with the United States to raise the world’s largest millimeter wave telescope, featuring a 165-foot antenna. The $120 million telescope was built high atop the 15,000-foot Sierra Negra volcano in Puebla, Mexico.

A landslide in Guaguaquena, Philippines buries the entire town, including a schoolhouse of 246 students and a crowded municipal auditorium. The death toll stood at 129 with 138 missing in mud and rock that measured up to 100 feet deep.

A federal judge ruled that Pennsylvania’s Dover Area School Board members violated the Constitution when they included “intelligent design” in the school’s biology curriculum.

A conservationist finds a two-million-acre ‘Lost World’ in an isolated Papau New Guinea jungle. The expedition led to the discovery of several new species of frogs, butterflies, flowers and birds as well as an abundance of animals that were near extinction in populated regions.

In Britain's biggest robbery ever, professional crooks siphoned £2 million from the Security Trust bank in southern England.

Liberia’s new president, Ellen Johnson-Sirleaf, is Africa’s first elected female head of state.

More than 900 people are killed during six days of torrential rain that swept western India under water.

Former Iraqi leader Saddam Hussein and seven co-defendants stand trial in Iraq for the 1982 murder of 140 men. The high-security trial saw witnesses testify under complete anonymity, two chief judges changed, and two defense lawyers assassinated. The trial continued amid multiple complaints from Hussein about the United States and the court system.

Verb Yellowball encourages kids to play outside together, then pass their ball to a new friend. Each ball’s journey was tracked online.

Sudoku sweers the nation, inspiring players who try to evenly distribute the numbers through a grid.
