Dear Ms. Watkins

Please accept the enclosed check in the amount of \$30.00 together with my sincere appreciation for the information you were able to furnish me. I have attempted to locate the burial place of my ggg grandparents for three years and finally with a stroke of luck in Mason County, IL and your assistance, I was able to do so. The William and Martha Bailey buried in "PHill" cemetery are, indeed, my missing ancestors. I will assume the full name of the cemetery is Pleasant Hill unless I hear otherwise from you.

I will try to allocate some additional time to visit Doniphan County when I travel to Colorado this fall and do some more research regarding the descendents of William and Martha. When you have time, please let me know what your normal hours are during the month of August.

I apologize for not writing sooner, but I have been working frantically to open my new antique store by my self-assigned opening date of the 14th of this month.

Once again, thank you so very much for your assistance.

Best regards,

A handwritten signature in dark ink, appearing to read 'Bill Altman', with a stylized, cursive flourish at the end.
