As we seniors complete this phase of our lives, most of us are thinking of what lies ahead. Secretly, though, we all want something to keep our own memories of Highland High from fading away. That is the most important reason for this yearbook. We hope that everyone will enjoy the yearbook as much as we have enjoyed preparing it for you.

Seniors

Class Prophecy

KEITH LEWIS revisited Mexico the summer after graduation. While there, he met a beautiful senorita and they were married. This came as a great shock to Ianthe Percy. Keith says, "My life in Mexico is wonderful. All I do is sit in the shade and watch my children work.
LUCIA FORNEY and Barton Lackey were married and now have 3 little boys. Barton has already started them in the right direction; he bought each a shovel and they have finished terracing the yard.
DON SCOTT became an engineer. He graduated from K-State in '69. When applying for a job, he filled out the form marked, "Engineer" but failed to see the word, "train". Don has been driving the Eagle for 10 years and says he couldn't be happier.
SALLY DAVIS is the Women's Wrestling Champion of the World. She is happily married to a 97-pound weakling who is also her manager, trainer, and driver between bouts.
RAYMOND SIMPSON bought Eagle Springs resort after graduation. He plans to redecorate the resort and clean out the pool sometime in the future. Meanwhile, he spends most of his time mushroom and paw-paw hunting.
DR. REBECCA L. BAUER, head of the Foreign Service Department at KU, will fly to the Amazon River area to set up a public relations center for the natives. We wish her and her fiance', the Reverend Stewart, the best of luck with these head-hunters.
MAYNARD SMITH surprised us by taking up speed racing. In 1976 he won the Indianapolis 500 and is now planning to enter the Grand Prix in France. His hobby is riding turtles in the Bronx Zoo. He says he likes to slow down and live once in awhile.
JUDY DAVIS has just won her 3rd Academy Oscar for her performance as an exotic dancer in the picture called "Fling". Judy started her career as an Apple Blossom Queen back in Kansas, then proceeded to win the Miss Kansas, Miss America, and Miss Universe titles in rapid succession and is still known as "Queen of the Film World."
DAVID McKAY went into the watermelon business after college graduation in agricultural science. He developed a hybrid species of seedless melon which grows with a cellophane covering instead of a rind. Doniphan County is now known as the melon capital of the world. David is now working on a compact food which promises to stamp out hunger.
ALICE DORRELL thought of flunking her senior year so she could go to school another year with George. After George graduated, they were married. They now live on his dairy farm where George works very hard to support Alice and their seven daughters.
LEONARD RUSH'S plans of being a college and professional athlete were spoiled when his back was sprained from the weight of all his medals on his letter jacket. Leonard just shrugged and took up his other favorite sport fulltime.....chasing girls.
VICKI FRITCH began her career as a nurse soon after graduation from St. Lukes. She now divides her time between being head nurse in the 2000-bed Highland Hospital and being a loving wife to John, and her family, on John's share of the Rush Corporation.
GARY BASKINS served as a missionary to England where he studied a foreign language. Gary said, "English was always foreign to me." Karen, his wife, is a hair stylist in one of the large beauty salons in Sparks. She practices on her husband's oily locks in her spare time.
DOTTY BOYCE took a nursing course after graduation. While on duty, a handsome Naval officer swept her off her feet and they were married. Now she is happily settled on a large farm northeast of Highland and is kept busy feeding the chickens, cows, horses, dogs, cats, and her five children.
DANNY BRYAN has become the head of the largest chain of private banks since J. P. Morgan. Danny started at the bottom as a bookkeeper and by careful juggling of the books has taken over as owner and President of 21 banks at last count.
DOROTHY WOOSLEY'S work on the tobacco farm was so highly praised by the American Tobacco Company that they sent her to Cuba to see the tobacco operation down there. After eighteen years, Dorothy is still trying to get back to the United States.
GLENN SUTHERLAND gave in to his love of books and became a science fiction writer. An unusual thing about Glenn's writing is that all of it has come true. Because of this unusual phenomena, Glenn has been appointed as the government official in charge of Interplanetary Space Relations. Last week he flew to Venus where he met with Venetian government officials to discuss the Milky Way.
BETH WINSLOW changed her mind about a nursing career and entered the field of journalism. She has a syndicated column entitled, "News About Town." She says that she is quite happy with her job since she always rather enjoyed being in on the know.
LARRY BOEH wanted out of the Navy soon after enlistment, but it was too late then. He went to Europe on a six-month cruise. Three years later, when he got out of the Navy, he went back to Europe--France to be exact. There he is married to a cute little country girl and Larry and his six kids spend all day tramping the juice out of grapes for his wine-making industry.
SUSAN SMITH took an IBM course after graduation. Her specialty was Univac. While working with the show, PEOPLE ARE FUNNY, which brings couples together electronically, she slipped her card into the machine. She began writing the man, who is a prospector and they were married in Alaska within a year.

ROGER LAVERENZ began a military career with four years at West Point after graduation. He was found to be a military genius and is now among the highest ranking officers in the Army. General Laverenz is known for his roughness. A young private said of him, "I'd rather meet the enemy than General Laverenz."

MARI ANN NOLL after graduating from HHS took four years of costume designing. Immediately after finishing the course, she and Mike set up a House of Fasion in New York City. Mari Ann does all the designing and Mike hires the models. Their Parker House originals are in demand all over the world.

JACK FLINT is now considered one of the meanest men in his field. After winning the Mr. Universe contest, five years after high school graduation, Jack went into pro wrestling. His next opponent will be the world champion. Everybody knows Jackie as the "Blond Bully."

JEANNIE WAGGONER moved to the Lone Star State after taking a year's business course at Platt College. She got a job with an oil company, and has worked up to the position of joint-owner. She commented, "Now that I am making enough money, I suppose that Jerry and I will be married. These 19 years of engagement have gone so quickly. I just hope we're not making a mistake by marrying too young."

JIM ROWE replaced Harold Ensley fifteen years after he graduated. Jim's show is rated Number One in the United States. The highlight of his show is the five minutes he devotes to telling how to slip past the law and to get away with unbelievable things. Young girls are crazy over Jim's show. Jim is labeled the greatest thing since the Beatles. The young ladies watch Jim's show just to hear him sing his own theme song, and everyone is getting their head shaved to match Jim's baldness.

JAN COLLINS was given 1000 acres of good farm land by his grandmother when he graduated. Jan has since led the life of a country square---I mean squire---just fishing and throwing his discus. After over 15 years of being engaged to Melinda Cole, he thinks he will soon marry and retire from heavy work.

PRESTON HARNESS'S main ambition was to join the Beatles. After getting his hair in the right style, he learned to play a saxophone. Preston managed to get on the Ed Sullivan show. One of the Beatles saw the performance and they asked him to join them. His group is now in the Siberian Desert, the only place they are allowed to practice.

JOHN ALFREY joined the Navy soon after graduation and later decided to make it his career. In three years he will have completed his 20 years. He then plans to retire, buy his own yacht, and sail the seven seas visiting his girl friends in every port that he accumulated over the years.

JOHN BLANTON did not go to college after high school graduation. He had learned a trade in high school. He is now employed in Hollywood with Metro-Goldwyn-Mayer Studios. He is a sound effects man with the studio. Whenever the MGM lion has a sore throat, John provides the sound. He learned to growl like this in journalism class every time he was given an assignment.

SAM TWOMBLY started farming with a small herd of dairy cattle after graduation. He moved to Wisconsin and there he met a sweet little milkmaid and it was love at first sight. Sam bought a milk company. His products are known all over the nation because of their unusually-shaped carton. They are shaped like dairy cattle with a faucet at the base.

Class History

When the class of '64 entered HHS, it was made up of forty frightened freshmen. Our freshman year began with a bang in Freshman Initiation. The seniors didn't have much mercy and we were plastered with everything from corn syrup to shoe polish. Unpleasant experiences were soon forgotten at the dance that evening held in our honor.

The officer which were elected for the freshman year were Leonard Rush, President; Don Scott, Vice-president; Becky Bauer, Secretary; Jan Collins, Treasurer; Mari Ann Noll, Reporter; and Preston Harness, Sgt-at-Arms. Sponsors were Miss Seymour and Mr. Hullinger.

During the year we lost several students. Gerald Blanton, Jimmy Simpson, and Junior Simpson left not long after school began. Carol Mason Stern was married in the middle of the year. For our Freshman class party, we went to St. Joseph by bus to see the movie, "Can-Can". For projects that year we picked up corn and had a car wash and food sale.

When we began our Sophomore year, our class had lost two members over summer vacation. Larry Boeh and Jim Everett had transferred to Wathena and Hiawatha respectively. We had two new girls though. Beth Winslow had come to us from Lawrence, and Elaine Eby had transferred from Robinson. During the year Kenny Simpson transferred to Midway and Lawrence Keller dropped out. The Sophomore class officers were Don Scott, President; John Blanton, Vice-president; Mari Ann Noll, Secretary; Jackie Flint, Treasurer; and Vicki Fritch, Sgt-at-arms. Mr. Rowland was our sponsor.

As Sophomores we were entitled to two class parties. For one party we rented Skateland in St. Joseph and the other party we went to see the movie, "Batchelor's Flat".

Upon entering the Junior year, our class gained two new faces. Both of them, Dollie Coots Davis, and Carol Murphy Olson were married within the year. Elaine Eby moved to Falls City and Mary Gormley was married to Harvey Potter. Linda Abbett quit school at the close of the year.

The Junior officers were Don Scott, President; Mari Ann Noll, Vice-president; Elaine Eby and Lucia Forney, Secretary; Jackie Flint, Treasurer; Becky Bauer, Reporter; and Jeannie Waggoner, Sgt-at-arms. Our class sponsors were Mr. Minchow and Mrs. Garrison.

We had a hayrack ride in the fall. Also in the fall, we presented our Junior Class play, "Don't Take My Penny".

We worked hard all year managing the concessions at all games. We also sold candy at school during the noon hour. The object of all this activity was to earn money for our Prom which was held May 3 at the Allen Fieldhouse. The theme was "Moon River" and the decorations were in yellow, white, and blue. The fun of decorating will be remembered as long as the actual evening of the Prom.

The same year we chose our class flower, pink roses; class colors, blue and gold; and our class motto: "'Tis the set of the sail, and not the gale, which determines our destiny."

As we began our final year at HHS our class had altered slightly. Susie Moore was attending Troy High School. We exchanged students with Wathena when Kay Davis left us and Larry Boeh returned.

The senior class officers are Don Scott, President; Mari Ann Noll, Vice-president; Becky Bauer, Secretary; Jeannie Waggoner, Treasurer; Jackie Flint, Reporter; and Jim Rowe, Sgt-at-arms. Our sponsors are Mr. Hutchcraft and Mr. Nigus.

Our year began with the Freshman Initiation dance which we sponsored. This always seems to be the liveliest party of the year. The initiation itself was quite altered since Freshmen were required to wear beanies for two weeks and were properly initiated at a Pep Rally. "Mail Order Bride" was the show we saw on our class party in the spring. All during the year we worked quite diligently to earn money for our sneak trip. We sold raffle tickets for cakes, a radio, and a turkey or two. With this money and the money which we earned on our work day in April, we were able to take off by bus for Kansas City after school Thursday, April 9. We spent two days at the Hotel Continental seeing the wonders of the city.

We took tours through the Nelson Art Gallery and the Chevrolet Body Plant. We returned home tired, but happy, Saturday evening. We were sponsored by Mrs. Joe Rush and Mrs. Eugene Waggoner in addition to Mr. Nigus and Mr. Hutchcraft.

The Juniors honored the class at a lovely Prom, "Moonlight And Roses" held at the Maple Leaf in Hiawatha and the Allen Fieldhouse on May 2. We remember it as the most enchanting evening of the year.

There are 30 graduating seniors. Baccalaureate was held Sunday, May 17, and Commencement on May 21.

Our days at HHS are complete, but the memories have just begun.

Class Will

I, Leonard Rush, will my humble personality to Dean Butrick, my popularity with all the girls to Stephen Harness, my basketball ability to Harry Lewis, my driving ability to John Whetstine.

Prom

The Junior-Senior Prom was a huge success. Everyone attended the banquet at the Maple Leaf in Hiawatha, arriving in a caravan of 33 cars. The Prom was held in Allen Fieldhouse with "The Dimensions" providing the music. The Fieldhouse was elaborately decorated with the theme, "Moonlight And Roses", much in evidence. A memorable evening was enjoyed by all present.

Mrs. Wolfley

MASTER TEACHER

Mrs. Florence M. Wolfley, English instructor and librarian at Highland High School, was elected Doniphan County Master Teacher for 1964 at the county teachers' meeting at Troy on February 12, 1964.

In order to be eligible to receive this award, a teacher must have taught at least 15 years in the schools of Kansas, must be a member of NEA, and must live up to the ethics of the teaching profession.

Mrs. Wolfley graduated from Highland College while the school was still a 4-year institution. In 1916, while attending college, she taught at Wolf River country school. After graduation, Mrs. Wolfley taught the 7th and 8th grades at Blair and served as principal of the school. In 1920 Oklahoma beckoned. She and several girl friends went to the Sooner state to teach. In 1925, after five years teaching in Oklahoma and attending summer school, she received her AB degree from Oklahoma University. That same year she came back to Highland High School to teach. Continuing her education in the summer months, Mrs. Wolfley received her MA degree from Kansas University in 1936.

At the annual Doniphan County Teachers Association banquet, held this year at Midway High School, Mrs. Wolfley was presented the Certificate of Master Teacher by Mr. Rorabaugh, Principal of Highland High School. In presenting the Certificate, Mr. Rorabaugh stated, "Mrs. Florence M. Wolfley is the type of individual a school administrator appreciates having on his faculty. She is 100 per cent loyal to administration, other staff members, people in the community, and--most important--to the students under her supervision. We are extremely happy that Mrs. Wolfley is the recipient of this award and are also very happy that she will be with us teaching English and caring for the library again next year at Highland High School."

The members of the Highland High School faculty presented a nice pin to Mrs. Wolfley at the banquet and a plaque was presented to her from the faculty at the annual Class Night. When asked if she would do it all over again, Mrs. Wolfley replied, "Oh, my, yes! It seems to me that giving young people a push upward, inspiring them to finish their education and to make something of themselves is very rewarding."

The word Kayettes stands for the Kansas Association for Youth. The Highland chapter has 58 members, a large percentage of the girls in school.

The Kayettes is a service club, for the school, community, and the world. Every year they have many projects. This year they are supporting an orphan, Im Un Joo, from Korea. They were in charge of the Thanksgiving and Christmas school assemblies, and were in charge of the Christmas Dance.

Mrs. Marjorie Bauer, the Home Ec. teacher, is our sponsor. The board of directors is: Sonja Herring, Special Programs; Connie Crabtree, Regular Programs; Alice Dorrell, Music; Mary Hargis, Piano; Jeanne Heyer, School Service; Dot Boyce, Community Service; Wilma Lutes, World Service; Lucia Forney, Parliamentary Law; Merle Rush, Recreation; Linda Twombly, Point System; Jeanie Waggoner, Publicity; and Beth Winslow, Finance.

The H-Club is an organization of Varsity lettermen who have lettered in one of three major sports at Highland High School. The sports include; Football, Basketball and Track. The main activity of the H-Club is cleaning up the Allen Field House after basketball games. They purchased an old school bell for use at the football games.

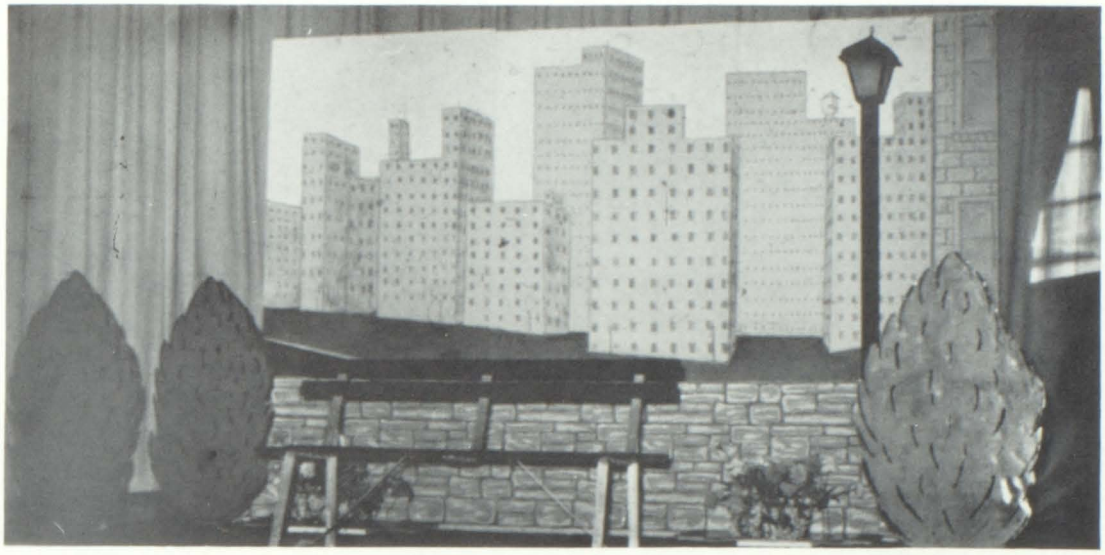

Apple Blossom Queen

At the annual Doniphan County Apple Blossom Festival at Troy on April 30, 1964, Miss Judy Davis of Highland High School was selected as the County Apple Blossom Queen. Vincent Shelton, President of the Troy Kiwanis Club, presented the crown to Judy. By winning the county contest, Judy was then eligible to compete for Queen of the Festival at St. Joseph, Missouri.

Judy, the daughter of Mr. & Mrs. W. H. Davis of Highland, was nominated by petition at HHS. Others nominated were Becky Bauer and Mari Ann Noll. The contestants at Troy included Cherry Kostman of Troy, Romona Silvy of Wathena Beverly Helmstetter of Midway, and Mary Barker of Elwood. At the contest in St. Joseph, held at the Frog Hop Ballroom, the entry from Andrew County, Missouri, Miss Phyllis Aebersold, was selected to reign as Queen of the St. Joseph Festival. Judy was selected to ride on the Queen's float in the big Apple Blossom parade in St. Joseph. She also received a nice trophy and the congratulations and admiration of everyone in the Highland community.

One-Act Play

Highland High School presented "Three On A Bench" at the annual K-36 League one-act play contest held at Midway High School. The scenery and setting shown above was created by Mari Ann Noll. Mr. Percy and Mr. Hutchcraft handled the carpentry work and Mari Ann did the actual painting of the scene.

Betty, a girl just out of high school played by Jeanne Heyer, and her boy friend, Harry, played by Mike Parker, are starting through the park enroute to a picnic. They stop at the bench to rest and begin an argument concerning a vivacious redhead with whom Harry was seen talking.

At this point Mrs. Moore, played by Linda Watts, enters and seats herself between Betty and Harry on the park bench. Yes, this Mrs. Moore is quite a woman. No matter if she is heavy set, her Cupid's touch proves as light and tantalizing as a lovebird's feather. With sly, sure strokes, she holds up a fascinating mirror to the vagaries of young lovers; and in no time at all, Betty and Harry see themselves and their problem in a new light and are off, hand in hand, with new plans and happy hopes.

Yes, you can see a lot of things in a bright green park--especially if you live in an apartment overlooking the park and make a business of seeing such things, as Mrs. Moore does. It's just like Policeman Callahan, played by Danny Bryan, puts it, "It's amazin", Mrs. Moore, the way you can figure out human nature."

The Highland entry was directed by Mrs. Wolfley and received the 2nd-place trophy in the contest. Wathena won first place this year.

The Highland Bluestreaks finished the 1963-64 basketball season with the best won-lost record of any school in the state of Kansas. The Streaks won 25 games while losing only 1. That lone loss was to Goddard High School, Kansas Class B champions. On their way to the state tournament, the Bluestreaks won the K-36 League championship, the K-36 League Tournament, the District Tournament, and the Regional Tournament. Highland was rated No. 1 in Kansas in Class B in the final ratings in the Topeka Daily Capital, official paper for the state of Kansas. Coach Minchow's boys went into the State Tournament at Emporia with a record of 23 wins and 0 losses. At Emporia the Blue streaks handled Sterling rather easily in the quarterfinals. In the semifinal game, the eventual state champions, Goddard, whipped the Streaks and ended their perfect string at 24. In the game for 3rd place in the state, Highland defeated Erie by a point to bring home the 3rd place trophy. Last year the Bluestreaks placed 4th in the state tournament. Hopes are high for next year's quintet. Seven boys played most of the time for the Bluestreaks this year. Three seniors; Leonard Rush, Jan Collins, and Jackie Flint; three juniors; Ed Stewart, Bob Corder, and Mike Parker; and one sophomore; Steve Rorabaugh. All these boys played well at Emporia with Bob Corder being named to the all-tournament team by members of the press.

The track team, like the other athletic teams at HHS this year, had a highly successful season. The thinclads started the year by winning a six-team meet at Troy involving Troy, Wathena, Fairview, Everest, Robinson, and the Bluestreaks. The next week, seven boys journeyed to Salina for the Kansas Wesleyan Relays. There were 43 Class B teams at Salina, and Highland finished in 10th place. Leonard Rush ran the low hurdles, winning the 3rd place medal. He also placed 5th in the pole vault. The medley relay team of Don Scott, Leonard Rush, Steve Rorabaugh, and Bob Corder established a new school record at Salina in the time of 3:55.0.

The next meet was the K36 League Meet at Troy. For the first time in the history of the school, the Bluestreaks came home with the championship trophy. Every boy performed to his maximum ability, and it was a great team victory for HHS. Glenn Sutherland and Leonard Rush tied for 1st in the pole vault, breaking the league record at the height of 11'5". Other first-place winners for Highland were Jan Collins in the discus, Steve Rorabaugh in the 440-yard dash, Leonard in the low hurdles, the medley relay team composed of Don Scott, Jim Baker, Glenn Sutherland and Jackie Flint, and the 880-yard relay team made up of Glenn, Leonard, Don, and Doyle Irvin.

Late in April, Coaches Minchow and Nigus took a few boys who wanted to compete to the Atchison Relays. Leonard placed 3rd in the low hurdles and our mile relay team, composed of Don Scott, Glenn Sutherland, Steve Rorabaugh, and Leonard Rush, placed 4th while breaking the school record in the time of 3:41.1.

The next meet was the 4th annual Highland Night Relays, held on the Troy track this year due to the 5" rainfall. The Bluestreaks won this meet for the first time since its inauguration in 1960. Seventeen teams were present, and it was a very fine meet. Leonard broke the school and meet low hurdle record in a time of 20.8 seconds. First place winners for HHS were Sutherland in the pole vault, Rush in the low hurdles, and the medley relay team of Scott, Sutherland, Rush, and B. Corder.

On Monday, May 4, the Bluestreaks competed in the annual Troy Invitational Meet and proved to everyone that they were the class of the area by winning the 18-team meet with 47 1/2 points. Midway, Fairview, Centralia, and Wathena were the following four teams in the scoring. The HHS 880-yard relay team broke the Troy Meet record as well as the HHS school record. Their time was 1:36.0. This team was composed of Steve Rorabaugh, Glenn Sutherland, Don Scott, and Leonard Rush. The same four boys won the mile relay at Troy and the medley relay team composed of Mike Parker, Jim Baker, John Rush, and Bob Corder won that event. Leonard won the pole vault, Jan Collins won the discus, and the Streaks placed in all but one event to bring home the big first-place trophy.

The Bluestreaks journeyed to Perry for the Regional Meet on April 8. We finished 6th in the 59-team meet with 13 points. The boys who placed were: Ed Stewart, 2nd in high jump, Leonard Rush, 3rd in the low hurdles, Jan Collins, 3rd in shotput and the 880-yard relay team, 3rd. Members of the relay team were Steve Rorabaugh, Don Scott, Glenn Sutherland, and Leonard Rush.

At the State Track Meet at Manhattan, Leonard Rush was the only Bluestreak to qualify for the finals, although our 880-yard relay team of Rorabaugh, Sutherland, Irvin, and Rush again broke the school record in a time of 1:35.4.

Leonard qualified Friday and returned Saturday to place 2nd in the 180-yard low hurdles at the state meet and bring home one of the fine medals. His time of 20.7 is a school record.

Other school records broken during the season, in addition to those listed above were the discus by Jan Collins; 149'; the 440-yard dash by Steve Rorabaugh; 53.8; and the high jump by Ed Stewart 6' 1/2".

Seven lettermen will be lost by graduation. We look forward to another fine season on the cinders next year.
