Subject: Country Schools in Doniphan County Kansas

Hello, Back in the years 1935 thru 1940, four of my sisters and I attended country schools there in Doniphan county. My sisters and I attended Pottowatomie, Klepple and Hickory Grove grade schools and my two oldest sisters went to Sparks High School during their freshman year. My first grade teacher at Pottowatomie School was Mr. Lloriff Ditimore. He was only seventeen years old. Miss Margaret Dishon was my second grade teacher. Miss Doris Eular was our teacher during my third grade. Miss Dishon also taught us at Klepple school. At Hickory Grove, we had Miss Irene Marsh and Mr Charles Marsh. We moved back to Missouri just before World War two. I would like to find some school records for any of these schools. Also any pictures that I may find that I may be able to copy. If you can tell me where I can find any of these, I would appreciate it very much. If you have a genealogy department in your Library, what hours you might be open.

Thank You so Much, Lila Prudden Johnson
